## British Red Cross And Order Of St. John Organisation

A Public meeting will be held at  
Government House on Thursday,  
September 14 at 5.30 p.m. in order to  
form the Hongkong Branch of the  
above-mentioned war Organisation.

His Excellency the Governor will  
preside.

The objects of the Organisation are  
to collect funds and otherwise to pro-  
vide comforts for sick and wounded  
men of the Fighting Services and  
civilians.

It is hoped that all those who are  
interested will attend.

Filing practice will be carried out  
in Customs House and Kau Lung Tsi  
at approximately 8 p.m. to-day.

### POSTAL CENSORSHIP

SMALL PACKETS, PRINTED  
PAPERS, SAMPLES, BLIND  
LITERATURE, INSURED  
BOXES AND PARCELS

It is hereby notified for general  
information that paragraphs 2 and  
3 of my notification dated 5th  
September, 1939, concerning per-  
mits for Small Packets, Printed  
Papers, Samples, Blind Literature,  
Insured Boxes and Parcels are  
hereby cancelled.

Until further notice, no special  
permit is required for the despatch  
of these classes of mail. They  
may be posted in the ordinary  
way and will be accepted at  
sender's risk and subject to censor-  
ship.

By Order,

C. G. SOLIS,

Censor.

8th September, 1939.

## NOTICE

Shippers are informed that,  
under the War Clause of the  
Current Tariff, it has been  
decided:

1. All rates are increased by  
50%, effective October 1,  
1939.
2. All forward bookings for  
shipment after September 30  
are cancelled.
3. Until further notice, booking  
at new rates to be limited to  
shipment within 30 days.

## TRANS-PACIFIC FREIGHT

## NANCY

## NAZI TORCH FIRES POLAND

(Continued from Page 1.)

trying from the East, but according  
to the Polish military, this entails a  
very narrow salient with the risks of  
being cut in the neighbourhood of  
Bialystok and Gorkow.

The Poles claim that the German  
army advancing from Slovakia  
ventured too far and have been  
pushed back by the defenders, who  
won several local successes.

Polish headquarters in the Corridor  
zone report they are still operating  
with cavalry in favourable  
terrain, comprising several lakes.

### Tanks in Suburbs

LONDON, Sept. 11 (Reuters).—  
Warsaw is still being held by the  
Poles.

The commander of the city garri-  
son, Colonel Lipinski, in a broadcast  
over Warsaw radio to-night said that  
the German attack on the city was  
abating. Three out of four German  
tanks had been captured, one being  
captured in an attack on a suburb.  
Colonel Lipinski said that the value  
of the tank amounted to nothing in  
street fighting, as it could not get  
through the narrow streets and could  
not reply to fire from the house tops.  
A Russian wireless message says  
that the Polish troops at Poznan are  
now fighting their way successfully  
through to join the main body near  
Warsaw.

From Brussels comes the news  
that the Polish war capital has been  
shifted from Lublin to a city in the  
north-east.

### Gdynia Holds Out

At midnight, Greenwich Mean  
Time, the Poles in Gdynia were  
still holding out.

Another London message says that  
there is little news of fighting in  
Poland to-day, but it is evident that  
Warsaw is still in Polish hands.

Foreign newspapers who have  
just arrived at Amsterdam confirm  
reports of numerous German air raids  
on the Polish capital, causing heavy  
casualties among the civilian popula-  
tion.

Reports from the Rumanian fron-  
tier confirm that the Polish army  
have withdrawn intact before the  
German advance. The Poles are  
now expected to entrench themselves  
in positions south of the River  
Vistula and along the San River,  
a historic Polish line of defence.

Behind this is Lublin, the Polish  
war capital, and Lwow, another im-  
portant city which has been subject-  
ed to numerous German air attacks  
of great intensity, causing heavy  
casualties among the civilian popula-  
tion.

## NEWS FLASHES

(Continued from Page 1.)

(Continued from Page 1.)

Minimum war risk insurance rates  
on British, French and Polish vessels  
plying between North America, Cen-  
tral America and European and At-  
lantic ports, have been increased 50  
per cent. Other schedules remain  
unchanged.

LONDON, Sept. 11, (Reuters).—  
King Zog of Albania is to be joined  
here shortly by his wife, child and  
sisters.

He said to-day that his visit was  
a private one.

He added that peace, though it  
might be difficult to attain, must be  
based on justice. The Albanians had  
a special reason for admiring Britain,  
for many leading Britons had help-  
ed the Albanian cause.

TOKYO, Sept. 12 (Reuters).—The  
Japanese Minister for Justice, in an  
interview in Tokyo yesterday, warn-  
ed the people of Japan to bear in  
mind how Germany was defeated in  
the last war.

Her defeat was not entirely a  
military defeat; Germany, he pointed  
out, broke down under economic  
pressure and was destroyed.

## BRITAIN WILL NEVER TURN BACK, SAYS EDEN

(Continued from Page 1.)

cency in international relations.  
Until this is achieved no country can  
be safe," declared an official state-  
ment from the Ministry of Informa-  
tion to-day.

"Germany may say they have no  
aims in Western Europe, but the tale  
of limited German territorial ambi-  
tions has been told too often to inspire  
even the slightest confidence."

"Britain does not desire another  
Versailles Treaty, as Field Marshal  
Goering falsely alleges, nor does she  
desire the collapse of Germany.  
"Britain desires a just and endur-  
ing peace with any honourable gov-  
ernment."

### Broken Promises

London, Sept. 11 (Reuters).—Field-  
Marshal Hermann Goering's speech  
(reported in the "Telegraph" yester-  
day) has revealed the bankruptcy of  
German policy, is the opinion in  
official British circles.

A statement issued by the Ministry  
of Information recalls Hitler's broken  
promises, and says that no confidence  
can be placed in any assurance he  
may give.

Britain requires peace to be con-  
cluded with a German Government  
whose word may be trusted.

... THAT'S THE STORY OF THE  
TWO NEW FORD CARS FOR 1939

Lost everything you've ever hoped for in an automobile  
in your price-range are you? That your whole life is  
in the new Ford cars for 1939.

Such the Ford and the De Luxe Ford cars now light-  
en to beauty, power and speed. They are true to the Ford  
tradition of brilliant, dependable service with economy.  
They are built on the new, improved Ford chassis, the  
8-CYLINDER ENGINES, and "lighter" and "stronger"  
quality is reflected in all their new features.

There's a new "ride" like you in both Ford cars—  
Triple-Cushioned Comfort! Learn what the new  
brake, self-aligning and steering, constant speed and  
transmission springs and hydraulic shock absorbers,  
mean to modern riding comfort.

The NEW HYDRAULIC BRAKES are big, powerful  
units to drive Ford cars safely at any speed. The De Luxe  
Ford car is built to give you the most safety in  
the world. That's the story of the new Ford cars for 1939.

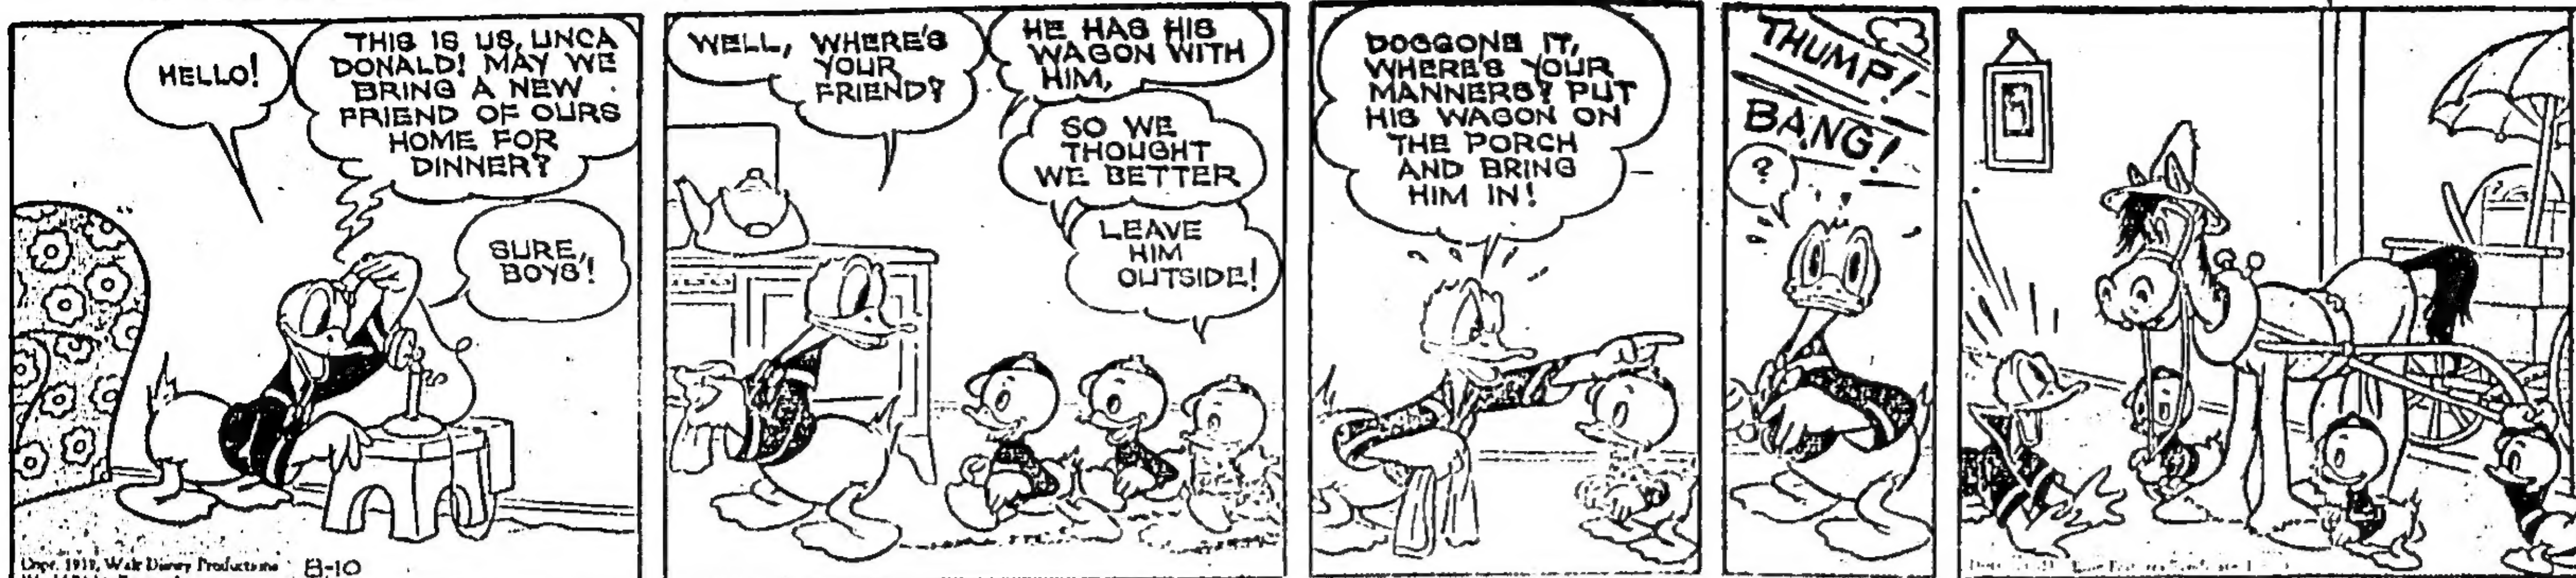

The Ford V-8 and De Luxe Ford V-8 offer only in  
the world's most complete range. The Ford cars are a story of  
of good quality.

The new Ford cars are built with Ford quality  
higher than ever, and with an improved amount of  
comfort and safety. The new Ford cars are built to give you  
the most safety in the world. That's the story of the new Ford cars  
for 1939. That's the story of the new Ford cars for 1939.

## AMERICAN TRUCKS FOR CHINA

Thousand Vehicles  
Due Shortly

Chungking, Sept. 11. A thousand American trucks will shortly go into service in free China. Rolling over the roads to the coast, these trucks will carry wool oil to ships for the American market. Returning to China, they will carry gasoline, machinery, medical supplies and other American products purchased with the U.S. \$25,000,000 credit of December.

Directing the entire network of economic activity that stems from the American credit is the Foching Trading Corporation, a private Chinese corporation, capitalised at \$10,000,000. It exports wool oil to cover the credit, imports the materials purchased by the credit, and has set up an independent transportation system in order to discharge its functions to full efficiency. The 1,000 trucks of the finest American manufacture are at the command of the corporation, ready for transportation service at Hainan and Haiphong. In order to ensure successful operation, the corporation has engaged over 600 mechanics and drivers from Singapore and Shanghai. Two American transportation experts are also employed to give technical assistance.

### Transport in Kwangsi

About one hundred trucks are already in operation in Kwangsi, carrying oil from Kwangsi centres to the French Indo-China railroad. The other 900 trucks will shortly swing into service, carrying oil from the interior collecting centres to Kweiyang, where the service will split into two routes—one to Kunming, and the other to Chengnan-kwan. The company has erected repair shops, service stations, store houses and dormitories along the routes. It is estimated that over 4,000 tons of cargo can be carried to port or railroad each month, thereby

relieving by an almost equal amount the heavy burden that the 2,000 trucks of the South-western Transportation Company have up to now been carrying.

Three American highway engineers, invited by the Ministry of Communications, will soon arrive in Chungking to make a thorough study of China's road conditions. They are Messrs. M. E. Sheehan, A. B. Bassi and C. W. Van Patter.

They will set out to four several networks in the south-western and north-western provinces, and make recommendations for improvement. One of the engineers will then return to the United States, while the other two will most probably stay in China for a longer period to advise the Chinese Government on transportation problems.—Central News.

### Kiangsi And Hunan

Shanghai, Sept. 11. Nine 300-ton river boats employed by Chinese military forces were either sunk or destroyed by Japanese naval aircraft near Changshueh, Szechwan, and Hsinchu in central Kiangsi on Saturday. Chinese munitions depots near Changshueh, south of Changsha, in western Hunan, were also bombed. Moving Chinese military trucks were bombed and machine-gunned near Kiangsi on the same day.—Dome.

### Workshop Destroyed

Chungking. During the heavy bombing of Kiating, in western Szechwan, on August 19, in which one-third of the city was destroyed by 36 Japanese bombers, the Industrial Co-operative had one textile workshop wrecked.

No co-operative workers were killed or injured, although, according to the United Press, the city's population of 60,000 suffered 1,000 casualties and the destruction of two Canadian mission churches, a hospital and clinic, a college dormitory, and one of Madame Chiang's orphanages.

### Alarm in Chungking

Shanghai, Sept. 11. The air raid alarms were sounded in Chungking this morning.—United Press.

## Germans Fooled By Propaganda

Paris, Sept. 11. The Polish Agency states that numerous prisoners captured at Mariemont suburb were astounded to hear that Britain and France have joined the war on the side of Poland. Special editions of Berlin papers for the troops found on the prisoners had all the general war news suppressed.

At Gorkiez suburb a Staff car with four officers was captured when they believed the German broadcasts and drove into the Polish lines.—United Press.

### Planes Drop Pamphlets

Warsaw, Sept. 11. Pamphlets dropped by German planes urging the populace to surrender were burned before large crowds in Joseph Pilsudski Square.

German stations are calling on Polish wave lengths, which is a contravention of the Geneva agreement. Last night a German station on a Warsaw wave length transmitted a Roman Catholic service in Polish, followed by a sermon by an alleged Polish priest. This has caused great indignation in Poland where it is considered sacrilegious.—Reuter Bulletin.

### Propaganda Methods

Paris, Sept. 11. A German radio emanating on a Warsaw sound wave tried to stir up panic by announcing in the Polish language that Russian and Lithuanian have attacked Vilna.—United Press.

### Germans Surprised

Copenhagen, Sept. 11. The Berlin correspondent of the National Tidende says that the first German bulletin on the Western Front fighting announced over the radio yesterday created a great impression, as many Germans were ignorant of the fact that war has started in the west and were hoping that hostilities on that front could be avoided.—Reuter.

**Ersatz Tobacco**

**TOBACCO** by any other name may smell as sweet, but it is strange that for all the botanical wealth of the world, few if any satisfactory substitutes for the fragrant weed have thus far been produced.

This assuredly cannot be for lack of trying. The present price of tobacco spur to the ingenious. But now the Nazis step in where others feared to tread, or trod very gingerly. A whole herbal museum is to be let loose on the smoking section of the German public.

Adulteration is to be compulsory, but so wide is the range of choice that unlimited combinations of ingredients should be possible. Who knows, necessity may drive Germans to make great discoveries in the realm of smoke? Other substitutes introduced under the four-years scheme have, we are told, proved better than the real thing, and it may now be the turn of Frau Nikotin to undergo a long-delayed loss of prestige.

Among the substitutes specified in the official list are lavender, thyme, cherry leaves, clover, dried nettles, mint, coltsfoot, woodruff, buckthorn, lemon peel, rose leaves, vanilla root, and violet root. Altogether there should be something to suit all tastes, and in any case there are few tastes that cannot be cultivated.

Smokers throughout the world have hitherto been strangely conservative. Perhaps it is the might of the tobacco trusts that has prevented tobacco substitutes from coming to the front. But even the most deep-seated of vested interests must quake when the Fuehrer speaks—and the Fuehrer himself, be it noted, smoked little if at all.

One does not doubt that the supreme discipline of the German people will rise to this as to the many other demands made upon their adaptability. Strange odours may arise, and strange tastes be produced in the mouth, but with every suffering whiff they will be able to reflect that they have dealt one more blow at encirclement.

# EMPIRE DEFENDERS

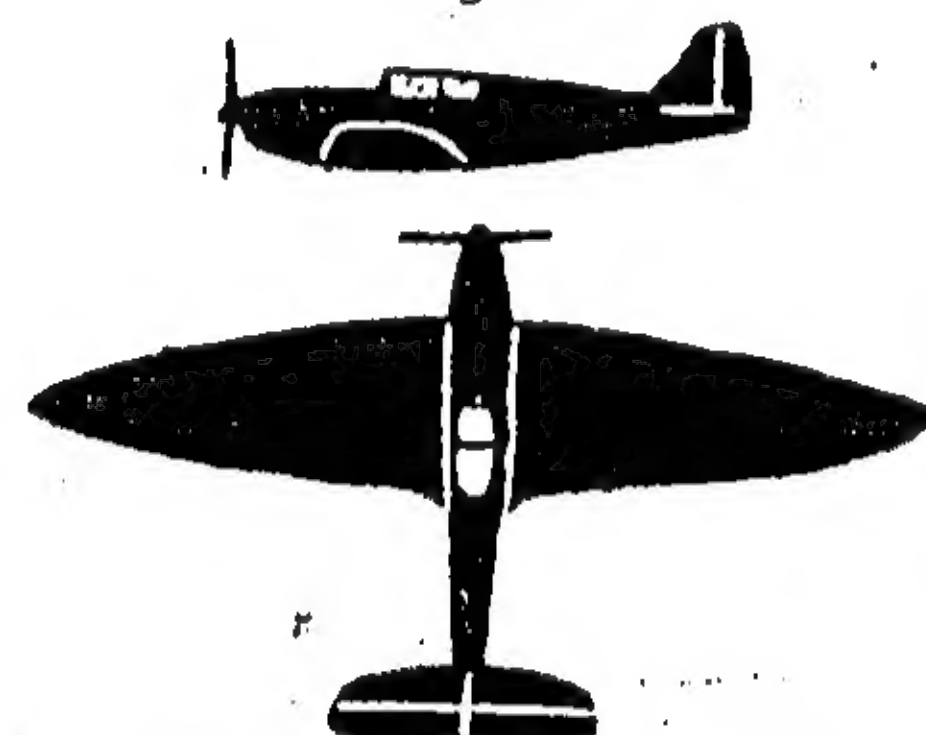

BRITAIN'S defences are the strongest in the world. On the sea and in the air, her power is such that she cannot be invaded. This page is dedicated to-day to two of the Services upon which the task devolves of defending an Empire.

The remarkable photograph below was taken in Weymouth Bay a month before the outbreak of War, when the whole of the Reserve Fleet of 133 ships, including battleships, aircraft-carriers, cruisers, submarines and destroyers, were reviewed by H.M. the King. Only part of the fleet is shown here.

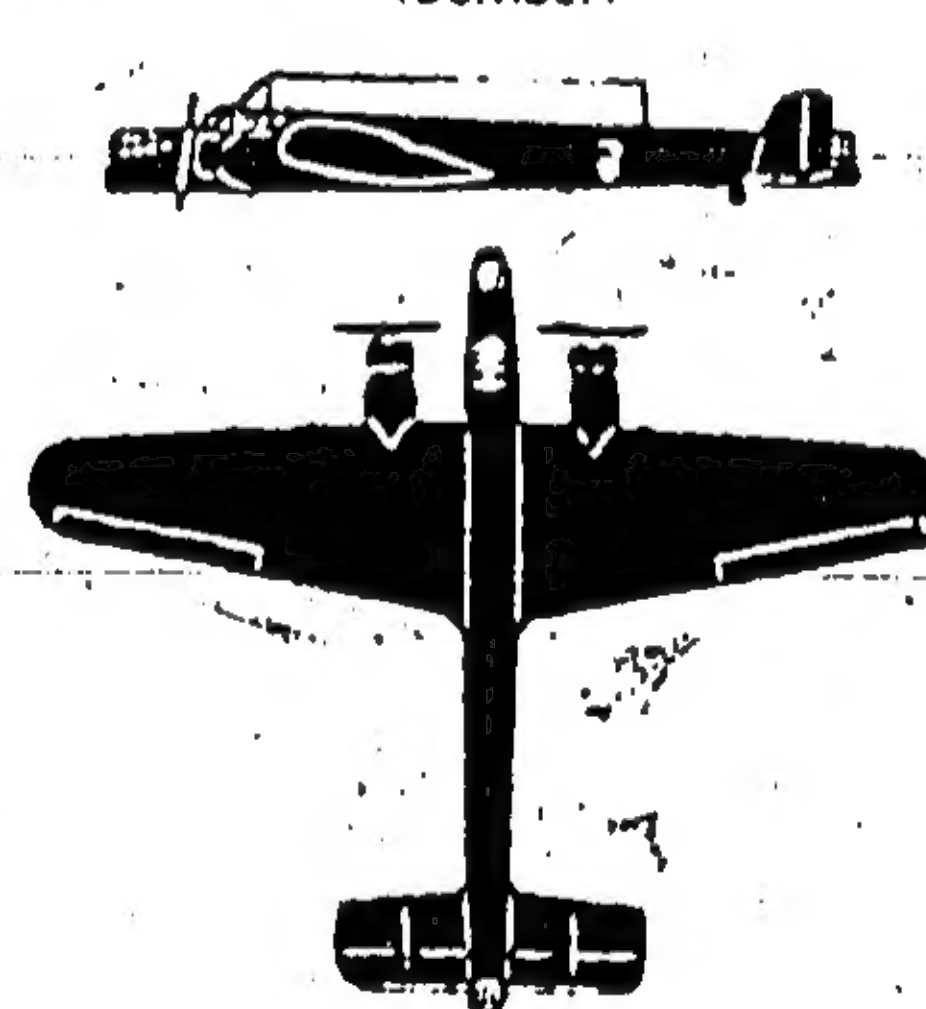

Below, we publish in outline the aircraft of the Royal Air Force — the types of machines Britain is turning out in such mass production that already she had attained an overwhelming supremacy in the air.

**VICKERS SPITFIRE**  
 (Fighter)

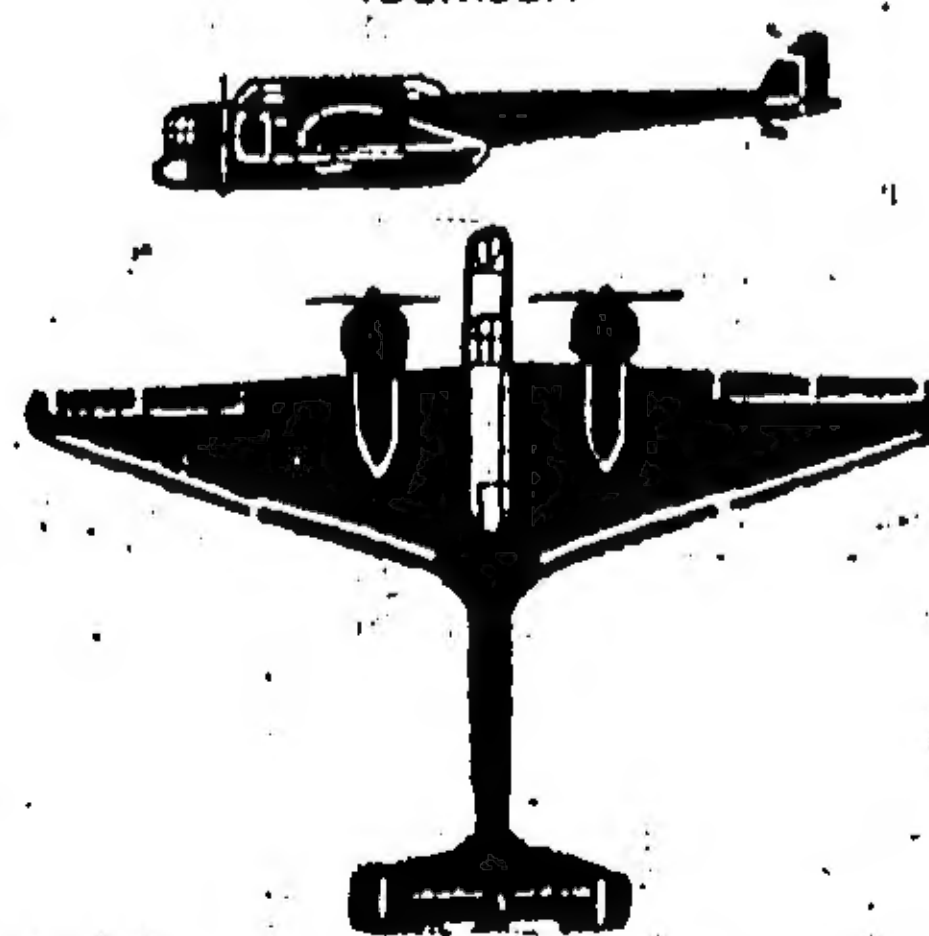

Claimed to be the fastest standard single-seat fighter in the world, the Spitfire has achieved a top speed in level flight of 367 m.p.h. It is distinguishable from the Hawker Hurricane fighter by its elliptical shaped wings. Tapered into the nose is a Rolls-Royce Merlin 1,000 h.p. engine. From a button on the control column the pilot operates eight guns, mounted four in each wing. Test flying these machines, Flying Officer Geoffrey Quill consistently gives them at over 500 m.p.h.

**ARMSTRONG**  
**WHITWORTH WHITLEY**  
 (Bomber)

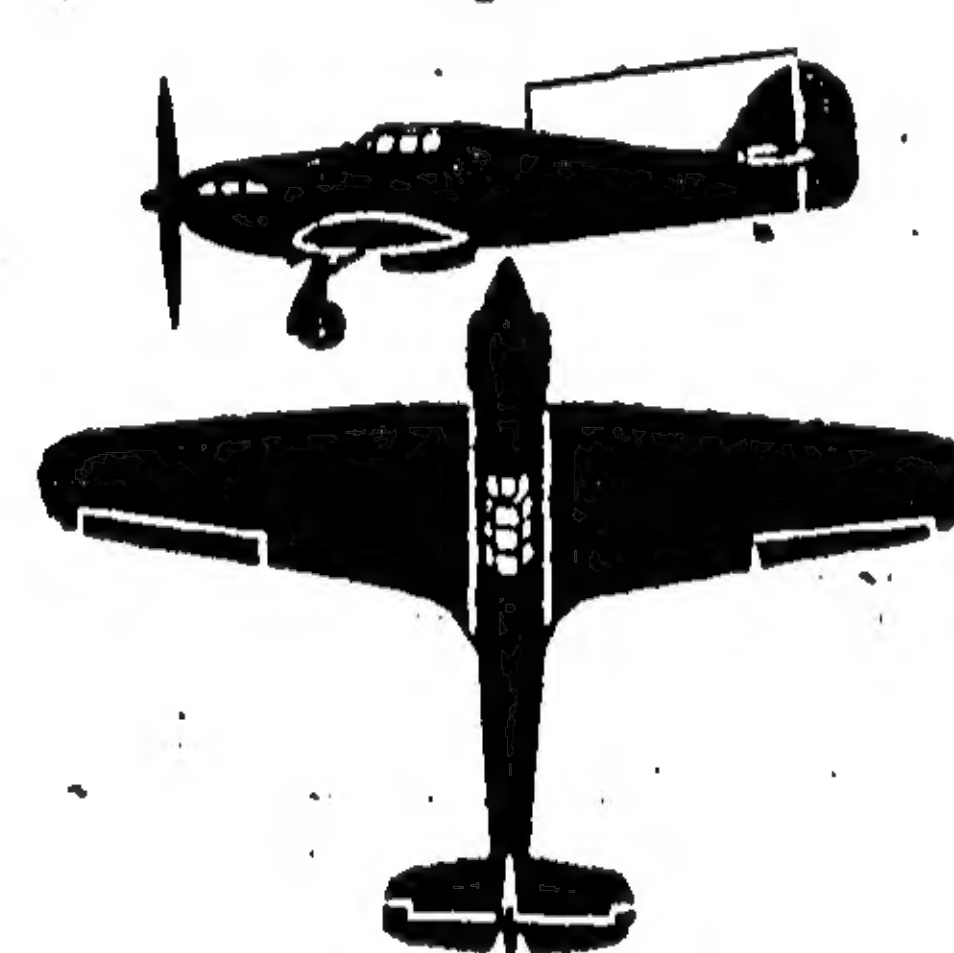

The Whitley is a heavy bomber for carrying large loads. It is distinguished by the long, straight fuselage and the wings with slight taper at the leading edges and sharp taper at the trailing edges. The latest version has two Rolls-Royce Merlin 1,000 h.p. engines which give a top speed of 245 m.p.h. Total range is not known. There are multi-gun turrets in the nose and tail, and one which lets down underneath the fuselage.

**HANDLEY PAGE**  
**HAMPDEN**  
 (Bomber)

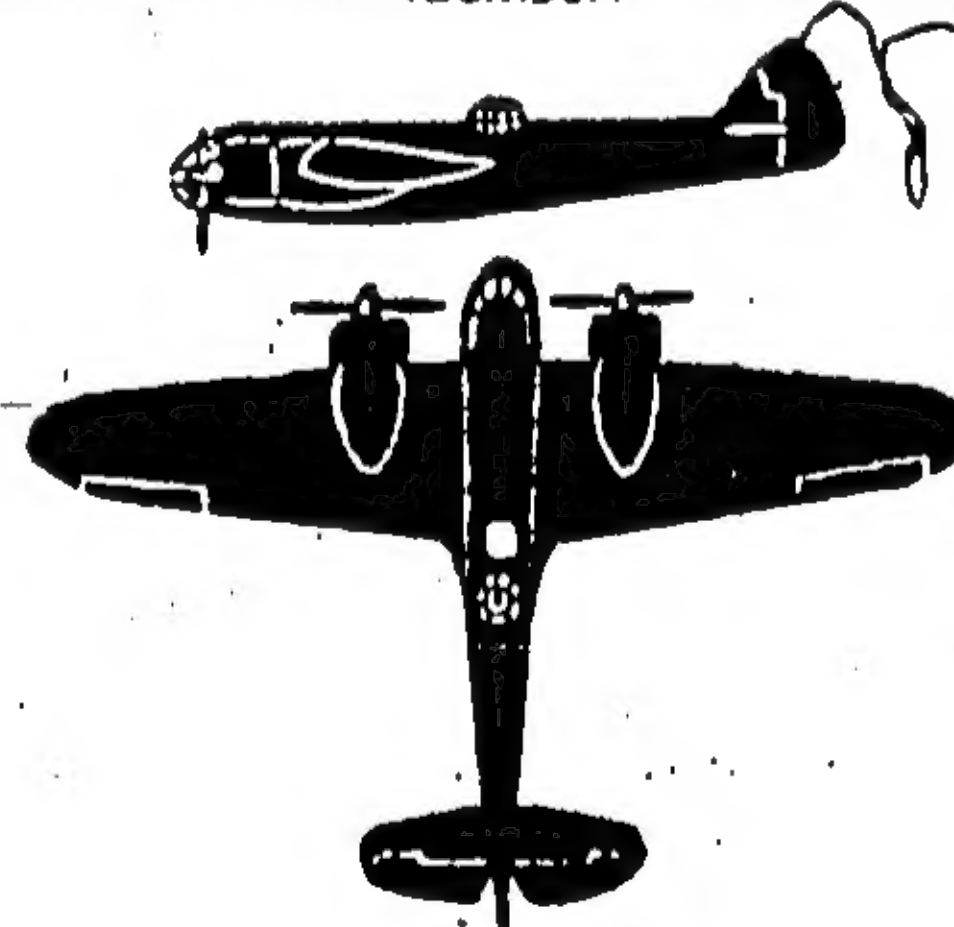

The Hampden is easily recognized because of the peculiar shape of the fuselage. The front part is deep and narrow—for which reason it was called the "flying suitcase"—and the tail assembly is carried on a narrow, tapering boom. It can carry a total load of about three tons of bombs, and the maximum range varies according to the load carried up to 1,000 miles. Maximum speed at 15,000ft. is 205 m.p.h., and the economical cruising speed at the same height, 220 m.p.h. The engines are two Bristol Pegasus 885 h.p. radial engines.

**HAWKER HURRICANE**  
 (Fighter)

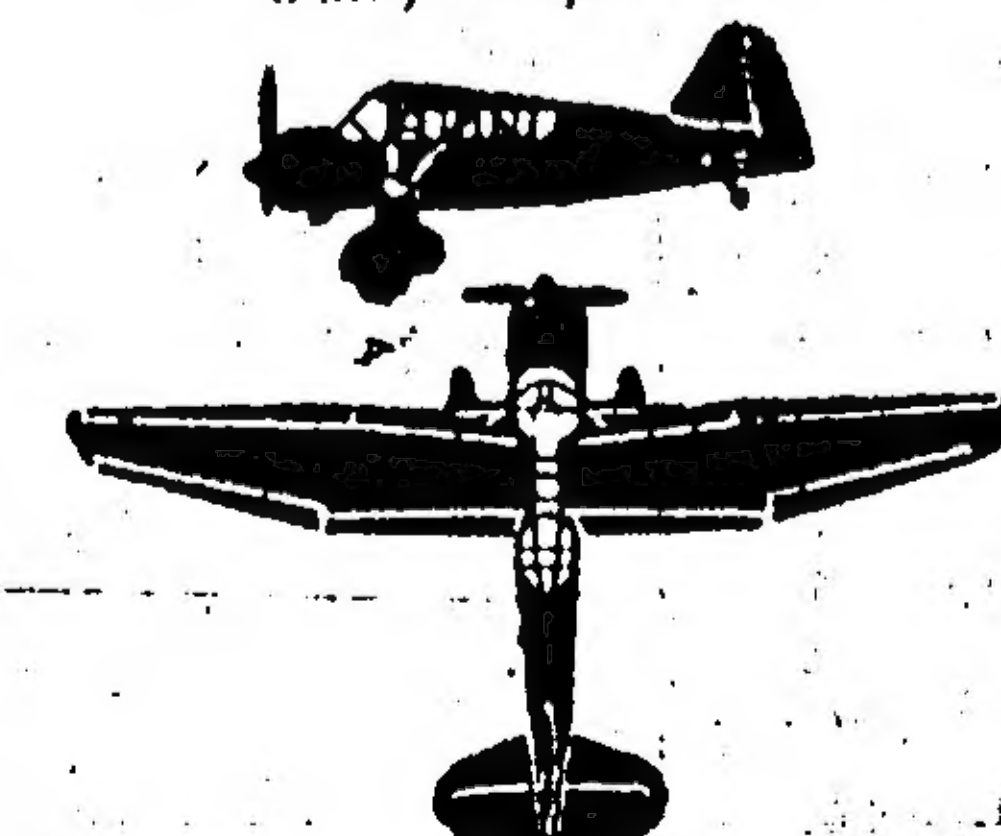

The Hurricane is a brother of the Spitfire, being the only other eight-gun single-seat fighter at present in use by the R.A.F. The general layout is similar, but the wings are not so sharply tapered as those of the Spitfire and the body rather fatter. Top speed is claimed to be over 335 m.p.h. The engine is a Rolls-Royce Merlin, and eight guns are mounted in the wings. Despite its high speed, the Hurricane can perform the most startling aerobatics.

**BRISTOL BLENHEIM**  
 (Bomber)

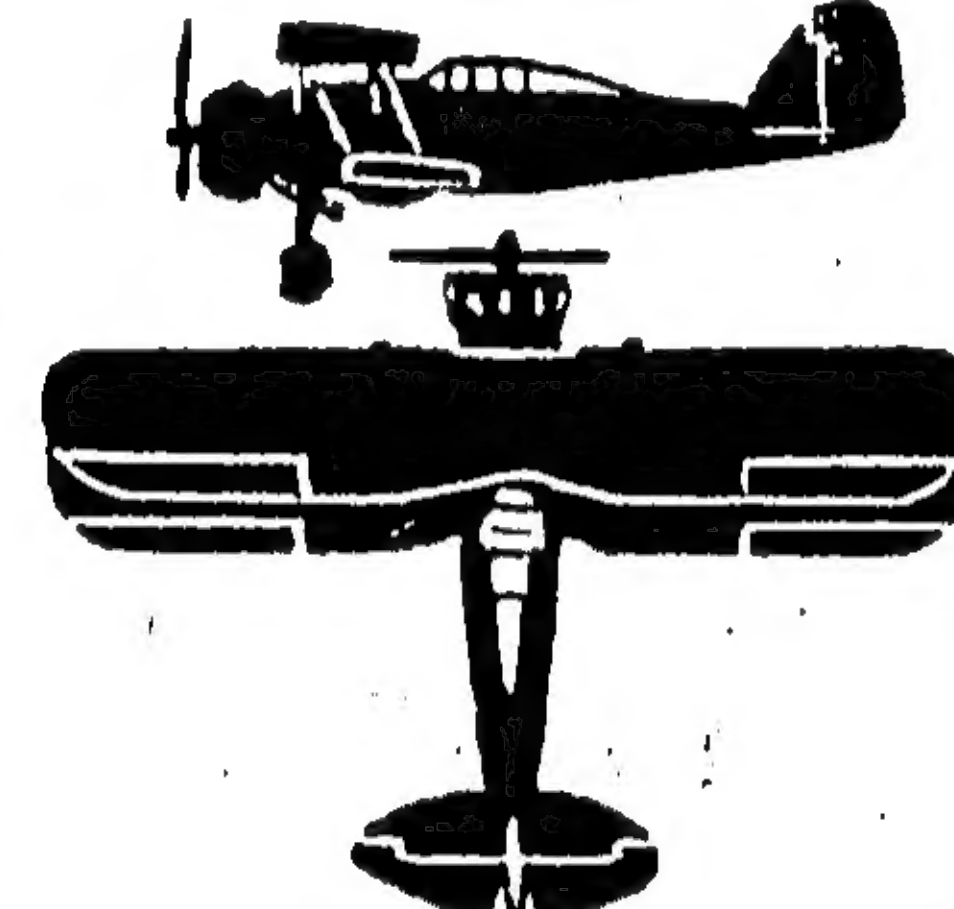

These outlines show the first Blenheim type which is now being superseded by an improved model whose main visible difference is a longer nose. Both models have two Bristol Mercury engines. The first type has a maximum speed at 16,000ft. of 285 m.p.h. with a range of 1,200 miles. The later or long-nosed version has a top speed of 295 m.p.h. and a range of just under 2,000 miles. Armament consists of a Vickers gun mounted in the port wing and fired by the pilot, and a Lewis gun in the turret amidships, fired by the radio operator-gunner.

**WESTLAND LYSANDER**  
 (Army Co-operation)

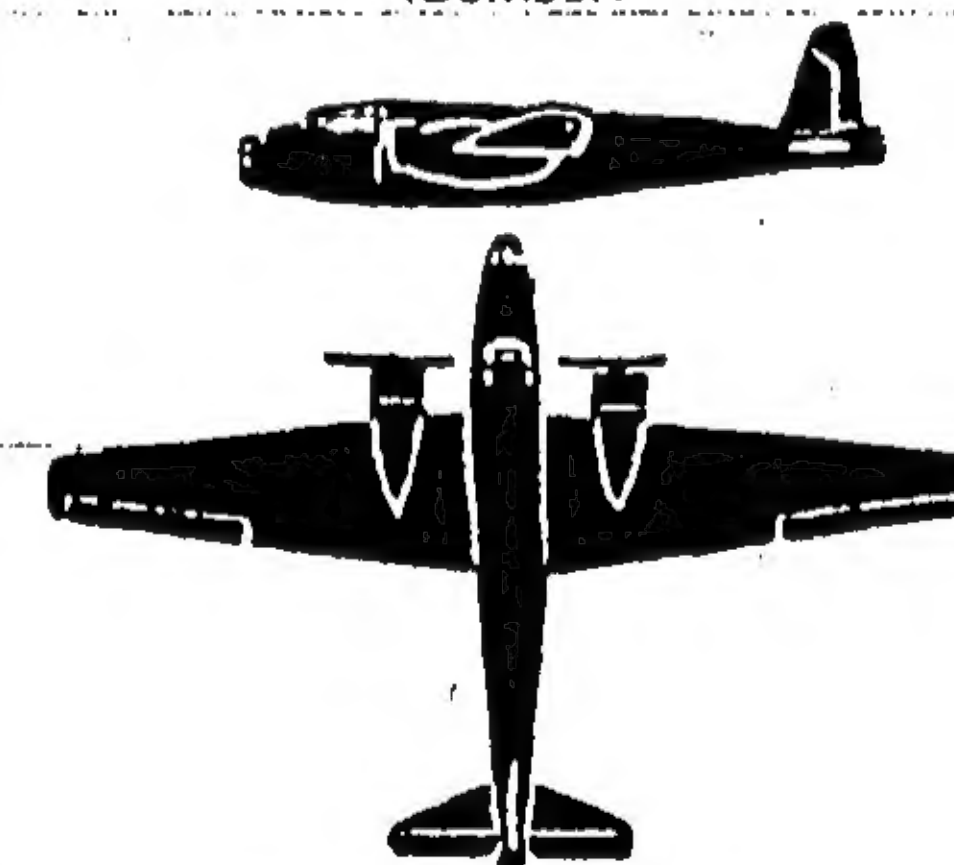

Most easily identifiable of aircraft, because of its distinctive shape, is the Lysander, designed for high-speed liaison work and Army co-operation. The wings are set high on the fuselage, with two sets of bracing struts on the fuselage, with two sets of bracing struts to the undercarriage legs. The landing wheels are covered with rather bulbous spats, which also house landing lights. Top speed is 229 m.p.h., but because of the use of slots and slotted flaps it can fly at 50 m.p.h.

**GLOSTER GLADIATOR**  
 (Fighter)

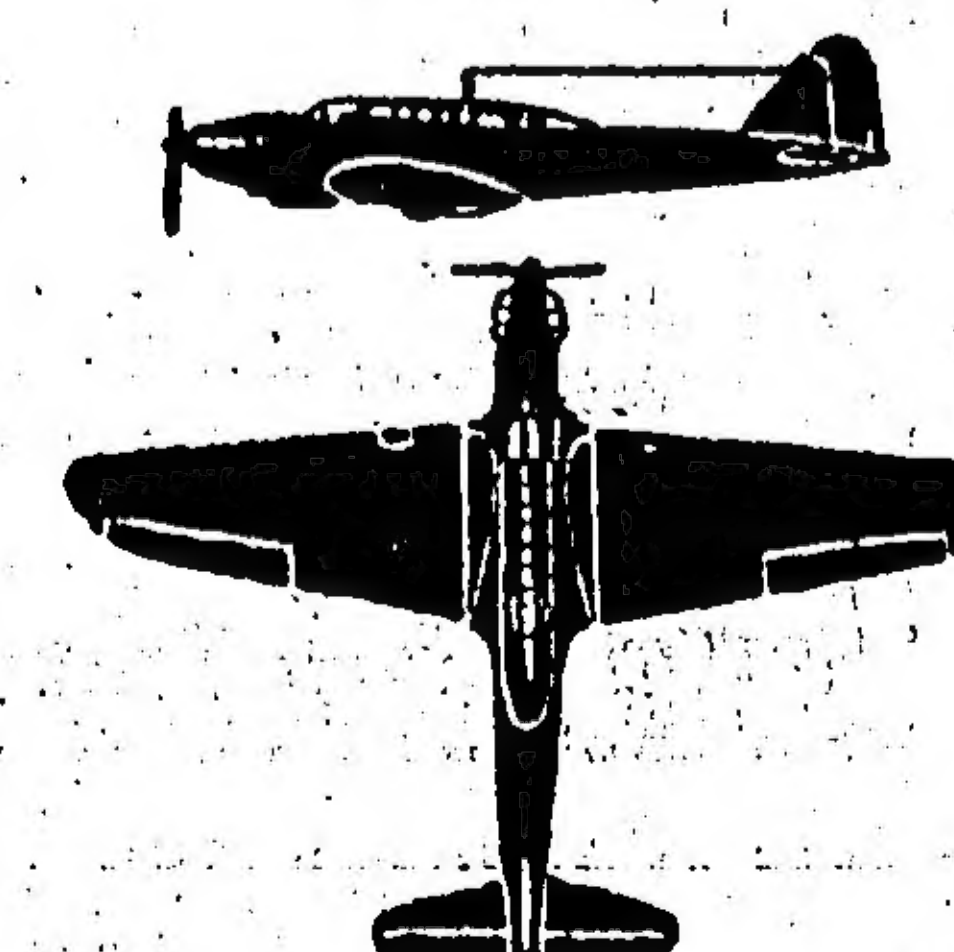

The only surviving biplane type among the latest range of machines for the R.A.F., the Gloster Gladiator single-seat fighter is remarkable for its manoeuvrability in the air. A top speed of 225 m.p.h. at 15,000ft. is derived from a Bristol Mercury radial engine of 840 h.p. Its armament consists of four Browning guns. Developed from the earlier Gladiator, the Gladiator is easily distinguished, having no axle between the landing wheels, a cockpit covering, and only one set of inter-plane struts on either side of the fuselage.

**VICKERS WELLINGTON**  
 (Bomber)

The Wellington is one of the most remarkable heavy bombers in the world. With a military load it has a maximum range of 3,200 miles. Its great weight-carrying capacity is achieved by means of a patented form of structure consisting of curved metal members each of which forms a geodetic, taking the shortest path between two points on a curved surface. The result is great strength and lightness of structure weight. With two Bristol Pegasus 880 h.p. engines, the Wellington has a top speed of 265 m.p.h. at 17,000ft. Normal cruising speed is 215 m.p.h. Crew varies from four to seven.

**FAIREY BATTLE**  
 (Bomber)

A medium bomber monoplane, the Battle is our only single-engine machine of this type. The engine is a Rolls-Royce Merlin. Top speed at 16,000ft. is 257 m.p.h. Maximum range is approximately 1,000 miles. For reconnaissance purposes a notable feature is the long "glass-house" covering extending from the front of the pilot's cockpit to the gun mounting in the rear seat.

# SPECIAL WAR MAP OF EUROPE FOR READERS OF THE "TELEGRAPH"

## OVERNIGHT NEWS PAGE

### CANADA'S HISTORIC DECISION

#### King Signs War Declaration

Toronto, Sept. 11. The Canadians have generally received quietly the news that their country has declared war on Germany.

They appear unanimous that no other course is open.

Control of prices and prohibition of profiteering are welcomed, and the Government's no conscription policy is regarded as the best at present, but it is felt that conscription is the only fair method of reinforcing Britain should more men be needed at the front lines.—*Reuter Special.*

#### Gestures Appreciated

London, Sept. 11. The formal declaration of war on Germany which was proclaimed following the adoption by both Houses of the Canadian Parliament yesterday, finally dispels whatever hopes German leaders may have had that a renewal of the terrible ordeal of war would find the British Dominions now secure in their independence, apathetic about Britain's cause.

"The debate in the Canadian House of Commons," says the *Manchester Guardian*, "was a fine example of Democracy in action. It found all Canadian parties in agreement. The first step must be to perfect the defences of the Dominion and provide training for the rush of recruits that has overwhelmed depots."

"Meanwhile, planned organization of the material help the dominion can give will be pressed on. A strong industrial mission is to visit Canada to continue the work already begun in utilizing the Dominion's resources in munition manufacture, raw materials and foodstuffs. Manpower, apart from the presence in Canada of an arsenal remote from the danger of air attack, should prove of first value. In other Dominions, as in Canada the proud part played in the last war has not been forgotten by the generation that must face this one. New Zealand was one of the earliest to offer full co-operation.

From Australia, as from Canada, comes news of a rush of recruits much greater than the Government can absorb.

"One welcome aspect of Dominion recruiting is to be seen in the extent to which the willingness of the overseas countries to absorb the right sort of settlers of Continental European stock is now bearing fruit. Refugees from Germany, Austria and Czechoslovakia have been prominent in their offers to help Australia in any capacity, while in Canada, Poles and Ukrainians, as well as Czechs, have formed their own organizations to pledge loyalty to the Dominion and offer their service in any form she may need.—*British Wireless.*

#### Australia Anxious

Melbourne, Sept. 11. The immediate training of volunteers preparatory to service overseas is urged by two prominent Australians, Sir George Pearce, former acting Prime Minister, and Colonel White, former Minister of Trade and Commerce.

The *Melbourne Herald* takes the same line, deploring the Government's delay in preparing an expeditionary force.—*Reuter Special.*

#### Kingship Undivided

Canberra, Sept. 11. Following the British Cabinet's lead, the Premier, Mr. R. G. Menzies, announced that the Commonwealth was planning a long war, with the States' Premiers co-operating and organizing finance and manpower.

Referring to Canada's declaration, Mr. Menzies said that he believed Kingship was undivided. When the King was at war the Empire was also at war.—*United Press.*

#### N. Z. Force Recruited

Wellington, Sept. 11. Recruiting begins on September 12 for a special New Zealand military force for service at home or overseas. It is expected that the required number will be quickly enrolled. There is no sign of disunity anywhere. The people are cheerfully complying with all the Government's requirements.—*Reuter Special.*

#### Colonies Offer Help

London, Sept. 11. A resolution has been received from the Legislative Assembly in British Honduras expressing loyalty to the King and the determination of the Government and the people of the colony to co-operate with the rest of the British Empire in the present war against tyranny and aggression to successful termination.

The Governor of Northern Rhodesia conveys message of loyalty to the King and Empire on behalf of the paramount chief of the Barotsa nation, and also the paramount chief of the Bemba, Angoni and Chewa tribes, with offers to help in the present war.

## Radiophoto Plans

### Japanese To Get War Pictures One Day After Event

Tokyo, Sept. 11. With the telecommunication services between Japan and European countries having been suspended as the result of the outbreak of the war, Japanese Government authorities have started negotiations with the Radio Corporation of America with a view to opening radiophoto service, it was revealed here to-day.

If the negotiations prove successful, Japan will be able to obtain war pictures from Europe via America over the radio. Wireless transmission of pictures was successfully conducted between America and Japan on the occasion of the Tenth Olympic Games at Los Angeles.

It is understood that the American Radio Corporation has applied to the American Federation—Communications Commission for permission for opening the proposed service with Japan.

By utilizing the projected service, war pictures will reach Tokyo from Europe via New York and San Francisco in one day.

Arrangements are also being made between the Ministry of Communications and the Netherlands Government for possible inauguration of radiophoto service, it is also revealed.—*Domei.*

sent war in whatever way they may be required.—*British Wireless.*

#### King Thanks India

Simla, Sept. 11. A message from the King-Emperor expressing deep satisfaction of India's widespread attachment to the Empire's cause and thanks for the many offers of assistance from the princes and peoples of India was read by the Viceroy, Lord Linlithgow, at a joint session of the General Legislature.

The galleries were crowded for the historic occasion.—*Reuter.*

#### Lively Response

Simla, Sept. 11. So far 101 Indian princes have sent loyal messages to the Viceroy.—*Reuter Bulletin.*

## Germans In China

Shanghai, Sept. 11. The European war has already adversely affected German business interests, where the Germans have already either evacuated or are virtually isolated.

German ships have been forced from the sea, while the majority of Japanese coastal ships are engaged on military duty.

British and French ships do not carry German goods since dealing with the enemy is banned. Consequently the German export offices are unable to receive stocks and many have already closed and others are about to close, the personnel returning to Shanghai.

Local German business men are encountering similar restrictions due to funds being tied up in British and French banks and inability to obtain supplies from Europe.—*United Press.*

## CONFESSED HIS CRIME

### Shanghai Murderer Goes To Priest

Shanghai, Sept. 11. With 17 years Roman Catholic training behind him, Kiu Ouh-loh yesterday found the murder of Father F. Le Breton weighing so heavily on his mind that he went to St. Peres Church and told his story at a confessional, after which he went to the Police and admitted his guilt. He refused, however, to divulge the names of his accomplices who failed to break open the safe after murdering the priest, although they escaped with 200 yuan found in a box.

The murderer is 25, having started his apprenticeship at the age of eight at the Tousewei Orphanage printing shop. He was dismissed a couple of months ago and therefore planned revenge. He mapped out plans to obtain the services of accomplices, believed to be two men, and on August 30 visited Father Le Breton on the pretext of wishing to place an orphan in his care. When he admitted them they attacked the aged priest and strangled him.—*United Press.*

## Shanghai Bombing

### Chinese Casualties In Amusement Centre

Shanghai, Sept. 11. Two Chinese were killed instantly and five others injured when unidentified Chinese hurled two bombs into the amusement centre on Jessfield Road in the extra Settlement area about 0.45 o'clock last night.

Despite the urgent measures taken by police authorities, the culprits were still at large. It was understood that the authors of the fresh outrage have been inspired by a political motive to cause trouble in connection with the Special Chinese Municipal Government's attempt to take over jurisdiction in the extra Settlement area near Jessfield Road.—*Domei.*

#### Tattoo Activities

Shanghai, Sept. 10. Most of the extra Settlement Roads in the western areas are being patrolled by numerous Tattoo Police who are occasionally aided by Japanese Gendarmes, but the Municipal Police are continuing their patrols of the same areas and, thus far, they have not clashed.

Chinese reports state that the Tattoo Police are planning to increase their patrolling in order to see what steps the Municipal Council will take since the Tattoo officials are known to be making a bid to collect taxes from the residents and shops on the extra Settlement Roads, in the western district, since Mayor Fu Shao-chen has stated on several occasions that the roads are under the Tattoo jurisdiction.

The Secretary General of the Municipal Council Mr. G. Goldfrey Phillips, said he had not heard that the Tattoo officials are planning to collect taxes in the western areas. He said the Municipal Council was not taking any action, pending an investigation, because the Council did not know for what purpose the Tattoo Police were patrolling.—*United Press.*

## Hotel Men Meet Oct. 9

Montreal. "Hotels—an asset to the community—a service to the nation" will be the keynote of the seven-day convention of the American Hotel Association of the United States and Canada Convention which will be held in Montreal from October 9-14.

## KNITTED SPORTS SHIRTS

Light weight cotton, interlock knitted—the secret of their airiness, elasticity and comfort. Half sleeves, short front opening, attached collar—a tie is just a matter of taste.

INTERNATIONAL SPORTS  
AND WEAR HOUSE  
29 Nathan Road, KowloonLOCAL FOOTBALL LEAGUE TO CARRY  
ON AS USUAL  
Decision Reached At  
Association Meeting

There is good news for soccer enthusiasts in the Colony.

At a meeting of the council of the Hongkong Football Association, held last evening it was decided that the League, which had appeared likely to be affected to a certain extent by the war, should carry on as usual.

The only change from the original arrangement is that the League, instead of commencing on September 23, will start on October 7.

Mr. Wong Ka-tsun presided at the meeting, others present being Capt. S. Dunn, Messrs. W. H. Chen, W. Kirby, E. Strange, H. G. Cooper, W. E. Hollands, C. A. Goldenberg (Hon. Secretary) and L. Souza (Assistant Hon. Secretary).

Dealing with the Hongkong-Shanghai annual match, Mr. Wong said that the Interport Committee had recommended that the game be held in Shanghai. The Council proposed that decisions on various points be deferred.

Mr. Wong said that one matter for discussion was whether the League should be postponed in view of present conditions. The Navy representative had written to say that it was felt that everything should be done to keep the League running.

Speaking for the Army, Capt. Dunn said they should like to see the League continued. Mr. Kirby, Police representative, said that time would be given to his players.

The Council decided that the League should carry on.

It was decided that the League should start on October 7 instead of September 23.

His Excellency the Governor had accepted an invitation to attend the charity match to be played on the Club ground on October 10.

Mr. Wong said a letter had been sent to Shanghai suggesting ten minutes each way should be played if a draw occurred. Shanghai had replied that 15 minutes was preferred.

Mr. Chen mentioned that the South China players, at present on a South Sea tour, were finding it difficult to return to Hongkong owing to lack of accommodation on steamers.

HOW GLOUCESTER LOST  
ALL HOPE OF BEING  
CRICKET CHAMPIONS

London, Aug. 12.

Glamorgan's hero was Smart, who during the day gave two brilliant exhibitions of hard hitting, making 101 not out and 67 not out. Contrary to expectations, he earned his side the first innings lead.

Hammond twice closed the Gloucestershire innings, and when he touched his best form, in a glorious display he knocked up 73, including 11 boundaries, in 45 minutes before setting Glamorgan to make 117 in 70 minutes.

At one time Gloucester fell behind the clock, but at the critical point Hammond, instead of running out Mercer, made a wild overthrow which gave Smart five and the next two balls Mercer hit for 6 and 4. Sixteen runs in that over decided one of the many exciting day's cricket seen at Bristol this season.

Everything appeared to favour Gloucestershire's first declaration at the Wednesday night score—there was no play on Thursday. It was the only chance of the match being finished.

FLOODED PITCH  
The wicket, which was flooded on Thursday did not become difficult, however, despite the hot sun. It rolled out dead easy, of no use to spin bowlers or any others, and Gloucestershire's hopes were not fulfilled.

They began well enough by getting three wickets for 35, but Jones, promoted in the batting order, played so solidly that he gave the bowlers no further chance of success, and, while he kept his end going, first Turnbull and then Smart scored by bright and aggressive methods.

Smart attacked the bowling vigorously whenever there was a chance and the constant changes Hammond made did not affect him. He scored the first century by a visiting batsman on the Bristol ground this season, hitting 14 4's.

G. Evans and H. Davies helped him in brisk stands of 41 and 80

respectively and when Smart reached his 100 Glamorgan led by 12 runs and Turnbull declared.

With two and a half hours to go Hammond sent in Scott and Goddard to follow Burnett in an effort to score quickly. Hammond himself gave his finest display of hitting this season and raced to 50 in half an hour.

Glamorgan accepted the challenge of Hammond's second declaration in the sporting spirit that had characterised the whole game, and got the runs with four minutes still left of extra time.

PLEASE Turn To Page 2.Indian R.C. Rinks  
For Saturday

The following will represent the Indian R.C. in their Lawn Bowls League match against the Craggengower C.C. at Sookunpoo on Saturday, September 16, at 3.30 p.m.:

D. M. Khan, A. M. Wahab, M. Y. Adai and A. R. Dallah (skip); J. Hoosen, S. M. Rumjahn, A. R. Minu and A. K. Minu (skip); A. H. Rumjahn, A. Bokar, A. O. Madar and M. R. Abbas (skip).

When Henry Armstrong (right) and Lou Ambers met in New York recently it was agreed that the fight was only for the world's lightweight title. The welterweight crown, which Armstrong also wears, was not affected. Ambers won surprisingly on points. The two are shown at the signing-up of the fight.

The Open Rinks final in progress on the Civil Service C.C. green on Sunday. The rink skipped by F.X.M. da Silva, of the Club de Recreio, defeated the rink led by J.C. Brown, of Kowloon Docks, by 25-8. Players seen in the picture are (left to right) R. Morrison, M. Ferguson, A. Calman, J.F.V. Ribeiro, C.M. Silva and F. A. Machado.—Photo by Ming Yuen.

Here And There  
With "Abe"  
Indians Give Champions  
A Terrific Fright

WHILE every lawn bowler in Hongkong is now aware that the Club de Recreio "A", by winning their thirteenth successive match in the League on Saturday against the Indian R.C., have retained the championship of the First Division, few outside of those who saw the end of an exciting match know how close the champions got to being beaten. Rather ironically, the Kowloon C.C., Recreio's closest rivals in this division, were beaten at Happy Valley; so it would not have mattered to the champions' chances of retaining the title even if they had been defeated by the Indians. But it would have ruined their present ambition of finishing the season without a single reverse. They were definitely in danger of going down, but like the splendid team that they are they managed to extricate themselves. When two rinks had completed their matches, the Portuguese were one up, but Dallah was lying two against Carlos Silva. The two shots were beautiful, one on each side of the jack, though offering a target for a heavy wood. Nevertheless, despite all the efforts of the Recreio front men they were not moved at all when the skips put down a perfect block for a drive and, frustrated in this, Silva forced had to draw—which he did beautifully. His wood had perfect self between the two I.R.C. woods to sit on the kitty for first shot. Dallah's blocker had now become a boomerang. He had to go up with some weight in order to shift Silva's wood, and his second wood was wrecked by the first!

## Clearly Superior

THERE could have been no doubt whatsoever as to which was the better rink in the Open Rinks final on the Civil Service C.C. green on Sunday. The Portuguese proved once again that four consistent men almost invariably will beat a rink consisting of players who shine only at intervals. F. A. Machado, C. M. Silva and J. F. V. Ribeiro "Spuggy" Silva's front men, were not always brilliant, but when one fell off another would play well. However, in J. C. Brown's rink, only A. M. Culman and M. Ferguson held their own. R. Morrison did not shine at all, while Brown himself played a rather mediocre game. Excuse, however, might be made in the case of Brown, who was always up against it. He had an unenviable task all through. The high standard of bowling in the Club de Recreio is shown by the fact that of the three Open Competitions, two (Rinks and Pairs) have been won by members of that club, while in the third (Singles) the club provided two of the four semi-finalists.

## Any International?

IS there going to be any International tournament this year? I have been asked this question several times during the last fortnight or so, but I have not heard anything official about it. If the Association decides to hold this tournament, isn't it about time that a start was made?

## A Close Shave

HAD the Indians defeated the champions, they would have caused the greatest upset in the 1939 League season. And yet they might have won had they been a little steadier in the end. With only two or three heads to go, they were actually leading by six shots all round, but the inability of A. K. Minu's rink to alter "Spuggy" Silva's tide of success, plus a partial recovery by Dick Alves against M. R. Abbas prevented the Indians from taking the spoils. It is rare to see a side, which is up on two rinks by 23 shots in all, lose a match by two shots. But this is what happened to the Indians. "Spuggy" Silva's rink ran riot against A. K. Minu's four and won the match for their side as the result of their 30-5 victory. A. R. Dallah rather spoilt Carlos Silva's unbeaten record by winning by 17 shots—a decisive margin of victory. Good support by his front men also enabled Abbas to beat H. A. Alves, the second leading skip in the League.

## A Misunderstanding?

AS the above match progressed, members of the Club de Recreio "B" were twiddling their thumbs waiting for the arrival of the Police R.C. their opponents. They waited and they waited and they waited, but no Policemen turned up for the match. It would appear that the Recreio "B" convenor had not been informed of any postponement by the Police. I saw a member of the Police team on Sunday at the Civil Service C.C. and asked him about it, and I was told that the Police had informed the League officials that they could not field a side to play Recreio "B". They, however, did not inform the Recreio men. I should have thought it would be more important to tell your opponent. Then there would

## FIVE VACANT BERTHS

Taiping Well Booked For Australian Voyage

There were only five berths vacant when the Australian-Oriental liner Taiping sailed for Manila and Australia yesterday, the second class section being packed. However, beyond a few Chinese families, the big booking did not represent a refugee exodus from Hongkong, most of the European passengers being round-trippers who had come north by the Taiping or via Singapore.

Two Chinese women who had failed to obtain the necessary sanction of the Secretary for Chinese Affairs to leave the Colony were unfortunately. They were refused permission to go and they and their baggage had to leave the ship about five minutes before she sailed.

One Chinese family of 11 was included in the passenger list. Another Chinese family of 30 applied for berths, but would not take the only seven berths which could then be provided for them.

The Ajaccio sailed yesterday for Singapore and Europe. Her only Hongkong passenger was Mrs. B. J. King, wife of a naval officer.

## WASH FATIGUE ACIDS

OUT OF ACHING TENNIS ARM!

When your arms and legs get stiff and sore after an unusual tennis game, there's a reason for it. It means fatigue acids in your muscles are making them well and stiffen. But on Absorbine Jr. it spreads the blood through the muscles and the blood washes away the fatigue acids. Prompt relief follows.

Absorbine Jr. gives double-acting relief because it penetrates deep under the skin where the pain is, and can be massaged—attacking the pain two ways at once. Try a bottle of reliable Absorbine Jr. today. A little goes far and it's clean and easy to use. No mess or stain. Sold in all good stores.

**ABSORBINE JR.**  
 For years has relieved sore muscles, muscular aches, bruises, cuts, sprains, abrasions.

- 1.—The Competition is confined exclusively to amateur photographers.
- 2.—No employee or member of any firm in the photographic trade is permitted to compete.
- 3.—The prizes will be awarded to the competitors sending in what are adjudged to be the best photographs in each Section. Each entry must be accompanied by a form which will be published during the period of the Competition, and which must be pasted on back of entry.
- 4.—The right to publish any or all of the entries is reserved to the Hongkong Telegraph.
- 5.—All photographs entered must have been taken in the Colony of Hongkong. Photographs which have been already entered in other Competitions are ineligible.
- 6.—No responsibility will be accepted for non-delivery of loss of or damage to entries, which will be returned to competitors on application at the Telegraph office within seven days.
- 7.—All entries to be in black and white, or in color, and must be mounted. Coloured photographs are ineligible.
- 8.—Pictures submitted in sepia tones should be accompanied by a smaller print in black and white.
- 9.—No picture to be entered in more than one Section.
- 10.—Mounts to be only white, or cream, and except in the Children's Section, must be of the following sizes:—10x12, 10x20.
- 11.—No correspondence will be entered into in connection with the Competition.
- 12.—Entries to the Children's Section must bear the entrant's name, age and address on the entry form, counter-signed by a parent.
- 13.—Members of the Staff of the Hongkong Telegraph and the South China Morning Post are not permitted to compete.
- 14.—The decisions of the Judges shall be final.
- 15.—At the conclusion of the Competition, entries will be returned to competitors on application at the Telegraph office within seven days.

**USE THIS FORM AND PASTE IT ON THE BACK OF EACH ENTRY.**

**ENTRY FORM**

## Anti-British Propaganda

### Japanese Inspired Move In Peiping

PEIPING, Sept. 12 (Reuter).—Britons in Peiping woke this morning to find banners hung in the streets declaring in English: "Ireland is no longer a slave of Britain," and "Let Ireland be represented in China. To Hell with British passports."

Unfortunately for the organisers of this effort a few early risers saw uniformed Chinese police of the Japanese-sponsored Government hanging up the banners.

There seems to be no doubt that it was an effort by the Japanese-sponsored Chinese, but the object is puzzling.

### "WRENS" ON JOB ONCE MORE

#### Famous Organisation Of 1918 Revived

LONDON, Sept. 11 (Reuter).—A total of 1,140 officers and ratings of the Women's Royal Naval Service are now employed in various parts of the country. Several thousands of Royal Naval ratings will be replaced by women who will relieve them of jobs women can perform.

Several thousands more of the "Wrens" (as they are called) are in training.

### N. ZEALAND RECRUITS AN ARMY

(Continued from Page 1.)

supply \$100,000,000 for war purposes for the year ending March, 1940 according to a Dow-Jones message from Ottawa.

Authority will be sought to raise the money through loans.

### India's Appreciation

LONDON, Sept. 11 (Reuter).—Lord Linlithgow, the Viceroy of India, has replied to the King thanking him for his message.

Nothing, he said, could have been more deeply appreciated or contributed to the firm resolution of the people and princes of India in defending the principles which are now at stake.

### Chamberlain's Message

LONDON, Sept. 11 (Reuter).—Mr. Neville Chamberlain has sent a telegram to Mr. Mackenzie King, the Canadian Prime Minister in which he expressed deep appreciation at the personal message from the Canadian leader concerning Canada's proclamation of a state of war with Nazi Germany.

Mr. Chamberlain says it is a profound encouragement to know that Canada has decided to employ her great resources in the struggle against German aggression.

### Australia Will Be There

LONDON, Sept. 11 (Reuter).—Mr. R. Menzies, the Australian Premier, told Parliament to-day that Australia was planning for a long war.

State Premiers had been in consultation regarding organisation of man-power and finance.

### IRISH FOOTBALL

London, Sept. 9. Following are the results of matches played in the Irish Football League to-day:

Ballymena 3 Distillery 4  
Bangor 2 Larne 2  
Belfast 1 Linfield 1  
Coleraine 1 Derry 1  
Glennavon 7 Cliftonville 1  
Glenrivan 6 Portadown 1

### Entry to Bar Belated

DETROIT. Mrs. Miles H. Knowles was graduated from the Detroit College of Law in 1924 but curing for a daughter and a son prevented her from taking her bar examination until last spring. Now, 15 years later, Mrs. Knowles has been admitted to practice.

## STOCK MARKET REPORT

Hongkong Stock Exchange Official Summary issued yesterday says:

The Trading Board shows enquiries spread over a wide range coupled with some advance in prices. The volume of business reported, however, points to the fact that holders are in no immediate hurry to satisfy the demand.

## Speeder Doubly Rebuked

Pittsfield, Mass. After paying a \$10 fine for speeding, Iuseen Otter produced a camera and asked District Judge Charles L. Hibbard if he "would mind posing with Mrs. Otter for our family album." The Judge said he most certainly would mind, and that closed the case.

## BAN ON TOMBOLAS

### Police To Take Action Against Clubs

Tombola, the popular game of chance played in Hongkong clubs, has been banned by the Police on the grounds that it is an infringement of the Gaming and Betting Ordinance.

Many social clubs, at which Tombola has been played, have been notified that in future the Police intend to take action. Clubs not notified but in the habit of playing the game are warned that the ban also applies to them.

The chief reason for the ban is the game's increasing popularity with the Chinese, who have in some quarters developed it into a racket.

Although Tombola has been played for several years in Hongkong by members of the services and civilians, it became increasingly popular over the past year. Members of clubs are disappointed at the ban as the game provided an excellent social evening's entertainment.

As a result of the ban Craigen-gower's tombola fixed for to-night has been cancelled.

## LATE NEWS

### Gallant Defence Of Seaport

LONDON, Sept. 11 (Reuter).—Polish troops are still holding out in Gdynia.

The Germans claim to have surrounded the city and to have captured towns within 20 miles radius of it.

They also announce that all goods traffic for the time being between East Prussia and Germany will be carried only by the sea route.

Earlier, it will be recalled, they announced that fighting in the Corridor might be considered as "over".

## RUMANIA FEARS SOVIET MOVE

LONDON, Sept. 11 (Reuter).—Unconfirmed reports from Bucharest state that Rumanian troops are being brought up to the Soviet frontier, and that trenches are being dug along the border.

This is considered to be the result of the increased Soviet mobilisation along the frontier.

Full arrangements have been completed for the evacuation of children from Bucharest should war break out.

# Germans Launch Unsuccessful Drive Against Maginot Line SIEGFRIED LINE BOMBARDED BY ALLIED GUNS: NEW GAINS

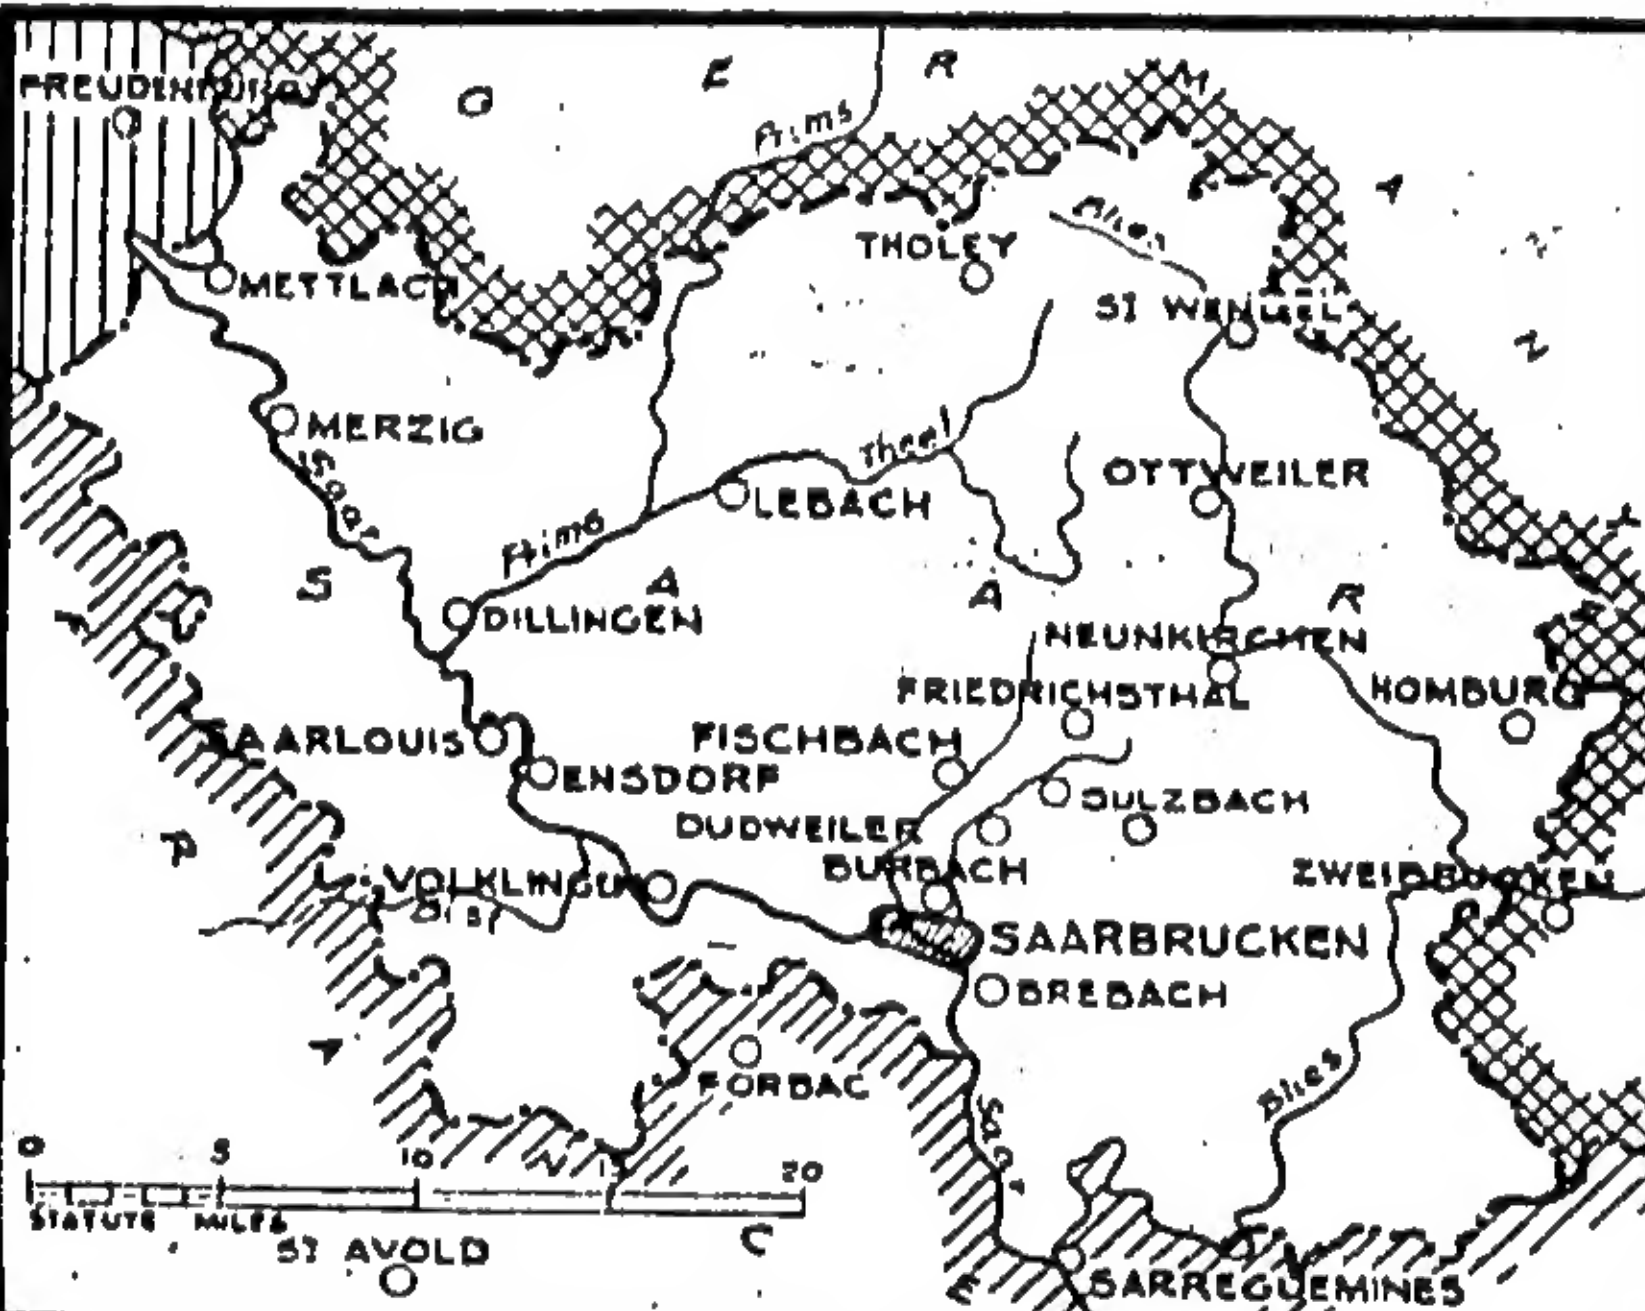

Special To The "Telegraph"

PARIS, SEPT. 11 (UP)—OFFICIAL FRENCH WAR COMMUNIQUE NO. 16 STATES: "DESPITE ENEMY RESISTANCE OUR ATTACK TO-DAY CONTINUED TO MAKE PROGRESS OVER A FRONT OF ABOUT 12 MILES EAST OF THE SAAR."

POSITION CLARIFIED

THE POSITION on the Western Front is now becoming somewhat more clarified.

France is attempting to drive a wedge into the Siegfried Line between Saarbrücken, capital of Saar Province, and Zweibrücken.

In an attempt to relieve pressure in this area, the Nazi Army has launched strong, but so far unsuccessful, counter-attacks further north-west, with the Maginot Line facing Merzig and Sierlsdorf as their objective.

ATTACK ON FORTS

Saarbrücken, which covers the first line of the Siegfried fortifications, is menaced by the French drive and, according to some reports, is already surrounded and behind the French front lines, which are now stretching roughly east to west from the Saar River at Endorf to a point near Zweibrücken.

The French forces are stated to have penetrated eight miles into German territory east of Saarbrücken and north of Sarreguemines.

ATTACK ON FORTS

French artillery fire is now concentrated on Zweibrücken, an important railway junction, on Friedland (both on the Blies River) and on Tannenberg. These three centres are important pivots in the Siegfried line which, despite the terrific French pounding, has not yet crumbled.

All the German terrain east of the French town of Forbach is in Allied hands.

The German counter-offensive, which is directed from Merzig (on the Saar River) is directed along the area bounded by the Luxembourg frontier.

Substantial Progress  
PARIS, Sept. 11 (Reuters).—Observers here interpret yesterday's German offensive movement near Forbach as a serious attempt to break through the French line.

Rumania Fears Soviet Move  
Emergency Plans Completed

LONDON, Sept. 11 (Reuters).—Unconfirmed reports from Bucharest state that Rumanian troops are being brought up to the Soviet frontier, and that trenches are being dug along the border.

This is considered to be the result of the increased Soviet mobilization along the frontier.

Full assessments have been completed for the evacuation of children from Bucharest should war break out.

Moscow Nervousness  
SPECIAL TO THE "TELEGRAPH"  
MOSCOW, Sept. 11 (Reuters).—The city is less excited to-day as the calling up of reserves has apparently almost ended.

The size of queues outside the banks has not, however, diminished, and the people continue to draw money to purchase food and jewellery.

According to information reaching Krasnodar from Moscow, partial mobilization is being carried out as a precautionary measure in order to deal with the Polish troops which, in retreating, might eventually reach the Soviet border.

SAARBRÜCKEN FROM THE AIR.—Part of the picturesque residential quarter of the capital of Saar Province, now said to be surrounded by the French. The river Saar, which the French have crossed at some points, winds through the city. The aerodrome, which has been bombed by French artillery, is shown in the background.

## Thousands Of Britons See Ship Torpedoed

LONDON, Sept. 11 (Reuters).—Thousands of British holiday-makers watched the British steamer Magdapor sink about five miles off the coast.

There was a loud explosion which even rocked buildings on the shore, and a column of water shot high into the air.

Seventy of the survivors were brought ashore in a lifeboat.

Squads tended the wounded, several of whom were badly injured.

The ship's crew consisted of between 80 and 90 men.

The entire crew and passenger list of the Regent Tiger were saved.

Nazi Destroyer Sunk  
MALMO, Sweden, Sept. 11 (Reuters).—A German ship struck a mine off Öresund yesterday and sank.

Watchers at Trelleborg heard a tremendous explosion and saw a huge column of water.

According to the newspaper "Berlingske Aftenavis" the vessel was a German destroyer.

The newspaper adds that a number of the destroyer's crew were taken aboard a German trawler, and about ten of the crew are believed to have been drowned.

King's Message  
LONDON, Sept. 11 (Reuters).—The King's message to the British merchant navy and fishing fleets, expressing confidence in their unflinching determination to play their vital part in defence says:

"You have a long and glorious history, and I am proud to bear the title of Master of the Merchant Navy and Fishing Fleets."

"I know you will carry out your duties with resolution and fortitude and that the high and chivalrous traditions of your calling are safe in your hands."

"God bless and prosper you in your great task."

## NAZI TORCH FIRES POLAND

Incendiary Bombs  
Wrack A Nation  
CITIES STREWN  
WITH DEAD

HELSEINKI, Sept. 11 (Reuters).—According to a Latvian journalist who has arrived in Riga, the entire route from Poland is marked by burning towns and villages, and fleeing masses.

Dense clouds of smoke indicated the sites of towns and villages now in ashes, while the town of Wiszkov is a blazing furnace.

The destruction caused by German incendiary bombs is terrible. The inhabitants are seeking sanctuary in the East, and village streets are strewn with dead.

German air tactics behind the Polish lines are inspiring a great hatred against Germany.

LODZ LOST

LONDON, Sept. 11 (Reuters).—German troops are marching into Lodz, according to an announcement by the German official wireless.

Napoleonic Fort Under Fire

BERLIN, Sept. 11 (Reuters).—According to the German news agency German troops are approaching the Vistula from the north without encountering any resistance.

The fortress of Modlin, about 20 miles north-west of Warsaw, which was built by Napoleon on the right bank of the Vistula at the junction of the Ner and the Vistula.

Mr. Oliver Stanley, President of the Board of Trade, replied that the Board of Trade is not aware of any news of the ship's fate.

PLEASE Turn To Page 5.

## Britain Will Never Turn Back, Says Eden

LONDON, Sept. 11 (Reuters).—Herr Hitler deliberately made negotiation impossible, and instead chose to embark on a war of naked aggression, declared Mr. Anthony Eden in a broadcast to-night.

"He made the choice, and he must suffer the decision," said Mr. Eden.

"For us now there will be no turning back."

"We have no quarrel with the German people, but there can be no lasting peace until Nazism and all that it stands for in oppression, cruelty and broken faith, is banished from the earth."

"This issue admits no compromise. Our determination to see the war through to the end is unshaken."

Does Not Pay  
"We have decided to fight to show that aggression does not pay, and the German people must realise that this country means to go on fighting until the goal is reached."

"It is already evident that the Nazi Government seeks to delude its people into thinking that a quick victory in Poland will be followed by indifference or capitulation by the Western democracies. That it not the truth."

"The people of this country are ready to fight a very long war to the bitter end, if must be to rid the world of Hitlerism and all that it implies."

Empire's Response  
Referring to the Empire's response, Mr. Eden said that Canada, Australia, New Zealand and South Africa had each given an answer to the challenge and made the cause their own. India also, the colonies too had offered aid. From all quarters of the globe came messages of loyalty and offers to help.

"Once more Britain stands in arms and resolved with her sister nations at her side."

Special To The "Telegraph"  
LONDON, Sept. 11 (UP).—"Britain is fighting for the return of democracy."

## THE EMPIRE N. ZEALAND RECRUITS AN ARMY

WELLINGTON, Sept. 11 (Reuters).—Recruiting begins to-day in New Zealand for the special military force for service in New Zealand and overseas.

Applications are also invited for volunteers in the air force. Those who desire to serve in the Royal Air Force will be sent to England after being trained in New Zealand.

Appeal For Unity

CAPETOWN, Sept. 11 (Reuters).—General Smuts has assured the people that South African troops will only be used for the defence of the Union, and will not be sent overseas.

He did not see any hopes of healing the split in the United South Africa Party, but he appealed to all that the spirit of unity within the Empire be kept alive.

In his special message to the people, General Smuts said that Parliament had decided to take part in the war in the interest of South Africa. This, he says, is not an occasion to make a display of separatism from the South African Commonwealth, which is South Africa's best friend in a dangerous world.

The British Commonwealth had given conspicuous help to South Africa, and it would be a blot on South Africa's name if she were now to separate herself from the Commonwealth.

Financial Aid

LONDON, Sept. 11 (Reuters).—The Canadian Minister of Revenue says that Parliament will be asked to provide financial aid to the Empire.

## FIRST GREAT BATTLE OF WAR

Poles Dig In For  
Decisive Stand

SPECIAL TO THE "TELEGRAPH"

BERLIN, Sept. 11 (UP).—The German High Command reports that the first great battle of the war is reaching a "decisive" stage near Warsaw.

The stabilised front line is now radiating in sectors over a 250-mile semi-circular line though the heart of Poland, from the East Prussian frontier north-east of Warsaw to the Carpathian Mountains in the south-east.

The Polish forces defending Warsaw, the fighting in the sector between the Vistula and Bug rivers, and the Polish lines near Radom form the centre points of the most intensive fighting.

An official German communique claims that a number of Polish soldiers "too great to count," and huge war stores have been captured, while to the south of the Vistula (at Kutno) the trapped Poles "continue to try and escape."

It further claims that the capture of Poznan is expected at any moment. The East Prussian Third Reserve Class participated in the crossing of the Narow River at Weizen and has occupied Lomza, according to the Nazi claim.

New Defences Ready  
SPECIAL TO THE "TELEGRAPH"

PARIS, Sept. 11 (UP).—The Polish and German Armies are reorganizing in new positions in preparation for the second phase of the gigantic struggle on the Polish plains, according to the semi-official "Le Temps."

The Polish forces have broken contact with the enemy inside the great Vistula semi-circle, retreating to the westward to reorganise around the bridgeheads and behind the River south of Warsaw.

Warsaw is the most important bridgehead, with the major portion of the city situated on the left bank of the River.

1. All rates are increased by 50%, effective October 1, 1939.
2. All forward bookings for shipment after September 30 are cancelled.
3. Until further notice, booking at new rates to be limited to shipment within 30 days.

TRANS-PACIFIC FREIGHT BUREAU  
Hongkong, September 10, 1939.

## NANCY

## SIEGFRIED LINE BOMBARDED BY ALLIED GUNS: NEW GAINS

(Continued from Page 1.)

Soerck, close to the Luxemburg frontier, as a struggle to avoid being driven into the shelter of the concrete emplacements on the main Siegfried Line.

The impression is gathered that the Germans are determined to hold as long as possible to the advantages offered by the outposts of the line which include valuable artillery and observation posts.

It is presumed that the German general staff are aware that they will soon have to cope with a real push, and are seeking by counter-attacks to delay the time when their forces must take quarters in the permanent fortifications.

### Substantial Progress

PARIS, Sept. 11 (Reuter).—A communiqué states that despite the resistance of the enemy, our attacks are making substantial progress on a front about 12 miles east of the Saar.

### Aerodrome Bombed

LONDON, Sept. 11 (Reuter).—German reports admit that the French have bombed the evacuated aerodrome at Saarbrücken.

### Zweibrücken Falls

PARIS, Sept. 12 (Reuter).—The capture of Zweibrücken, an important German railway junction some 14 miles to the east of Saarbrücken, is claimed in French press despatches from the Western Front.

This seems to be partially confirmed by the official communiqué which states that substantial progress was made in a sustained attack on a 12-mile front to the east of Saarbrücken.

According to reports, the attack followed heavy artillery bombardment of the whole area, and was led by a large number of tanks which advanced rapidly under cover of the artillery fire.

The French claim to have penetrated the German defences to an average depth of two miles.

The fighting is rapidly becoming extended in scope, and severity and appears now to have left the preliminary stage of contact and is entering on a phase of conflict.

German endeavours to raise French pressure on the Saarbrücken sector by an offensive near the Luxemburg border have failed. All German attacks have been driven back.

Heavy fighting is predicted in the next few days. Fresh German troops are pouring into the lines.

They appear to be determined to hold the posts as long as possible.

### French Warfare

#### SPECIAL TO THE "TELEGRAPH"

PARIS, Sept. 12 (UP).—It is said that the French forces are now engaging in trench warfare on the western front.

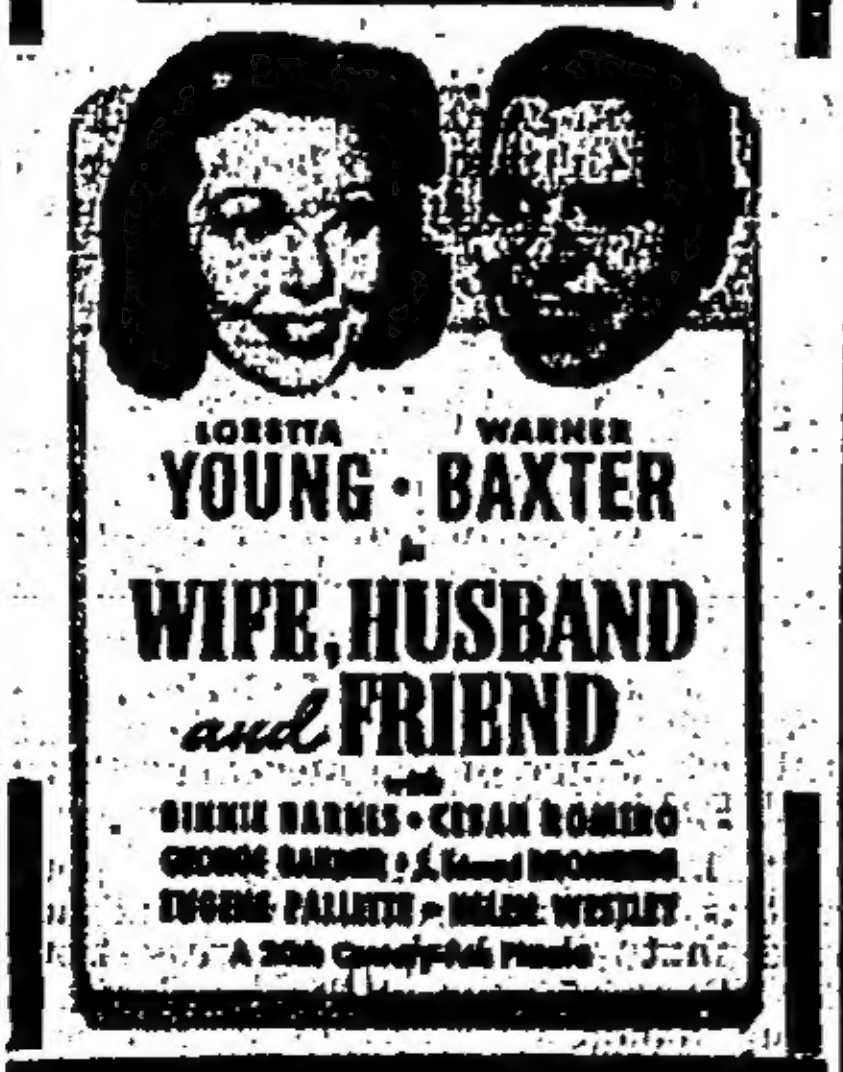

The "Paris-Sol" believes that the French tactics give Germany no respite. "The concentration of our armies is completed," it says.

## AUSTRALIAN'S H.K. ESTATE

Hongkong estate valued at \$2,300 was left by the late Mr. Henry Marcus Burns, otherwise known as Harry Burns, formerly of Maryborough, Queensland.

The late Mr. Burns died at Kowloon Hospital on December 15, 1930. An application by Mr. Charles Bond for sealing certified copy of probate of the will was granted.

## PETITION BY BANKS

Three delegates of Chinese banks in Hongkong called on Hon. Mr. S. Calne, the Financial Secretary, yesterday afternoon petitioning that all Chinese banks be permitted to deal in foreign exchange, provided they adhere to the foreign exchange restrictions recently announced by the Hongkong Government.

By order of the Hongkong Government only three Chinese banks, namely, the Bank of China, the Overseas Chinese Banking Corporation, and the Bank of East Asia, are authorized to sell foreign exchange during the emergency period.

The delegates pointed to the special facilities which different Chinese banks other than the three authorized ones can provide in remittance to certain parts of China.

It is understood that Mr. Calne will take the matter into consideration, says "Central News."

Japan, parcels only, (Yusenang) 5 p.m.  
Air Mail by Imperial Airways plane—due London Sept. 22—G.P.O. Reg. 5 p.m.; Ord., 7 p.m.; K.P.O. Reg. 5 p.m.; Ord. 5.30 p.m.

Air Mail for Malaya, Java and Australia by Imperial Airways plane—due Sydney Sept. 20—K.P.O. 5 p.m.; Ord., 5.30 p.m.; G.P.O. Reg. 5 p.m.; Ord. 5.30 p.m.

ABSCESSES, ulcers and bad legs may be caused by a simple knock or scratch. But the pain and irritation is agony to the sufferer. So, for their successful cure Zam-Buk is thoroughly recommended. The valuable herbal oils in Zam-Buk are easily absorbed into the tissues. Thus pain is soothed and inflammation reduced. Zam-Buk overcomes poison germs, dries up discharge and heals without a scar.

Use **ZAM-BUK** Herbal Ointment  
Agents: Gilman & Co., Ltd., Des Voeux Road, Hongkong.

## Strangled In Wanchai Home

Mother Of Three Children Killed By Robbers

POLICE this morning are conducting a search over a wide area in Hongkong for three men wanted in connection with the murder of a 32-year old widow named Tang Kwan.

Tang, who is the mother of three children, was strangled to death in her flat at 82 Jaffe Road, Wanchai, shortly before midnight.

Her mother-in-law and children were bound by a gang of robbers, who were admitted to the flat by Chik Hau, a visitor.

The robbers remained in the flat for an hour, completely ransacking it. Jewellery to the value of \$300 was taken.

When the mother-in-law succeeded in freeing herself from her bonds, she ran immediately to the police station. When police arrived on the scene Tang was found to be dead.

## "WRENS" ON JOB ONCE MORE

Famous Organisation Of 1918 Revised

LONDON, Sept. 11 (Reuter).—A total of 1,140 officers and ratings of the Women's Royal Naval Service are now employed in various parts of the country.

Several thousands of Royal Naval ratings will be replaced by women who will relieve them of jobs women can perform.

Several thousands more of the "Wrens" (as they are called) are in training.

## TURKEY'S POSITION

Community Of Interests With Democracies

ANKARA, Sept. 11 (Reuter).—At the re-opening of the National Assembly to-day, Prime Minister Saydam said:

"Our relations with belligerent States are normal and are based on international law."

"Military measures taken are only precautionary. Turkey is pursuing her former course of remaining vigilant and watchful."

"There are no direct political divergencies with Germany. With Britain and France there exists a community of interests backed on a determined basis, negotiations regarding agreements being continued in a very friendly atmosphere."

"Our relations, contacts and consultations with Soviet Russia, are most sincere."

## Anti-British Propaganda

Japanese Inspired Move In Peiping

PEIPING, Sept. 12 (Reuter).—Britons in Peiping woke this morning to find banners hung in the streets declaring in English:

"Ireland is no longer a slave of Britain," and "Let Ireland be represented in China. To Hell with British passports."

Unfortunately for the organisers of this effort a few early risers saw uniformed Chinese police of the Japanese-sponsored Government hanging up the banners.

There seems to be no doubt that it was an effort by the Japanese-sponsored Chinese, but the object is puzzling.

Special Price Offer Outstanding Value! \$2.75 pair

Whiteaway, Laidlaw & Co., Ltd.

FIRST: Remove dirt, "Road film," grease, etc., with an application of JOHNSON'S AUTO CLEANER AND POLISH

(This special product does the work quickly, easily, safely. Anyone can use it. Leaves finish clean and gleaming.)

SECOND: For that "new car" appearance, polish and protect the finish with JOHNSON'S AUTO WAX

(Tough, protective—guards against decomposition of finish due to sun, rain, dirt, etc. Keeps finish now... increases re-sale value.)

These special Johnson automobile products are famous the world over. Insist on them by name and be sure of satisfaction. All Johnson's Wax Polishes are for sale at leading department, hardware, paint and automobile supplies stores.

New!

Sensational CARNU cleans and polishes in ONE easy application!

Carnu is an entirely new kind of auto polish. In one easy application this magical product cleans and polishes your car—both at the same time! Try a can of Carnu and see how easily and quickly it brings out the natural beauty of your car's finish.

**Ersatz Tobacco**

**TOBACCO** by any other name may smell as sweet, but it is strange that for all the botanical wealth of the world, few if any satisfactory substitutes for the fragrant weed have thus far been produced.

This assuredly cannot be for lack of trying. The present price of tobacco should in itself serve as sufficient spur to the ingenious. But now the Nazis step in where others feared to tread, or trod very gingerly. A whole herbal museum is to be let loose on the smoking section of the German public.

Adulteration is to be compulsory, but so wide is the range of choice that unlimited combinations of ingredients should be possible. Who knows, necessity may drive Germans to make great discoveries in the realm of smoke? Other substitutes introduced under the four-years scheme have, we are told, proved better than the real thing, and it may now be the turn of Frau Nikotin to undergo a long-delayed loss of prestige.

Among the substitutes specified in the official list are lavender, thyme, cherry leaves, clover, dried nettles, mint, coltsfoot, woodruff, buckthorn, lemon peel, rose leaves, vanilla root, and violet root. Altogether there should be something to suit all tastes, and in any case there are few tastes that cannot be cultivated.

Smokers throughout the world have hitherto been strangely conservative. Perhaps it is the might of the tobacco trusts that has prevented tobacco substitutes from coming to the front. But even the most deep-seated of vested interests must quake when the Fuehrer speaks—and the Fuehrer himself, be it noted, smokes little if at all.

One does not doubt that the supreme discipline of the German people will rise to this as to the many other demands made upon their adaptability. Strange odours may arise, and strange tastes be produced in the mouth, but with every suffering whiff they will be able to reflect that they have dealt one more blow at encirclement.

# EMPIRE DEFENDERS

BRITAIN'S defences are the strongest in the world. On the sea and in the air, her power is such that she cannot be invaded. This page is dedicated to-day to two of the Services upon which the task devolves of defending an Empire.

The remarkable photograph below was taken in Weymouth Bay a month before the outbreak of War, when the whole of the Reserve Fleet of 133 ships, including battleships, aircraft-carriers, cruisers, submarines and destroyers, were reviewed by H.M. the King. Only part of the fleet is shown here.

Below, we publish in outline the aircraft of the Royal Air Force—the types of machines Britain is turning out in such mass production that already she had attained an overwhelming supremacy in the air.

**VICKERS SPITFIRE**

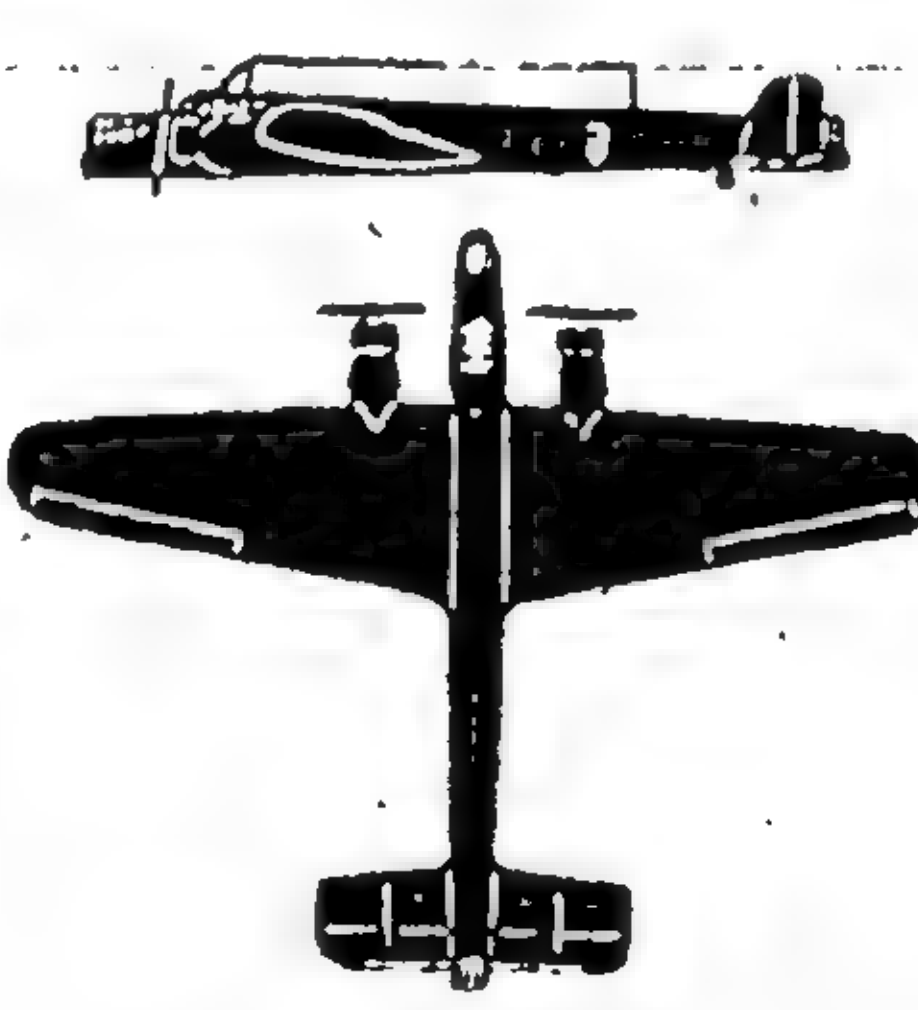

(Fighter)

Claimed to be the fastest standard single-seat fighter in the world, the Spitfire has achieved a top speed in level flight of 367 m.p.h. It is distinguishable from the Hawker Hurricane fighter by its elliptical shaped wings. Tapered into the nose is a Rolls-Royce Merlin 1,000 h.p. engine. From a button on the control column the pilot operates eight guns, mounted four in each wing. Test flying these machines, Flying Officer Geoffrey Quill consistently dives them at over 500 m.p.h.

**ARMSTRONG**  
**WHITWORTH WHITLEY**

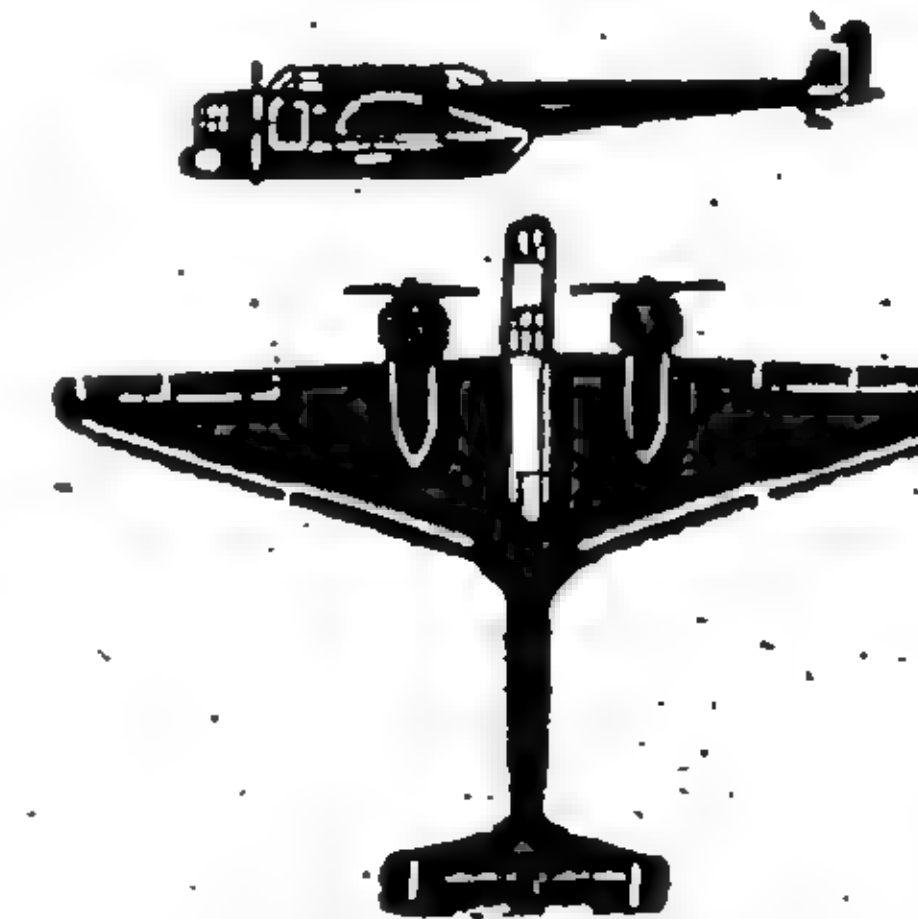

(Bomber)

The Whitley is a heavy bomber for carrying large loads. It can be distinguished by the long straight fuselage and the wings with slight taper at the leading edges and sharp taper at the trailing edges. The latest version has two Rolls-Royce Merlin 1,000 h.p. engines which give a top speed of 245 m.p.h. Total range is not known. There are multi-gunner turrets in the nose and tail, and one which lets down underneath the fuselage.

**HANDLEY PAGE**  
**HAMPDEN**

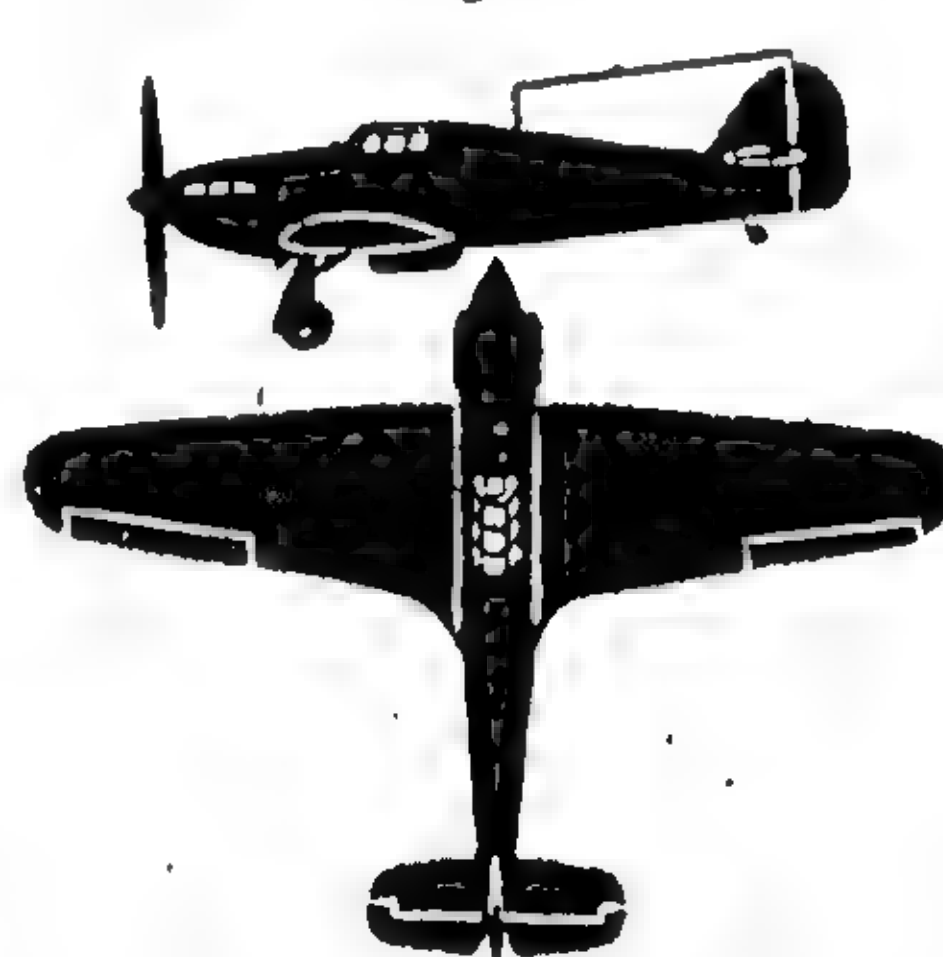

(Bomber)

The Hampden is easily recognised because of the peculiar shape of the fuselage. The fore part is deep and narrow—for which reason it was called the "flying suitcase"—and the tail assembly is carried on a narrow, tapering boom. It can carry a total load of about three tons of bombs, and the maximum range varies according to the load carried up to 1,900 miles. Maximum speed at 15,000 ft. is 203 m.p.h., and the economical cruising speed at the same height, 220 m.p.h. The engines are two Bristol Pegasus 885 h.p. radial engines.

**HAWKER HURRICANE**

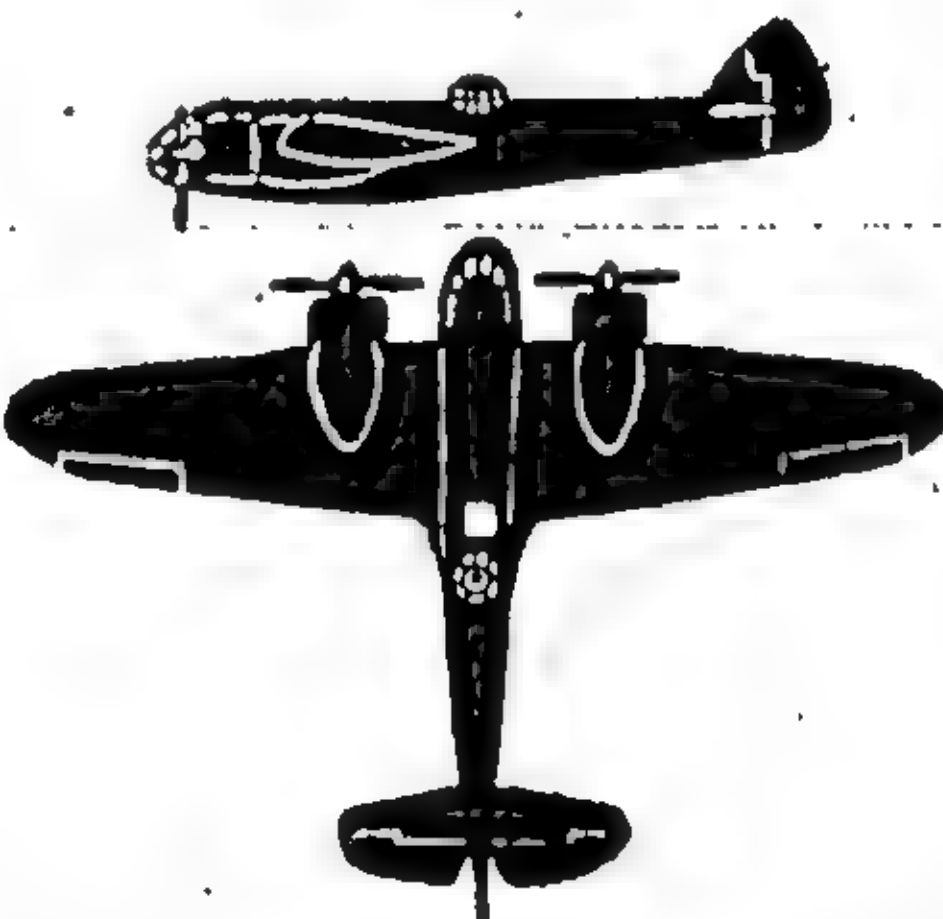

(Fighter)

The Hurricane is a brother of the Spitfire, being the only other eight-gun single-seat fighter at present in use by the R.A.F. The general layout is similar, but the wings are not so sharply tapered as those of the Spitfire and the body rather fatter. Top speed is claimed to be over 335 m.p.h. The engine is a Rolls-Royce Merlin, and eight guns are mounted in the wings. Despite its high speed, the Hurricane can perform the most startling aerobatics.

**BRISTOL BLENHEIM**

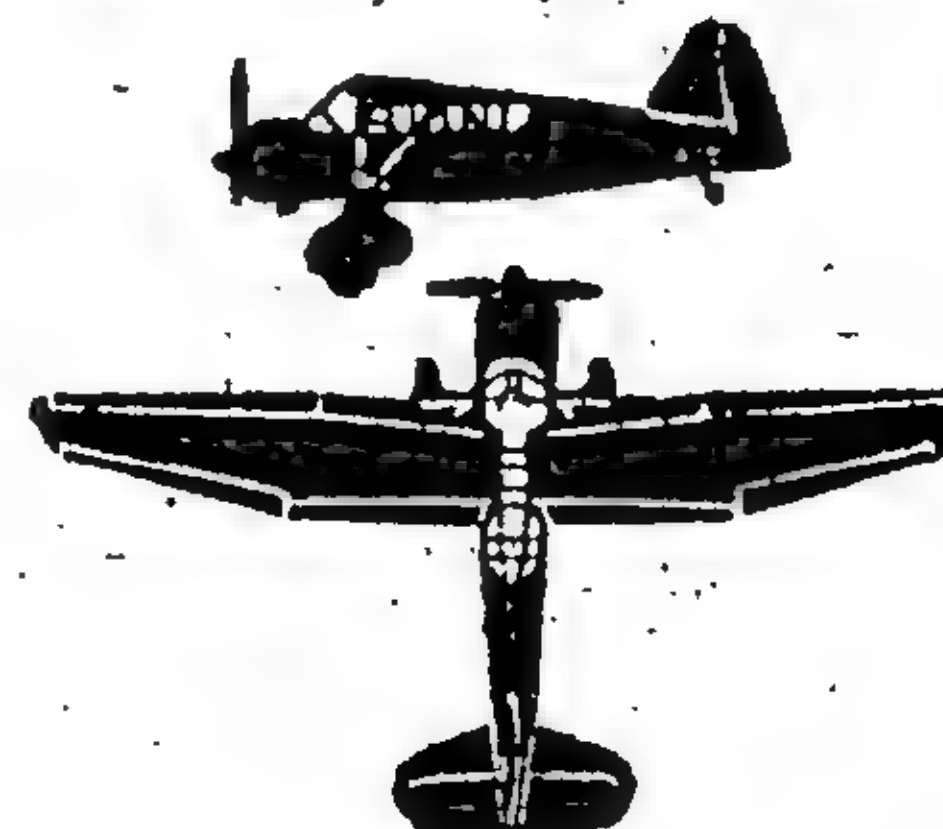

(Bomber)

These outlines show the first Blenheim type which is now being superseded by an improved model whose main visible difference is a longer nose. Both models have two Bristol Mercury engines. The first type has a maximum speed at 15,000 ft. of 285 m.p.h. with a range of 1,200 miles. The later or long-nosed version has a top speed of 295 m.p.h. and a range of just under 2,000 miles. Armament consists of a Vickers gun mounted in the port wing and fired by the pilot, and a Lewis gun in the turret amidships, fired by the radio operator-gunner.

**WESTLAND LYSANDER**

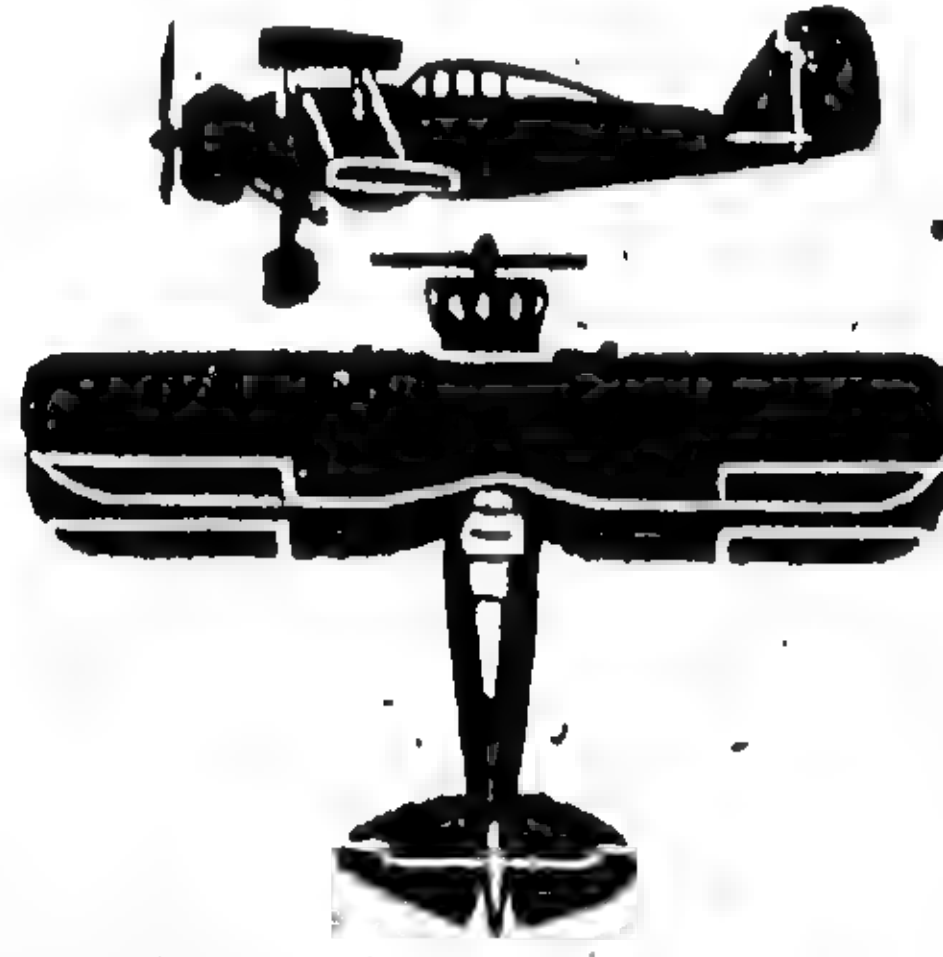

(Army Co-operation)

Most easily identifiable of aircraft, because of its distinctive shape, is the Lysander, designed for high-speed liaison work and Army co-operation. The wings are set high on the fuselage, with two sets of bracing struts to the undercarriage legs. The landing wheels are covered with rather bulbous spats which also house landing lights. Top speed is 220 m.p.h., but because of the use of slots and slotted flaps it can fly at 80 m.p.h.

**GLOSTER GLADIATOR**

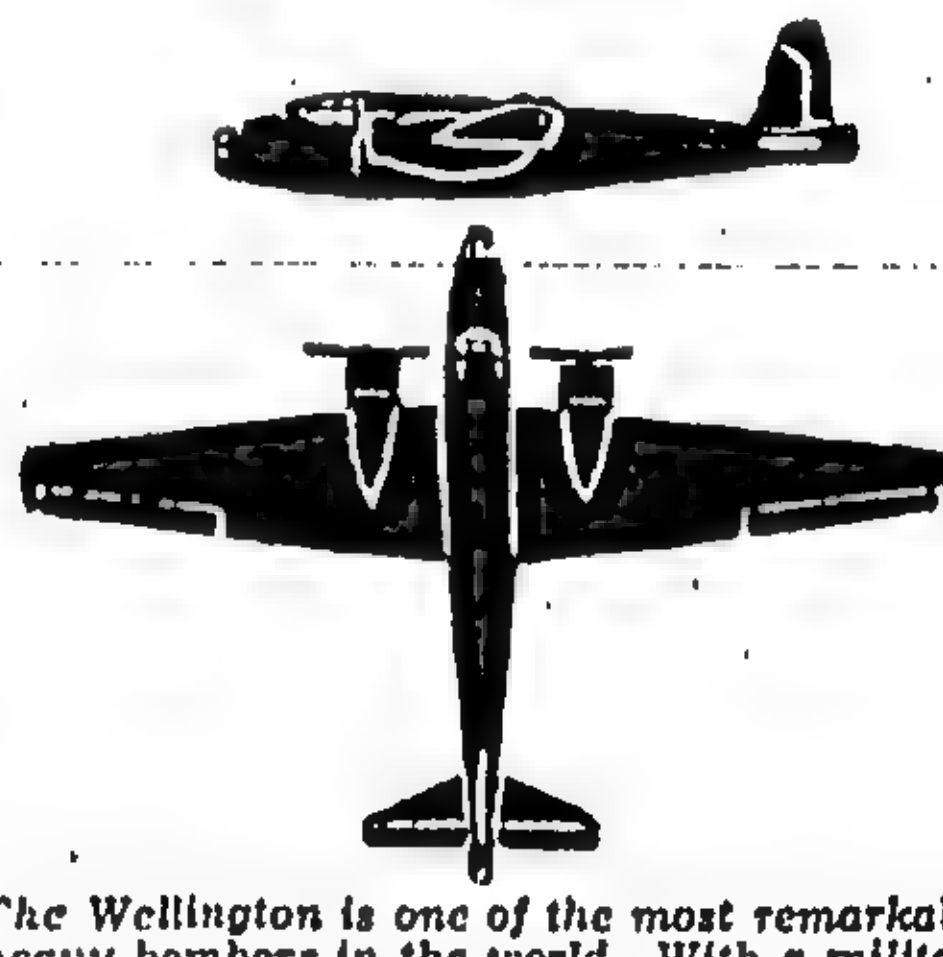

(Fighter)

The only surviving biplane type among the latest-range of machines for the R.A.F., the Gloster Gladiator single-seat fighter is remarkable for its manoeuvrability in the air. A top speed of 225 m.p.h. at 15,000 ft. is derived from a Bristol Mercury radial engine of 840 h.p. Its armament consists of four Browning guns. Developed from the earlier Gladiator, the Gladiator is easily distinguished, having no axle between the landing wheels, a cockpit covering, and only one set of inter-plane struts on either side of the fuselage.

**VICKERS WELLINGTON**

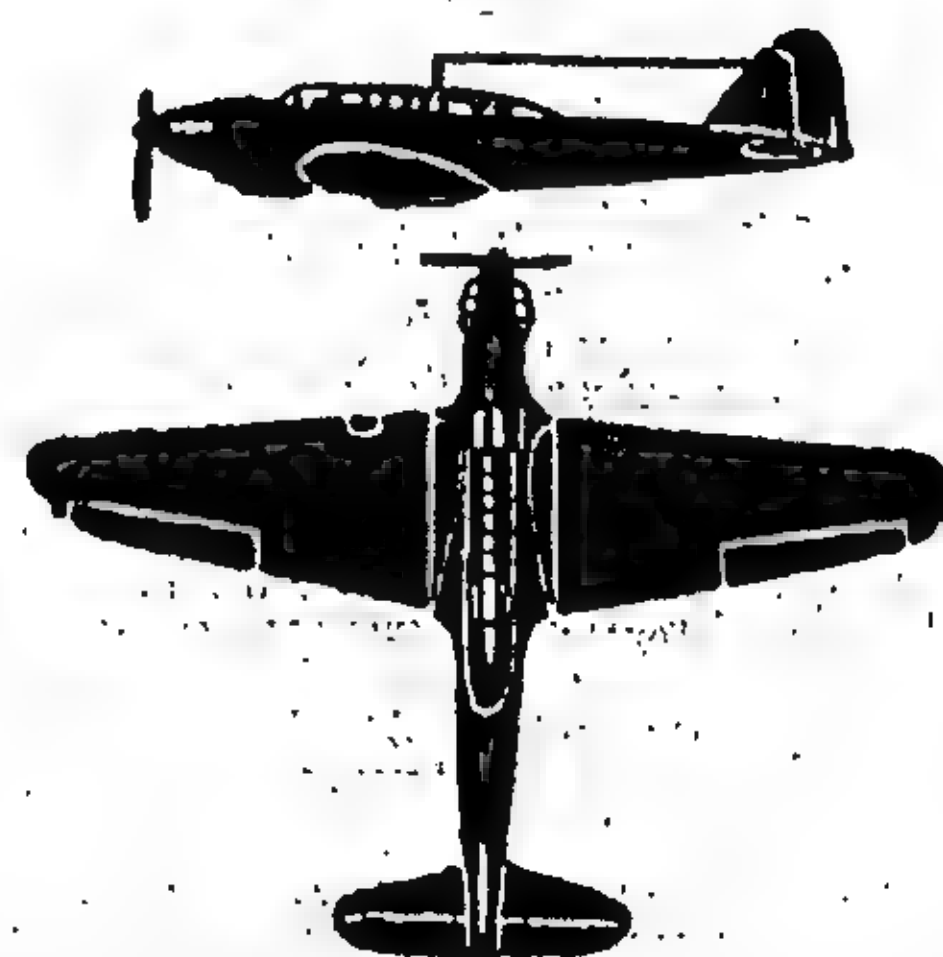

(Bomber)

The Wellington is one of the most remarkable heavy bombers in the world. With a military load it has a maximum range of 3,200 miles. Its great weight-carrying capacity is achieved by means of a patented form of structure, consisting of curved metal members each of which forms a geodetic, taking the shortest path between two points on a curved surface. The result is great strength and lightness of structure weight. With two Bristol Pegasus 980 h.p. engines, the Wellington has a top speed of 265 m.p.h. at 17,000 ft. Normal cruising speed is 215 m.p.h. Crew varies from four to seven.

**FAIREY BATTLE**

(Bomber)

A medium bomber monoplane, the Battle is our only single-engined machine of this type. The engine is a Rolls-Royce Merlin. Top speed at 16,000 ft. is 237 m.p.h. Maximum range is approximately 1,000 miles. For reconnaissance purposes a notable feature is the long "glass-house", covering—extending from the front of the pilot's cockpit to the gun mounting in the rear seat.

# SPECIAL WAR MAP OF EUROPE FOR READERS OF THE "TELEGRAPH"

## Neutrality Of Axis Power

### Italy Swings Away From Hitlerism

**SPECIAL TO THE "TELEGRAPH"**  
PARIS, Sept. 11, (UP).—The French Ambassador to Rome to-day brought the French Foreign Minister the encouraging report that the chances are good for Italy remaining neutral.

Neutrality of Italy might eventually prove favourable to the Allies. The Italian Foreign Minister is reported to have returned to Rome from Salzburg, intensely angry with the German Foreign Minister, because previously Berlin had always promised Rome that they would not go to war to satisfy their demands on Danzig.

The French Ambassador to Spain has also reiterated General Franco's personal assurance that Spain intends to maintain very strict neutrality, and in particular, has pledged continuance of the Spanish good-neighbour attitude towards France.

#### Diplomatic Activity

**SPECIAL TO THE "TELEGRAPH"**

BERLIN, Sept. 11 (UP).—Reports that Signor Mussolini may address a message to the British and French through the Italian Ambassador at London and Paris followed intensified into German diplomatic activity, in which there were frequent conferences between Ambassadors Atolico and Von Welzneck.

It is reported that Signor Atolico may soon visit the eastern front to confer with Hitler.

#### Japan And France

**SPECIAL TO THE "TELEGRAPH"**

PARIS, Sept. 11 (UP).—The French Foreign Minister, M. Bonnet, was in conference with the Japanese Charge D'Affaires here to-day.

#### Britain And Italy

**SPECIAL TO THE "TELEGRAPH"**

ROME, Sept. 11 (UP).—The Italian Foreign Minister, Count Ciano, was in conference with the British Ambassador to Rome to-day. This is the third time they have held conferences since the commencement of the war. The subject of the conference has not been revealed.

## N. ZEALAND RECRUITS AN ARMY

supply \$100,000,000 for war purposes for the year ending March, 1940 according to a Dow-Jones message from Ottawa.

Authority will be sought to raise the money through loans.

#### India's Appreciation

LONDON, Sept. 11 (Reuters).—Lord Linlithgow, the Viceroy of India, has replied to the King thanking him for his message.

Nothing, he said, could have been more deeply appreciated or contributed to the firm resolution of the people and princes of India in defending the principles which are now at stake.

#### Chamberlain's Message

LONDON, Sept. 11 (Reuters).—Mr. Neville Chamberlain has sent a telegram to Mr. Mackenzie King, the Canadian Prime Minister, in which he expressed deep appreciation at the personal message from the Canadian leader concerning Canada's proclamation of a state of war with Nazi Germany.

Mr. Chamberlain says it is a profound encouragement to know that Canada has decided to employ her great resources in the struggle against German aggression.

#### Australia Will Be Thoro

LONDON, Sept. 11 (Reuters).—Mr. R. Menzies, the Australian Premier, told Parliament to-day that Australia was planning for a long war.

State Premiers had been in consultation regarding organisation of man-power and finance.

#### Message From Emperor

SIMLA, Sept. 11 (Reuters).—The Viceroy of India to-day read a message from the King-Empor at a joint session of the Legislature.

The King expressed deep satisfaction at the support in India for the cause for which Britain was at war, and for the many offers of assistance from both the princes and the people. He was confident that in the struggle they could count on sympathy and support from every quarter of the Indian continent.

Britain was not fighting for any selfish ends, but for principles vital to the future of civilised man—that Reason, and not Force, should prevail.

The Viceroy expressed confidence that the defence forces of India would maintain their glorious traditions. Although preparations for co-operation were well advanced, the

whatever difficulties and danger may beset their calling, the British merchant navy and fishing fleets were firmly resolved to play their part in maintaining their operations and thus contribute to the achievement of victory.

#### Netherlands Lays Mines

LONDON, Sept. 11 (Reuters).—Mines are being laid by the Netherlands navy between the North Sea islands and the Netherlands coast in order to help protect the country's neutrality.

#### German Retaliation

**SPECIAL TO THE "TELEGRAPH"**  
BERLIN, Sept. 11 (UP).—Germany will soon draft a list of contraband, including foodstuffs, against England.

It is also announced that the German Government has drafted a "blacklist" of firms dealing with Britain.

It is claimed that these measures are designed as a direct answer to Britain's "flagrant breach of the law" through establishing contraband lists and commercial "blacklists" against Germany.

#### Blockade Tightened

**SPECIAL TO THE "TELEGRAPH"**

LONDON, Sept. 11 (UP).—Great Britain has tightened control on the sea and has dug in for a long war. The British and French navies are closely collaborating in the laying of heavy mine-fields in the North Sea and English Channel, closing in the blockade with which they hope to bring Germany to her knees.

The Admiralty has hastened preparations to convoy all allied merchant shipping to or from allied ports and other major ports.

work would have to be suspended for the present owing to the situation. Applause greeted the speech from all corners of the House.

From Calcutta comes a message stating that news of the suspension of federation has been greeted with immense satisfaction, especially among the Moslems, who now see their way clear to the fullest co-operation with Britain.

## NEWS FLASHES

(Continued from Page 1.)

refused to sail to Japan with a large consignment of oil, and adding that they were willing to take the oil to Greece, but not to Japan.

LONDON, Sept. 11, (Reuters).—The Stock Exchange to-day was generally bright, with coppers and some industrial shares showing useful gains.

Among commodities, cotton was active with prices sharply higher, although late dealings saw a slight reaction on freer offerings.

Rubber was firmer and there was a good general demand.

NEW YORK, Sept. 11, (Reuters).—Minimum war risk insurance rates on British, French and Polish vessels plying between North America, Central America and European and Atlantic ports, have been increased 50 per cent. Other schedules remain unchanged.

LONDON, Sept. 11, (Reuters).—King Zog of Albania is to be joined here shortly by his wife, child and sisters.

He said to-day that his visit was a private one.

He added that peace, though it might be difficult to attain, must be based on justice. The Albanians had a special reason for admiring Britain, many leading Britons had helped the Albanian cause.

TOKYO, Sept. 12 (Reuters).—The Japanese Minister for Justice, in an interview in Tokyo yesterday, warned the people of Japan to bear in mind how Germany was defeated in the last war.

Her defeat was not entirely a military defeat; Germany, he pointed out, broke down under economic pressure and was destroyed.

The Lord Mayor has opened a Mansion House fund in response to the Duke of Gloucester's appeal for the Red Cross and St. John emergency Committee.

The list is headed with a donation of £5,000 from the King, £2,000 from the Queen, £1,000 from Queen Mary, £1,000 from the Duke and Duchess of Gloucester, and £750 from the Duke and Duchess of Kent.

PARIS, Sept. 11 (UP).—Industrial issues made a substantial recovery on the Paris Bourse to-day. This is the first day that the exchange regulations have been put into force. Government rents declined slightly; international issues were irregular.

LONDON, Sept. 11 (UP).—The Stock Exchange closed weaker.

## Conscription Tribunal

### Barrister Included By Mistake

MR. GEORGE SHE, barrister-at-law, was one of the two "conscripts" who appeared before the Appeal Tribunal at the Supreme Court this morning against being assigned to compulsory service.

The Tribunal comprised the Chief Justice, Sir Atholl MacGregor (Chairman), Hon. Mr. S. H. Dodwell and Brigadier A. B. Thomson.

Mr. She said his ground for the appeal was that he was a Chinese. He had registered himself under the British registration by mistake; what he should have done was to enter his name in the Chinese register.

When he received the order, Mr. She said, he explained the position to Mr. Bidmead, the officer in charge, but was told that he had better attend.

Remarking that he had known Mr. She ever since he came to the Colony, the Chairman allowed the appeal and directed that Mr. She be exempted.

#### Not Permanent Resident

That he was not a permanent resident of Hongkong was the ground put forward by Mr. E. H. Baker, who added that he only came here from Canton last October on account of the trouble there. He had been in China for the last 18 years and intended to return to Canton, where he was in business, as soon as conditions improved.

Brigadier Thomson: Where would you stay if conditions in Canton do not improve?—I would remain here.

The Chairman: I think there can be no possible hardship for you if you continue your assignment with the intimation that when conditions changed you have to go back to Canton. Then you can make another application.

Mr. Baker: But I was told that once I join I would not be allowed to leave.

Brigadier Thomson: Arrangements have been made whereby for business reasons you can leave the service.

Mr. Baker: In that case I have no objection.

The appeal was thereupon dismissed.

There was scattered selling which brought gilt edge stocks to around the minimum. Rubber and shipping shares were strong.

## KNITTED SPORTS SHIRTS

Light weight cotton, interlock knitted—the secret of their airiness, elasticity and comfort. Half sleeves, short front opening, attached collar—a tie is just a matter of taste.

# LOCAL FOOTBALL LEAGUE TO CARRY ON AS USUAL Decision Reached At Association Meeting

There is good news for soccer enthusiasts in the Colony.

At a meeting of the council of the Hongkong Football Association, held last evening it was decided that the League, which had appeared likely to be affected to a certain extent by the war, should carry on as usual.

The only change from the original arrangement is that the League, instead of commencing on September 23, will start on October 7.

Mr. Wong Ka-tsun presided at the meeting, others present being Capt. S. Burn, Messrs. W. H. Chen, W. Kirby, E. Strange, H. G. Cooper, W. E. Hollands, C. A. Goldenberg (Hon. Secretary) and L. Souza (Assistant Hon. Secretary).

Dealing with the Hongkong-Shanghai annual match, Mr. Wong said that the Interport Committee had recommended that the game be held in Shanghai. The Council proposed that decisions on various points be deferred.

Mr. Wong said that one matter for discussion was whether the League should be postponed in view of present conditions. The Navy representative had written to say that it was felt that everything should be done to keep the League running.

Speaking for the Army, Capt. Burn said they should like to see the League continued. Mr. Kirby, Police representative, said that time would be given to his players.

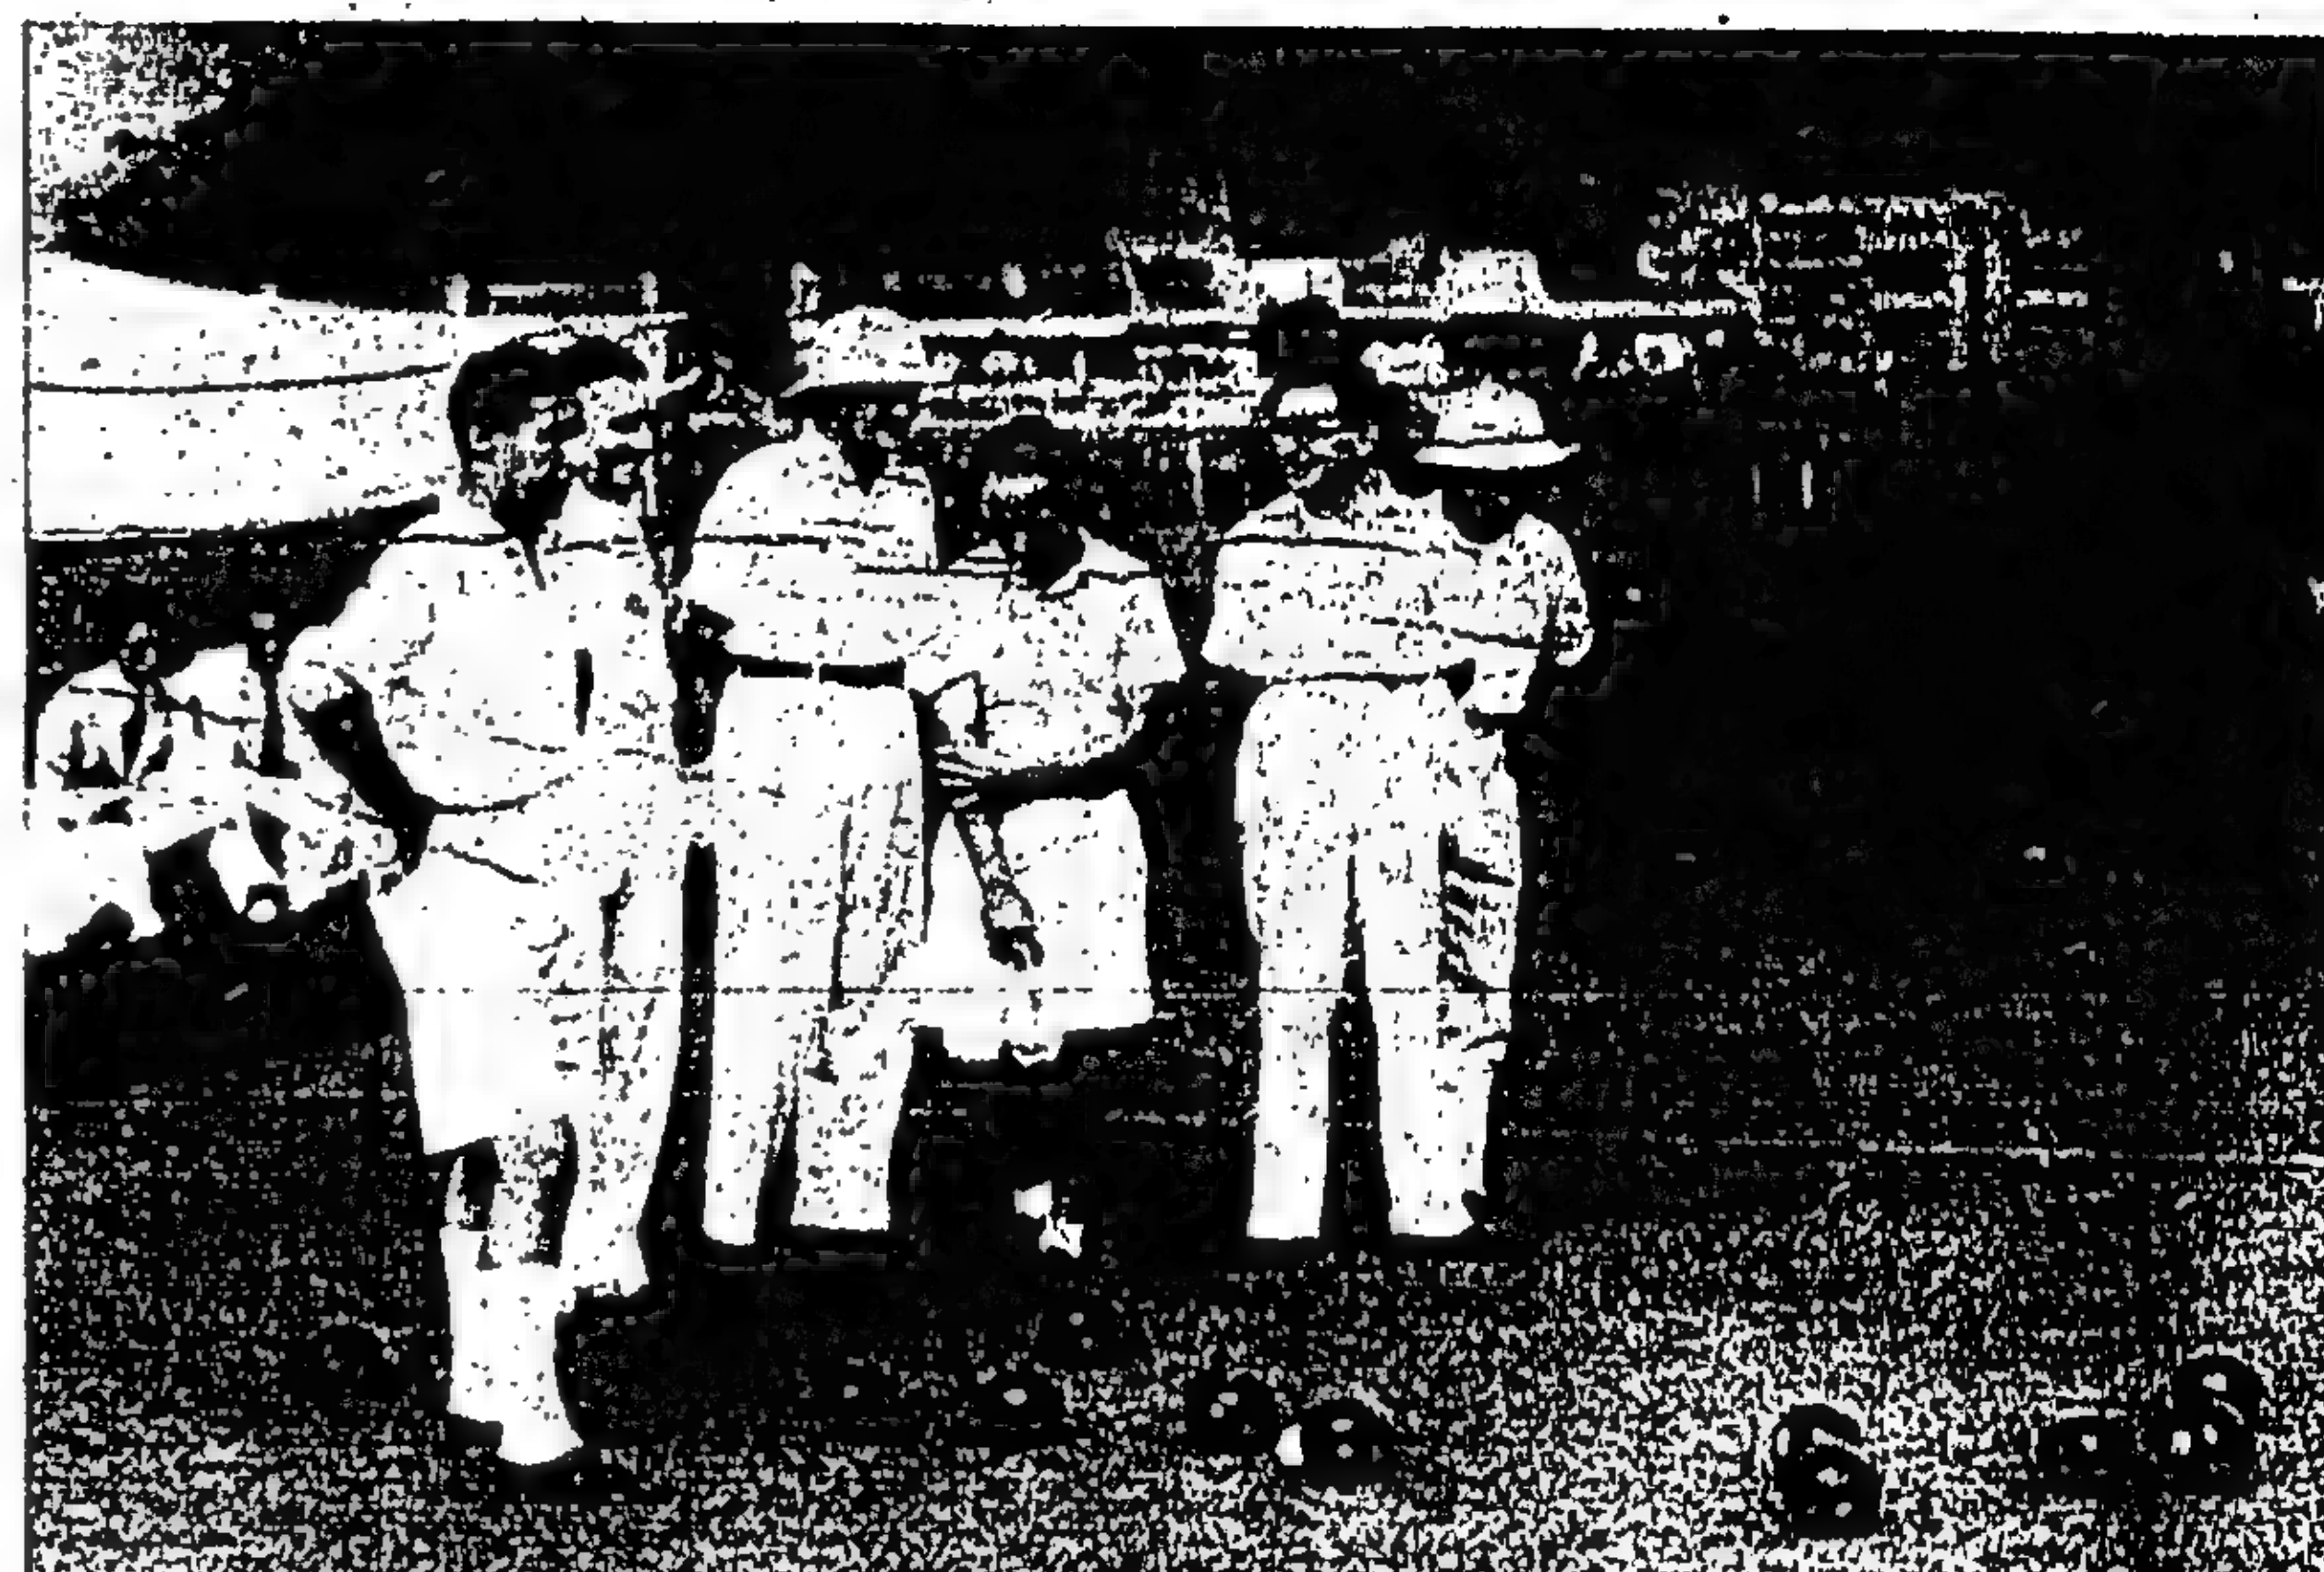

The Council decided that the League should carry on.

It was decided that the League should start on October 7 instead of September 23.

His Excellency the Governor has accepted an invitation to attend the charity match to be played on the Club ground on October 10.

Mr. Wong said a letter had been sent to Shanghai suggesting ten minutes each way should be played if a draw occurred. Shanghai had replied that 15 minutes was preferred.

Mr. Chen mentioned that the South China players, at present on a South Sea tour, were finding it difficult to return to Hongkong owing to lack of accommodation on steamers.

The Open Rinks final in progress on the Civil Service C.C. green on Sunday. The rink skipped by F.X.M. da Silva, of the Club de Recreio, defeated the rink led by J.C. Brown, of Kowloon Dock, by 25-8. Players seen in the picture are (left to right) R. Morrison, M. Ferguson, A. Calman, J.F.V. Ribeiro, C.M. Silva and F. A. Machado.—Photo by Ming Yuen.

# Here And There With "Abe" Indians Give Champions A Terrific Fright

WHILE every lawn bowler in Hongkong is now aware that the Club de Recreio "A", by winning their thirteenth successive match in the League on Saturday against the Indians, have retained the championship of the First Division, few outside of those who saw the end of an exciting match know how close the champions got to being beaten. Rather ironically, the Kowloon C.C. Recreio's closest rivals in this division, were beaten at Happy Valley, so it would not have mattered to the champions' chances of retaining the title even if they had been defeated by the Indians. But it would have ruined their present ambition of finishing the season without a single reverse. They were definitely in danger of going down, but like the splendid team that they are they managed to extricate themselves. When two rinks had completed their matches, the Portuguese were one up but Dallas was lying two against Carlos Silva. The two shots were beauties, one on each side of the jack, though offering a target for a heavy wood. Nevertheless, despite all the efforts of the Recreio front men they were moved at all when the skips went down. Knowing Silva's accuracy with his heavy shot, Dallas put down a perfect block for a drive and, frustrated in this, Silva persevered to draw—which he did beautifully. His wood had perfect green and weight and insinuated itself between the two L.R.C. woods to sit on the kitty for first shot. Dallas's blocker had now become a boomerang. He had to go up with some weight in order to shift Silva's wood and his second wood was wrecked by the first.

be no fear of 12 players left kicking their heels on a bowling green awaiting their opponents.

## Clearly Superior

THERE could have been no doubt whatsoever as to which was the better rink in the Open Rinks final on the Civil Service C.C. green on Sunday. The Portuguese proved once again that four consistent men almost invariably will beat a rink consisting of players who shine only at intervals. F. A. Machado, C. M. Silva and J. F. V. Ribeiro, "Spuggy" Silva's front men, were not always brilliant, but when one fell off another would play well. However, in J. C. Brown's rink, only A. M. Calman and M. Ferguson held their own. R. Morrison did not shine at all, while Brown himself played a rather mediocre game. Excuse, however, might be made in the case of Brown, who was always up against it. He had an unenviable task all through. The high standard of bowling in the Club de Recreio is shown by the fact that of the three Open Competitions, two (Rinks and Pairs) have been won by members of that club, while in the third (Singles) the club provided two of the four semi-finalists.

## Any International?

IS there going to be any international tournament this year? I have been asked this question several times during the last fortnight or so, but I have not heard anything official about it. If the Association decides to hold this tournament, isn't it about time that a start was made?

## A Close Shave

HAD the Indians defeated the champions, they would have caused the greatest upset in the 1939 League season. And yet they might have won had they been a little steeper in the end. With only two or three heads to go, they were actually leading by six shots all round, but the inability of A. K. Minu's rink to stem "Spuggy" Silva's tide of success, plus a partial recovery by Dick Alves against M. R. Abbas prevented the Indians from taking the spoils. It is rare to see a side, which is up on two rinks by 23 shots in all, lose a match by two shots. But this is what happened to the Indians. "Spuggy" Silva's rink ran riot against A. K. Minu's four and won the match for their side as the result of their 30-3 victory. A. R. Dallas rather spoilt Carlos Silva's unbeaten record by winning by 17 shots—a decisive margin of victory. Good support by his front men also enabled Abbas to beat H. A. Alves, the second leading skip in the League.

## A Misunderstanding?

AS the above match progressed, members of the Club de Recreio "B" were twiddling their thumbs waiting for the arrival of the Police R.C. their opponents. They waited, but they waited and they waited, but no Policemen turned up for the match. It would appear that the Recreio "B" convenor had not been informed of any postponement by the Police. I saw a member of the Police team on Sunday at the Civil Service C.C. and asked him about it, and I was told that the Police had informed the League officials that they could not field a side to play Recreio "B". They, however, did not inform the Recreio men. I should have thought it would be more important to tell your opponent. Then there would

## Tennis

# C. E. HARE BEATEN BY F. PARKER

Forest Hills, Sept. 11. Charles Hare, Great Britain's "one-man" team in the singles tennis championships of the United States, was eliminated from the competition to-day by Frankie Parker, the U.S. Davis Cup player.

In defeating Hare, Parker has reached the last 16. He won by scores of 6-4, 6-2, 3-6, 7-5. Wayne Sabin, also of the United States, defeated a foreigner, D. Mitic, of Yugo-Slavia, by 6-1, 6-0, 6-4.

## WOMEN'S SINGLES

In the second round of the women's singles, Miss Kay Slammers of Great Britain beat Miss Maria Barnett, of the United States, by 6-0, 6-0.—United Press.

# THE HONG KONG JOCKEY CLUB.

Draft Programmes and Entry Forms for the Seventh Extra Race Meeting to be held on Saturday, 23rd September, 1939. (weather permitting) may be obtained at the Secretary's Office, Exchange Building; The Club House, Happy Valley; The Hong Kong Club; The Sports Club; and the Stables, Shan-Kwong Road.

Entries close at 12 o'clock NOON on Thursday, 14th September, 1939.

By Order,  
C. B. BROWN,  
Secretary.

London, Aug. 12.

Glamorgan's hero was Smart, who during the day gave two brilliant exhibitions of hard hitting, making 101 not out and 67 not out. Contrary to expectations, he earned his side the first innings lead.

Hammond twice closed the Gloucestershire innings, and when they batted a second time he touched his best form. In a glorious display he knocked up 73, including 11 boundaries, in 45 minutes before setting Glamorgan to make 117 in 70 minutes.

At one time Glamorgan fell behind the clock, but at the critical point Hammond, instead of running out Mercer, made a wild overthrow which gave Smart five and the two balls Mercer hit for 6 and 4. Sixteen runs in that over decided one of the many exciting days' cricket seen at Bristol this season. Everything appeared to favour Gloucestershire's first declaration at the Wednesday night score—there was no play on Thursday. It was the only chance of the match being finished.

## FLOODED PITCH

The wicket, which was flooded on Thursday did not become difficult, however, despite the hot sun. It rolled out dead easy, of no use to spin bowlers or any others, and Gloucestershire's hopes were not fulfilled.

They began well enough by getting three wickets for 35, but Jones, promoted in the batting order, played so solidly that he gave the bowlers no further chance of success, and while he kept his end going, first Turnbull and then Smart scored by bright and aggressive methods.

Smart attacked the bowling vigorously whenever there was a chance and the constant changes Hammond made did not affect him. He scored the first century by a visiting batsman on the Bristol ground this season, hitting 144's.

G. Evans and H. Davies helped him in brisk stands of 41 and 60

respectively and when Smart reached his 100 Glamorgan led by 12 runs and Turnbull declared.

With two and a half hours to go Hammond sent in Scott and Goddard to follow Barnett in an effort to score quickly. Hammond himself gave his finest display of hitting this season and raced to 50 in half an hour.

Glamorgan accepted the challenge of Hammond's second declaration in the sporting spirit that had characterized the whole game, and got the runs with four minutes still left of extra time.

# Indian R.C. Rinks For Saturday

The following will represent the Indian R.C. in their Lawn Bowls League match against the Craigengower C.C. at Sookunpoo on Saturday, September 16, at 3.30 p.m.:

D. M. Khan, A. M. Wahab, M. Y. Adal and A. R. Dallas (skip); J. Hoosen, S. M. Rummah, A. R. Minu and A. K. Minu (skip); A. H. Rummah, A. Bakar, A. O. Madar and M. R. Abbas (skip).

When Henry Armstrong (right) and Lou Ambers met in New York recently it was agreed that the fight was only for the world's lightweight title. The welterweight crown, which Armstrong also wears, was not affected. Ambers won surprisingly on points. The two are shown at the signing-up of the fight.

## SENT UP FOR TRIAL Four Men Charged With Murder of Friend

The case in which Wong Yin, 22, unemployed boiler-maker, Tang Lai, 25, unemployed blacksmith, Chan Lam, 23, unemployed painter, and Wong Kee-shun, 23, master of the Wong Lam Kee grocery store, were charged with the murder of Li So, 30, ship's caulker, in Main Street on July 22, concluded at the Central Magistracy yesterday, when Mr. Forster committed the defendants for trial at the October Sessions.  
Mr. Whyntz intimated that application will be made to have defendants tried in the September Sessions.  
Mr. Whyntz, Crown Counsel, assisted by Inspector Whunt prosecuted, and Mr. F. H. Loebe represented the defendants.  
The prosecution alleged that Li So was set upon by defendants and there was apparently no motive for the crime. Deceased was taken to the Queen Mary Hospital and a post-mortem revealed a cut in the scalp seven inches long, four inches deep, below and parallel to the last rib. This wound had penetrated the kidney, cause of death was haemorrhage.  
Several witnesses had identified defendants, who were arrested asleep on a junk.  
Chan Lam stated that he was asked to purchase some heroin pills by Wong Yin and then invited to smoke with him, which he did. No mention was made to him of any attack and when he was arrested he did not know why.  
Fourth defendant reserved his evidence for the Sessions.

## FIVE VACANT BERTHS Taiping Well Booked For Australian Voyage

There were only five berths vacant when the Australian-Oriental liner Taiping sailed for Manila and Australia yesterday, the second class section being packed. However, beyond a few Chinese families, the big booking did not represent a refugee exodus from Hongkong, most of the European passengers being round-trippers who had come north by the Taiping or via Singapore.  
Two Chinese women who had failed to obtain the necessary sanction of the Secretary for Chinese Affairs to leave the Colony were unfortunately. They were refused permission to go and they and their baggage had to leave the ship about five minutes before she sailed.  
One Chinese family of 11 was included in the passenger list. Another Chinese family of 30 applied for berths, but would not take the only seven berths which could then be provided for them.  
The Ajax sailed yesterday for Singapore and Europe. Her only Hongkong passenger was Mrs. B. J. King, wife of a naval officer.

## WASH FATIGUE ACIDS OUT OF ACHING TENNIS ARM!

When your arms and legs get stiff and sore after an unusual tennis game, there's a reason for it: It means fatigue acids in your muscles are making them stiff and sore. Rub on Absorbine Jr. It needs the blood through the muscles and the blood washes away the fatigue acids. Prompt relief follows.  
Absorbine Jr. gives double-acting relief because it penetrates deep under the skin where the pain is, and can be massaged—attacking the pain two ways at once. Try a bottle of reliable Absorbine Jr. today. A little goes far and it's clean and easy to use. No mess or stain. Sold in all good stores.

**ABSORBINE JR.**  
For years has relieved sore muscles, muscular aches, bruises, cuts, sprains, abrasions.

## OF THE FAMOUS JOHNSON'S WAX POLISHES

**1. for furniture  
JOHNSON'S FURNITURE POLISH**  
This creamy polish contains no oil. Will not collect dust or show fingerprints as oil polishes do. Cleans as it polishes—produces a lovely wax lustre.

**2. for floors  
JOHNSON'S GLO-COAT**  
This revolutionary floor polish needs no rubbing! Just apply Glo-Coat, let it dry—in 20 minutes it dries to a beautiful, gleaming lustre! For all floors and linoleum.

Johnson's Wax Polishes are famed the world over for unsurpassed quality and economy. Buy them from your department, hardware, paint or grocery store.

## RULES

The following Rules will govern the Competition:  
1.—The Competition is confined exclusively to amateur photographers.  
2.—No employee or member of any firm in the photographic trade is permitted to compete.  
3.—The prizes will be awarded to the competitors sending in what are adjudged to be the best photographs in each Section. Each entry must be accompanied by a form which will be published during the period of the Competition, and which must be pasted on back of entry.  
4.—The right to publish any of all of the entries is reserved to the Hongkong Telegraph.  
5.—All photographs entered must have been taken in the Colony of Hongkong. Photographs which have been already entered in other Competitions are ineligible.  
6.—No responsibility will be accepted for non-delivery of loss of, or damage to entries.  
7.—All entries to be either black and white or color prints, and must be mounted. Coloured photographs are ineligible.  
8.—Pictures submitted in sepia tones should be accompanied by a smaller print in black and white.  
9.—No picture is entered in more than one Section.  
10.—Mounts to be only white or cream, and, except in the Children's Section, must be of one of the following sizes:—10x12, 16x20.  
11.—No correspondence will be entered into in connection with the Competition.  
12.—Entries in the Children's Section must bear the entrant's name, age and address on the entry form, countersigned by a parent.  
13.—Members of the Staff of the Hongkong Telegraph and the South China Morning Post are not permitted to compete.  
14.—The decisions of the Judges shall be final.  
15.—At the conclusion of the Competition, entries will be returned to competitors on application at the Telegraph office within seven days.

## NAZI TORCH FIRES POLAND

(Continued from Page 1.)

the Vistula, Bug and Narow rivers, is already under the fire of German artillery.

### Warsaw Holds Out

BRUSSELS, Sept. 11 (Reuter).—Reports received here state that while the people of Warsaw are working day and night to defend the capital, Polish resistance in the field is becoming more organized daily, and it is claimed that the enemy advance has been definitely halted on several fronts.

The German army working south from East Prussia has hardly progressed beyond the line reached five days ago.

The Germans, having failed to enter Warsaw from the West, are now trying from the East, but according to the Polish military, this entails a very narrow salient with the risks of being cut in the neighbourhood of Bialystok and Grodno.

The Poles claim that the German army advancing from Slovakia ventured too far and have been pushed back by the defenders, who won several local successes.

Polish headquarters in the Corridor zone report they are still operating with cavalry in favourable terrain, comprising several lakes.

### Tanks in Suburbs

LONDON, Sept. 11 (Reuter).—Warsaw is still being held by the Poles.

The commander of the city garrison, Colonel Lipinski, in a broadcast over Warsaw radio to-night said that the German attack on the city was being out of four German tanks had been captured, one being captured in an attack on a suburb. Colonel Lipinski said that the value of the tank amounted to nothing in street fighting, as it could not get through the narrow streets and could not reply to fire from the house tops.

A Russian wireless message says that the Polish troops at Poznan are now fighting their way successfully through to join the main body near Warsaw.

From Brussels comes the news that the Polish war capital has been shifted from Lublin to a city in the north-east.

### Gdynia Holds Out

At midnight, Greenwich Mean Time, the Poles in Gdynia were still holding out.

Another London message says that there is little news of fighting in Poland to-day, but it is evident that Warsaw is still in Polish hands.

Foreign newspapers who have just arrived at Amsterdam confirm reports of numerous German air raids on the Polish capital, causing heavy casualties among the civilian population.

Reports from the Rumanian frontier confirm that the Polish army have withdrawn intact before the German advance. The Poles are now expected to entrench themselves in positions south of the River Vistula and along the Saar River, a historic Polish line of defence.

Behind this is Lublin, the Polish war capital, and Lwow, another important city which has been subjected to numerous German air attacks of great intensity, causing heavy casualties among the civilian population.

### Gallant Defence Of Seaport

LONDON, Sept. 11 (Reuter).—Polish troops are still holding out in Gdynia.

The Germans claim to have surrounded the city and to have captured towns within 20 miles radius of it.

They also announce that all goods traffic for the time being between East Prussia and Germany will be carried only by the sea route.

Earlier, it will be recalled, they announced that fighting in the Corridor might be considered as "over".

DETROIT.  
Mrs. Miles H. Knowles was graduated from the Detroit College of Law in 1924 but caring for a daughter and a son prevented her from taking her bar examination until last spring. Now, 15 years later, Mrs. Knowles has been admitted to practice.

## BRITAIN WILL NEVER TURN BACK, SAYS EDEN

(Continued from Page 1.)

agency in international relations. Until this is achieved no country can be safe," declared an official statement from the Ministry of Information to-day.

"Germany may say they have no aims in Western Europe, but the tale of limited German territorial ambitions has been told too often to inspire even the slightest confidence.

"Britain does not desire another Versailles Treaty, as Field Marshal Goering falsely alleges, nor does she desire the collapse of Germany.

"Britain desires a just and enduring peace with any honourable government."

### Hitler's Promises

LONDON, Sept. 11 (Reuter).—Field-Marshal Hermann Goering's speech (reported in the "Telegraph" yesterday) has revealed the bankruptcy of German policy, is the opinion in official British circles.

A statement issued by the Ministry of Information recalls Hitler's broken promises, and says that no confidence can be placed in any assurance he may give.

Britain requires peace to be concluded with a German Government whose word may be trusted.

### Broken Promises

LONDON, Sept. 11 (Reuter).—The Ministry of Information to-night issued a communique on Field Marshal Goering's speech to German munition workers.

"It is considered in official circles," says the communique, "that Goering's speech revealed the bankruptcy of the German policy."

"Hitler made many promises to foreign countries. None of them has been kept."

"It is therefore not surprising that no confidence is felt in any assurance he may give. Great Britain, therefore, is justified in regarding that peace should be concluded only with a German Government whose word may be trusted."

"But the Nazi Government has also misled the German people whom it had promised peace with honour."

### Policy Of Violence

"They have not got peace, because the German Government has deliberately pursued a policy of violence which made war inevitable. They have not got honour because the world recognises the crudity and violence of the German Government's charges against Poland."

"The 'sickening technique', as the Prime Minister called it, has become all too familiar. There is no country in Europe which does not regard the present German Government as pursuing a policy which is a menace to the security and independence of all."

### No Country Safe

"Britain is fighting for the return of decency in international relations. Until this is achieved, no country is safe."

"The Nazi Government may say it has no aims in the West, but the tale of limited German territorial ambitions has been told too often to inspire the slightest confidence."

"Britain does not desire another Versailles, as Goering falsely alleges, nor the collapse of Germany, but a just and enduring peace with an honourable German Government."

"Regarding the economic situation, Field Marshal Goering's speech can have brought little comfort to his listeners, who were already reduced to meagre rations before the war broke out."

"What is to be said of a Government which frivolously embarks on an unnecessary war, in economic conditions the gravity of which even Field Marshal Goering's optimism does not venture to conceal from an audience which is only too well aware of the facts."

of decency in international relations. Until this is achieved, no country is safe.

The report of the Chapter General of the Order of St. John for 1938 signals out Hongkong for special mention. The following is an extract from a report by Col. Sleeman who was in Hongkong two years ago.

"No part of the Brigade can have been tested more highly during the past three years than that at Hongkong, and my gratitude and appreciation goes to the Commissioner, Mr. Alfred Morris, the District Officer, Mrs. R. Langley, and all their officers and other ranks who have served so splendidly and well in the direct relief of suffering and in bringing comfort and hope to despairing refugees."

As one who was privileged to witness some of this work and as one who visited Canton in the earlier stages of the Japanese-Sino conflict, I can perhaps appreciate better than most the excellence of these services."

REPORT FOR AUGUST  
The report by the St. John Ambulance New Territories Medical Benevolent Branch shows that 14,300 cases were treated during August. Of this number, 3,450 cases were attended to at the Hwa Par Hospital, Cheung Chau.

Over 2,400 cases were seen by the doctor, and 164 anti-Cholera inoculations made. There were 530 malaria cases out of 2,508 cases at Tsuen Wan.

The Chinese Territories report shows that 1,784 cases were attended to at Shum Chun and Nam Tso. Of these, 958 were seen by the doctor.

The Nam Tso, Shum Chun and Ping Wu Hospitals are now temporarily suspended, as all the places were evacuated hurriedly, and all material abandoned.

## Army of 32 Divisions Now Believed To Have Arrived on Continent

# BRITISH EXPEDITIONARY FORCE CROSSES CHANNEL TO FRANCE

Special To The "Telegraph"

LONDON, SEPT. 12 (UP).—BRITISH "TOMMIES" WILL SHORTLY BE IN ACTION ON THE WESTERN FRONT.

It has now been revealed in a communique issued by the Ministry of Information that a British Expeditionary Force has arrived on the Continent.

**NOT ONE LIFE LOST**

Despite pre-war German boasts that U-Boats and Goering's warplanes would blast British transports off the sea if they attempted to cross the Channel, it is revealed that not one life was lost during the time taken in transporting the Expeditionary Force to France.

**POLAND: LATEST**

### FIRST GREAT BATTLE OF WAR

Poles Dig In For Decisive Stand

SPECIAL TO THE "TELEGRAPH"

BERLIN, Sept. 11 (UP).—The German High Command reports that the first great battle of the war is reaching a "decisive" stage near Warsaw.

The stabilised front line is now radiating in sectors over a 250-mile semi-circular line through the heart of Poland, from the East Prussian frontier north-east of Warsaw to the Carpathian Mountains in the south-east.

The Polish forces defending Warsaw, the fighting in the sector between the Vistula and Bug rivers, and the Polish lines near Radom form the centre points of the most intensive fighting.

An official German communique claims that a number of Polish soldiers "too great to count," and huge war stores have been captured, while to the south of the Vistula (at Kutno) the trapped Poles "continue to try and escape."

It further claims that the capture of Poznan is expected at any moment.

The East Prussian Third Reserve Class participated in the crossing of the Narew River at Wlczyn and has occupied Lomza, according to the Nazi claim.

**New Defences Ready**

SPECIAL TO THE "TELEGRAPH"

PARIS, Sept. 11 (UP).—The Polish and German Armies are re-organizing in new positions in preparation for the second phase of the gigantic struggle on the Polish plains, according to the semi-official "Le Temps."

The Polish forces have broken contact with the enemy inside the great Vistula semi-circle, retiring to the westward to reorganise around the bridgeheads and behind the River south of Warsaw.

Warsaw is the most important bridgehead, with the major portion of the city situated on the left bank of the River.

**Nazi Torch Fires Poland**

HELSINKI, Sept. 11 (Reuter).—According to a Latvian journalist who has arrived in Riga, the entire route from Poland is marked by burning towns and villages and fleeing masses.

Dense clouds of smoke indicated the sites of towns and villages now in ashes while the town of Wlaskov is a smoking furnace.

The destruction caused by German incendiary bombs is terrible.

PLEASE Turn To Page 6.

In addition to the Expeditionary Force, the Royal Air Force has now established itself on French soil.

The entire operation of transferring soldiers and planes across the Channel has been carried out like clockwork, and has already been completed, despite the fact that it is just over a week since the war started.

**1914 CONTRAST**

This is in contrast to twenty-five years ago, at the outbreak of the Great War. Britain declared war on Germany on August 4, 1914, but it required thirteen days before even a trickle of men, totalling not more than six divisions, were able to cross the Channel.

As the Premier revealed in the House of Commons before the outbreak of the present war, the troops have been kept at war stations for some time, ready to move abroad immediately war began.

**32 DIVISIONS?**

No details regarding the number of men involved in the Expeditionary Force already sent to France has been issued. It will be recalled, however, that the Minister for War, Mr. Leslie Hore-Belisha, announced in the spring that he planned to create an Expeditionary Force of 32 divisions immediately war broke out.

**"Important Gains"**

SPECIAL TO THE "TELEGRAPH"

PARIS, Sept. 11 (UP).—French infantry, led by masses of tanks, are reported to have driven further into the bulging German positions in the Saar.

Gains of from two to four miles are reported as a result of the latest operations.

Despite intense Nazi artillery fire from the Siegfried fortifications, which are now being brought into full operation, the French troops stormed with machine-gun, hand grenade and bayonet into two important Saar towns in the Siegfried line.

Communiqué No. 12, issued early this morning, states: "Important progress has been made along a front extending about 12½ miles east of the Saar River, in the northern crotch of the Western Front."

It is authoritatively stated, in elaboration of this communique, that a large force of French infantrymen succeeded in crossing No Man's Land in front of the Siegfried Line.

**Entering Conflict Stage**

LONDON, Sept. 12 (Reuter).—An official French war communique issued last night seems to confirm unofficial opinion in Paris.

This opinion is summed up by the "Journal des Debats" which considers that the situation is now leaving the preliminary stage of contact and is entering a phase of conflict.

**German Offensive**

LONDON, Sept. 12 (Reuter).—Saturday's German offensive near Luxembourg, it is thought, was carried out in an attempt to avoid being driven back into the main section of the Siegfried Line.

The Germans want to hold on to their outposts as they also comprise excellent artillery posts.

Berlin says that a major battle for Warsaw was to take place during the night.

It is now reported that Poznan is still in Polish hands.

### NAZI AIR ACTIVITY

Bombers Operate Over Wide Area

SPECIAL TO THE "TELEGRAPH"

BUCHAREST, Sept. 11 (UP).—Reports reaching here state that German aircraft are covering the Polish Ukraine as far as the Rumanian and Hungarian frontiers.

So far there have been no bombings.

The German planes are apparently carrying out reconnaissance flights, taking photographs and, incidentally, noting whether the Balkan States are allowing trains to reach Poland, the Reich considers this to be a violation of neutrality.

**Air Attacks Diminish**

SPECIAL TO THE "TELEGRAPH"

BUDAPEST, Sept. 11 (UP).—Warsaw-Radio claims that although the air attacks have diminished, civilians are being machine-gunned as they flee in the streets of the Capital. Two Nazi planes have been brought down.

The Burgomaster at Starzinski, in a broadcast accuses the Germans of bombing General Pilsudski's chateau, destroying the room where Pilsudski formulated the plans for the Polish anti-Bolshevik campaign.

**Goering Joins Air-Force**

SPECIAL TO THE "TELEGRAPH"

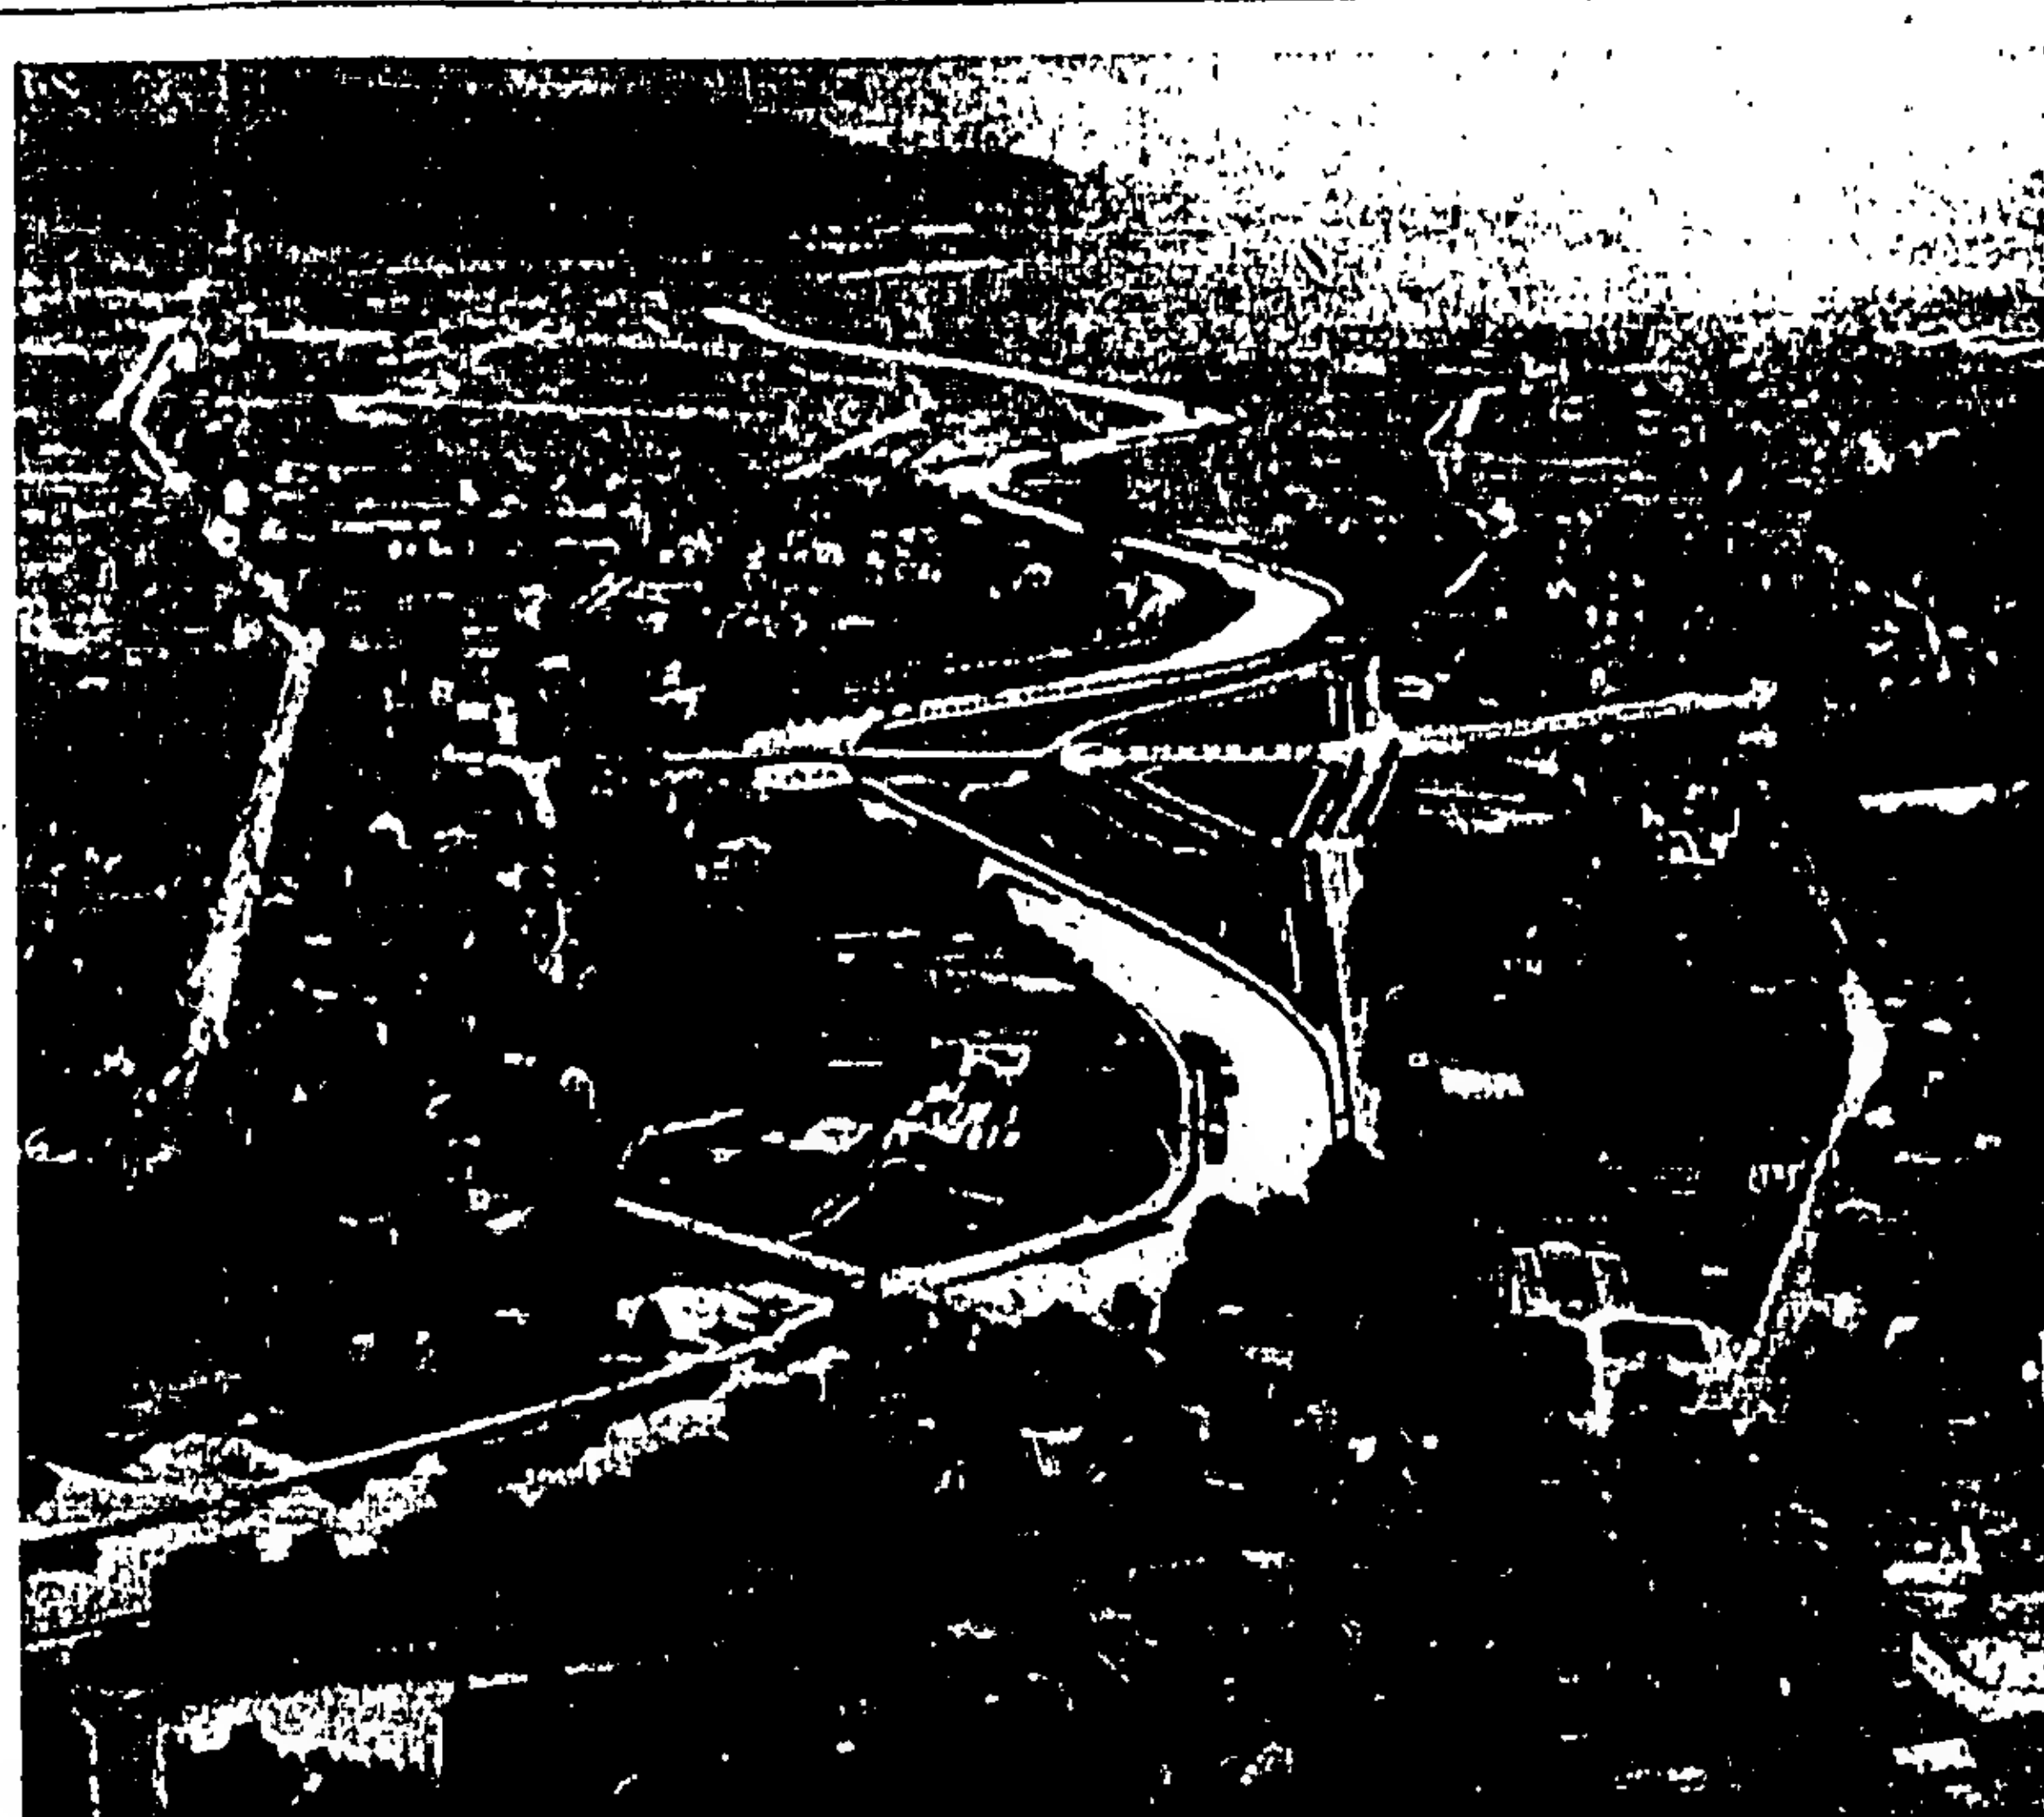

BERLIN, Sept. 11 (UP).—It is announced that General Goering flew to the Polish front yesterday to join the air force.

The D.N.B., correspondent at Hitler's headquarters states: "The Fuehrer again visited the front lines by plane. He viewed the midday operations in the area between Lodz and Warsaw where the cut-off Polish troops are trying desperately to break through to the eastward. The commandant at the base where he landed reported to the Fuehrer that 24 planes were shot down Sunday and that many Polish airfields far to the eastwards had been destroyed."

**Hitler Leaving**

LONDON, Sept. 12 (Reuter).—It is reported by radio from Berlin that Field-Marshal Goering is proceeding to the Eastern Front to take over command as chief of the German air force.

Other reports indicate that Herr Hitler may be returning shortly from Poland, where he has been following in the wake of troops driving on Warsaw, and that he may visit the Siegfried Line.

SAARBRÜCKEN FROM THE AIR.—Part of the picturesque residential quarter of the capital of Saar Province, now said to be surrounded by the French. The River Saar, which the French have crossed at some points, winds through the city. The aerodrome, which has been bombed by French artillery, is shown in the background.

### Nazi Submarines in the Pacific?

## U-Boat Toll Mounts As More Ships Sunk

SPECIAL TO THE "TELEGRAPH"

NEW YORK, Sept. 11 (UP).—A general survey of shipping lists shows that 21 ships have been sunk by torpedoes, shells and mines in the first nine days of war.

The survey discloses that 14 ships were British, four German, two Dutch and one Greek. At least 145 persons are either killed or missing, most of them being passengers of the ill-fated Athenia.

**U-BOATS IN PACIFIC?**

SPECIAL TO THE "TELEGRAPH"

OTTAWA, Sept. 11 (UP).—The Canadian Prime Minister, Mr. William Mackenzie-King, has warned the House of Commons that enemy submarines are known to be in both the Atlantic and Pacific Oceans.

He urged that Canada be placed on a war footing as expeditiously as possible.

"Men are dying by hundreds of thousands on the battlefields of Europe," he said. "Where enemy warplanes may be a few days hence, or to-night, none of us knows."

**American Ship Stopped**

SPECIAL TO THE "TELEGRAPH"

MOBILE, ALABAMA, Sept. 11 (UP).—A German submarine halted the 5,400-ton American freighter Waco off the Irish Coast last Saturday, and detained her for three hours, according to a report received by the Company's office here.

The Captain of the freighter which is engaged in the trans-Atlantic freight service, said that the submarine captain boarded his ship in a search for contraband. He also examined the Waco's papers.

The Waco, which was bound for New York and was carrying 30 refugees passengers, and a crew of 30, was allowed to proceed.

The commander of the submarine said he had orders to fire on any vessels refusing to halt for a search.

**British Crew Rescued**

SPECIAL TO THE "TELEGRAPH"

NEW YORK, Sept. 11 (UP).—The United States Line to-day reported

### NEWS FLASHES

No Flowers, By Request!

Bouquets May Be Bricks

LONDON, Sept. 11 (Reuter).

A message from the Fuehrer's headquarters says that flowers must not be thrown at Herr Hitler during his visits to the Front.

All flowers must be handed to members of his personal bodyguard.

**LONDON, Sept. 11 (Reuter).**

President Roosevelt has returned to Washington from his summer residence.

It is understood that he will call a special session of Congress within the next few weeks to discuss revision of the Neutrality Act.

**LONDON, Sept. 11 (Reuter).**

Her Majesty the Queen yesterday visited the headquarters of the Young Women's Christian Association and learned first hand how emergency work throughout the country is being conducted.

She inspected emergency bedroom accommodation and air raid shelters.

**MEXICO CITY, Sept. 11 (Reuter).**

The crew of the Greek steamer Stathatos have handed an ultimatum to the captain, stating that they renounce the ship and its cargo, and demanding that they be allowed to leave the ship.

They were willing to take the oil to Greece, but not to Japan.

**LONDON, Sept. 11 (Reuter).**

The Stock Exchange to-day was generally bright, with copper and some industrial shares showing useful gains.

Among commodities, cotton was active with prices sharply higher, although late dealings saw a slight reaction on freer offerings.

Rubber was firmer and there was a good general demand.

Wall Street was irregular.

### RADIO GIVES WAR DRAMA

Amazing Courage Of Announcers

LISTENERS HEAR NAZI RAIDERS

SPECIAL TO "TELEGRAPH"

LONDON, Sept. 12 (UP).—Listeners to the broadcasts from the short wave station at Warsaw are hearing one of the most dramatic radio broadcasts in history.

Sound effects are being provided by German artillery and bombs.

The broadcast from the short wave station last night was one of the most exciting and sensational ever made.

Announcements in Polish, French and English dramatised the violent battle raging within sight of the station.

"A violent battle is raging around us," one of the announcers cried. "He added that the staff would remain at their posts until the last moment, and that the station would continue operation until its power was cut off."

**Detonations Audible**

Heavy detonations, accompanied by the rattle of machine-guns, were clearly audible to listeners throughout Europe and overseas.

"We can see the German soldiers from our window," the announcer said excitedly amidst the din.

"Our troops are holding their ground."

### LATEST

### REFUGEES GO HOME

By Government assistance more than 2,000 refugees from Kam Tin camp returned to their homes across the border to Canton during the week ending September 9.

The Medical Department's report for the week ending September 9, states that the number of refugees in the camp has decreased from 4,024 to 1,838. The number has also decreased in other camps in rural areas, San Uk Ling and Gills Cutting.

Every encouragement was being given refugees to return to their homes across the border and in neighbouring parts of China, Dr. P. S. Selwyn-Clarke, Director of Medical Services told a representative of the "Telegraph" to-day.

During the week under review, the total number of refugees in both urban and rural area camps has decreased from 9,829 to 7,363.

One contingent from the Kam Tin camp was escorted to the frontier and the members were given assistance to enable them to reach their villages, the majority being from Kongmoon district. Another party of several hundred were taken in motor lorries to Canton, where they embarked in junks and later in a steamer for Macao.

The number of refugees and destitutes accommodated in urban area camps has not decreased appreciably. It is expected that the number of refugees in rural area camps will rise with the approaching winter, when many will no longer be able to sleep in the streets.

# 10 h.p. motoring at its best

The highly successful Vauxhall Ten is now in its second year. A policy of consistent improvement has been followed, with the result that over 25,000 have been sold.

40 M.P.G. You cannot buy cheaper real motoring. This Ten is by no means a small car. Yet it has baby car running costs (over 40 m.p.g. with normal driving). It is lively; roomy; smart; comfortable; safe. It offers the riding comfort of the special Vauxhall system of independent suspension. If you are used to ordinary motoring, why not ring us to-day? We'll gladly let you drive a Ten, without obligation.

## Ersatz Tobacco

TOBACCO by any other name may smell as sweet, but it is strange that for all the botanical wealth of the world, few if any satisfactory substitutes for the fragrant weed have thus far been produced.

This assuredly cannot be for lack of trying. The present price of tobacco should in itself serve as sufficient spur to the ingenious. But now the Nazis step in where others feared to tread, or trod very gingerly. A whole herbal museum is to be let loose on the smoking section of the German public.

Adulteration is to be compulsory, but so wide is the range of choice that unlimited combinations of ingredients should be possible. Who knows, necessity may drive Germans to make great discoveries in the realm of smoke? Other substitutes introduced under the four-years scheme have, we are told, proved better than the real thing, and it may now be the turn of Frau Nikotin to undergo a long-delayed loss of prestige.

Among the substitutes specified in the official list are lavender, thyme, cherry leaves, clover, dried nettles, mint, coltsfoot, woodruff, buckthorn, lemon peel, rose leaves, vanilla root, and violet root. Altogether there should be something to suit all tastes, and in any case there are few tastes that cannot be cultivated.

Smokers throughout the world have hitherto been strangely conservative. Perhaps it is the might of the tobacco trusts that has prevented tobacco substitutes from coming to the front. But even the most deep-seated of vested interests must quake when the Fuehrer speaks—and the Fuehrer himself, be it noted, smokes little if at all.

One does not doubt that the supreme discipline of the German people will rise to this as to the many other demands made upon their adaptability. Strange odours may arise, and strange tastes be produced in the mouth, but with every suffering-whiff they will be able to reflect that they have dealt one more blow at encirclement.

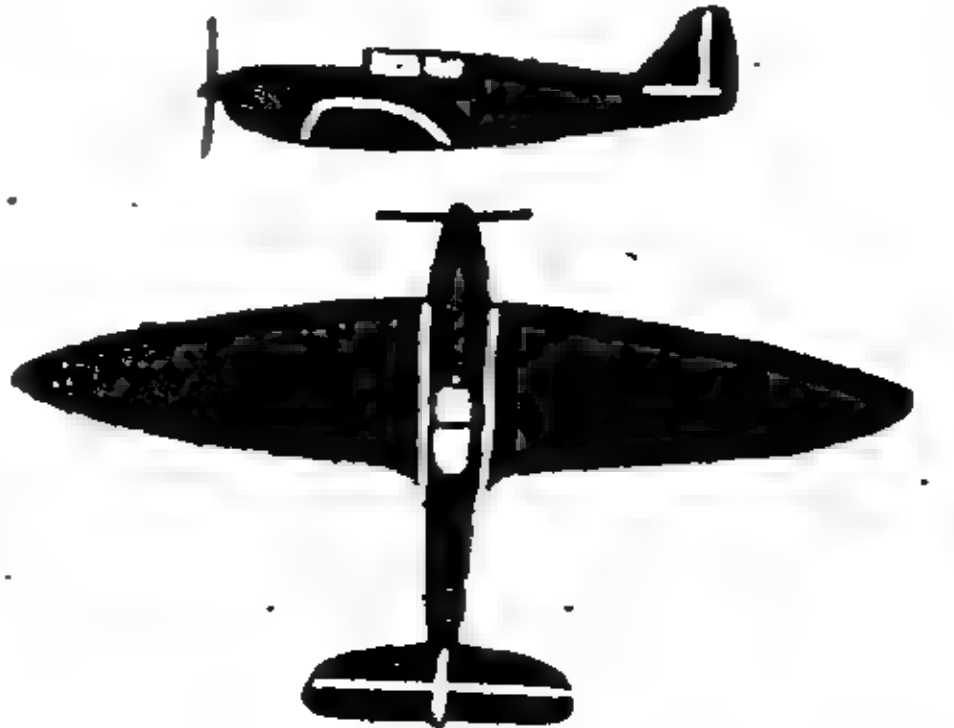

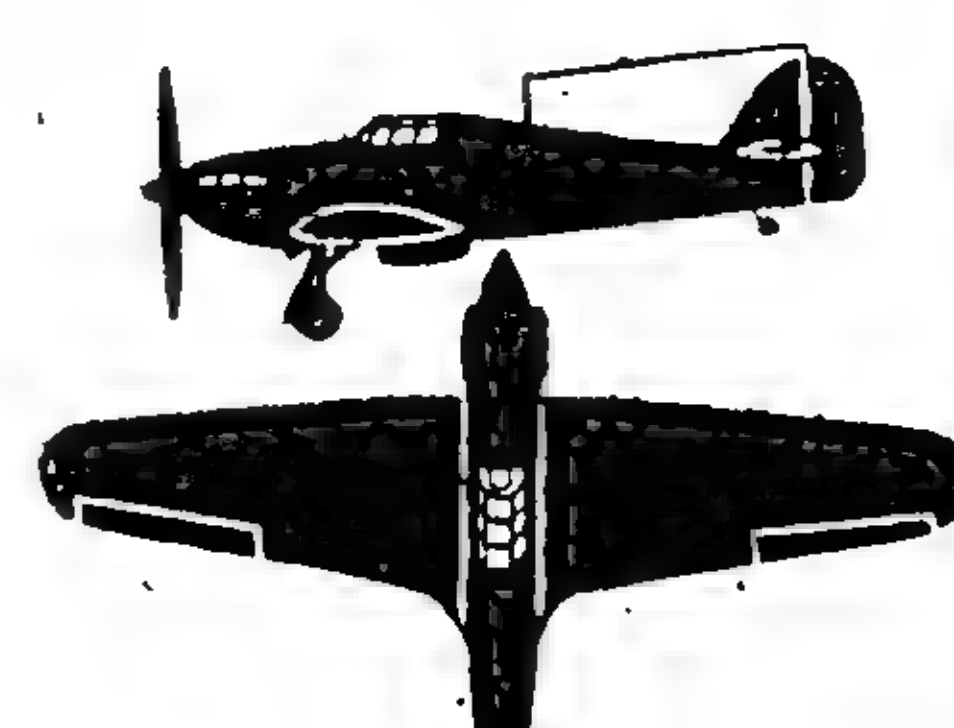

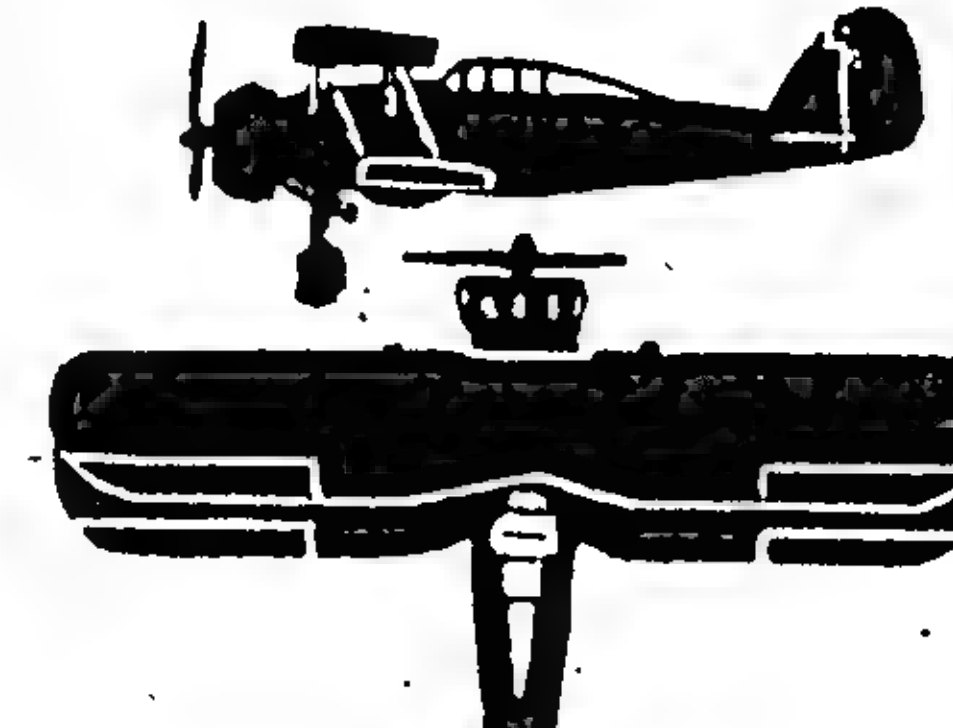

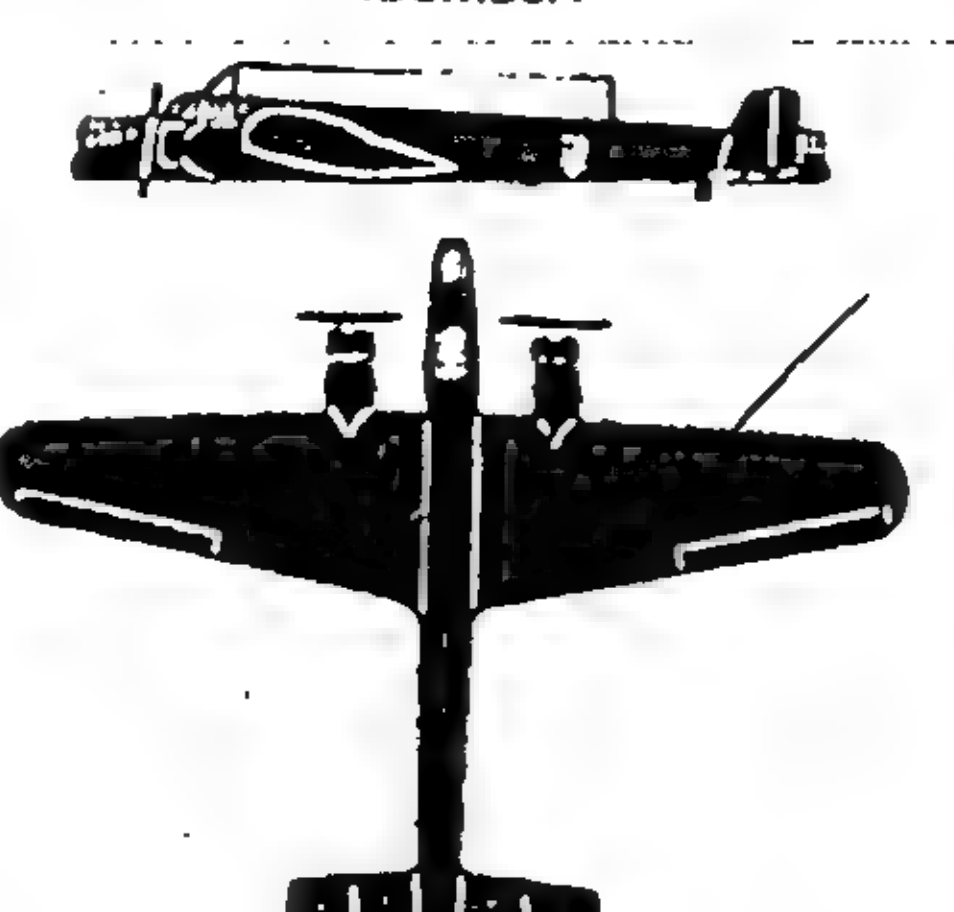

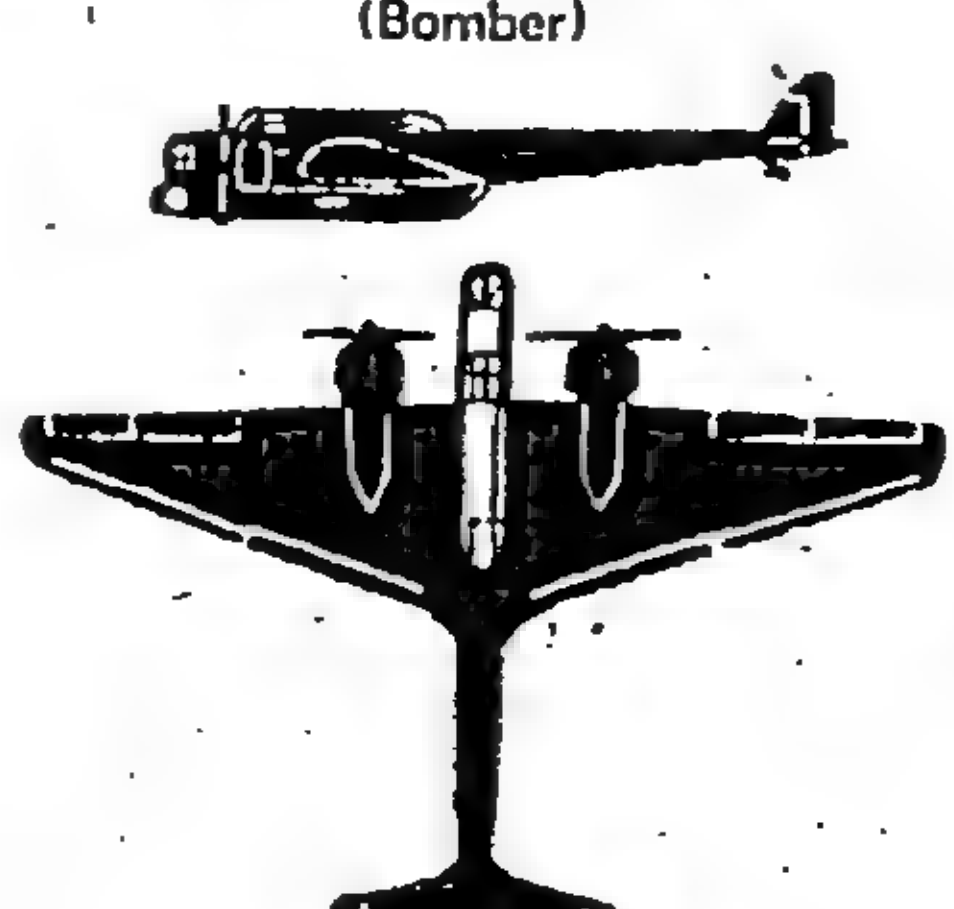

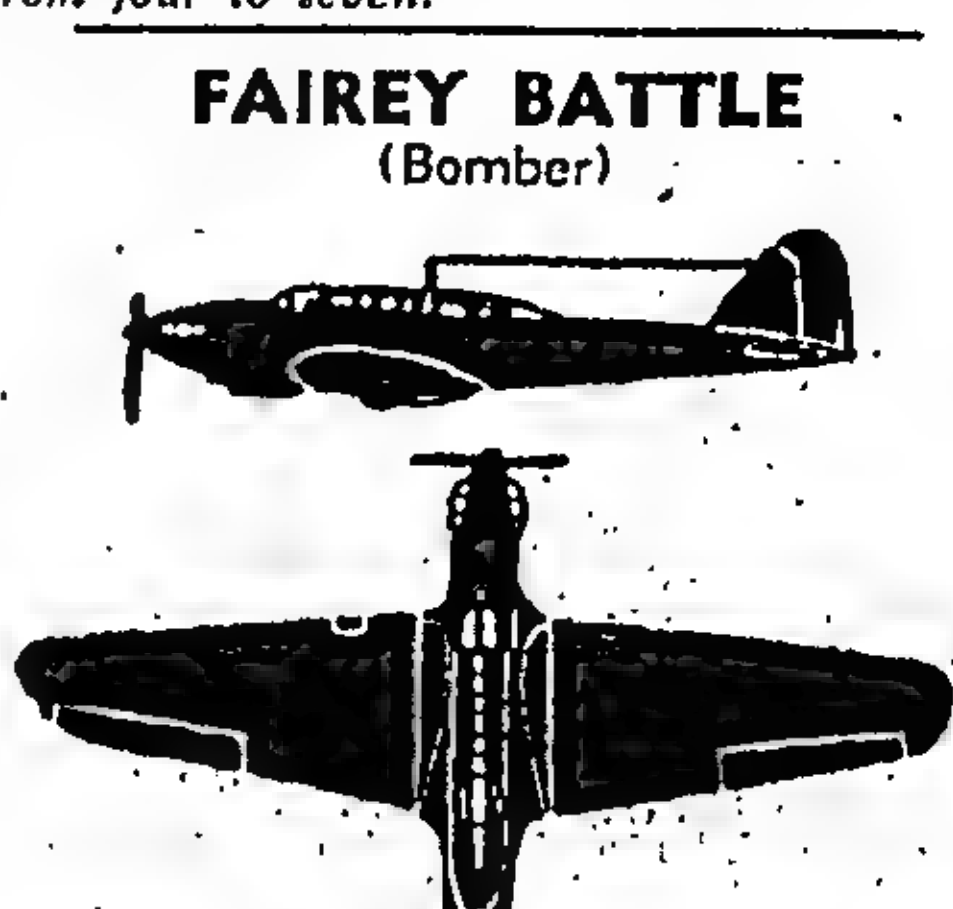

# EMPIRE DEFENDERS

BRITAIN'S defences are the strongest in the world. On the sea and in the air, her power is such that she cannot be invaded. This page is dedicated to-day to two of the Services upon which the task devolves of defending an Empire.

The remarkable photograph below was taken in Weymouth Bay a month before the outbreak of War, when the whole of the Reserve Fleet of 133 ships, including battleships, aircraft-carriers, cruisers, submarines and destroyers, were reviewed by H.M. the King. Only part of the fleet is shown here.

Below, we publish in outline the aircraft of the Royal Air Force — the types of machines Britain is turning out in such mass production that already she had attained an overwhelming supremacy in the air.

<p><b>VICKERS SPITFIRE</b> (Fighter)</p>  <p>Claimed to be the fastest standard single-seat fighter in the world, the Spitfire has achieved a top speed in level flight of 387 m.p.h. It is distinguished from the Hawker Hurricane fighter by its elliptical shaped wings. Tapered into the nose is a Rolls-Royce Merlin 1,000 h.p. engine. From a button on the control column the pilot operates eight guns, mounted four in each wing. Test flying these machines, Flying Officer Geoffrey Quill consistently does them at over 500 m.p.h.</p>	<p><b>HAWKER HURRICANE</b> (Fighter)</p>  <p>The Hurricane is a brother of the Spitfire, being the only other eight-gun single-seat fighter at present in use by the R.A.F. The general layout is similar, but the wings are not so sharply tapered as those of the Spitfire and the body rather fatter. Top speed is claimed to be over 335 m.p.h. The engine is a Rolls-Royce Merlin, and eight guns are mounted in the wings. Despite its high speed, the Hurricane can perform the most startling aerobatics.</p>	<p><b>GLOSTER GLADIATOR</b> (Fighter)</p>  <p>The only surviving biplane type among the latest range of machines for the R.A.F. the Gloster Gladiator single-seat fighter is remarkable for its manoeuvrability in the air. A top speed of 225 m.p.h. at 15,000ft. is derived from a Bristol Mercury radial engine of 840 h.p. Its armament consists of four Browning guns. Developed from the earlier Gladiator, the Gladiator is easily distinguished, having no axle between the landing wheels, a cockpit covering, and only one set of inter-plane struts on either side of the fuselage.</p>
<p><b>ARMSTRONG WHITWORTH WHITLEY</b> (Bomber)</p>  <p>The Whitley is a heavy bomber for carrying large loads. It can be distinguished by the long straight fuselage and the wings with slight taper at the leading edges and sharp taper at the trailing edges. The latest version has two Rolls-Royce Merlin 1,000 h.p. engines which give a top speed of 245 m.p.h. Total range is not known. There are multi-gun turrets in the nose and tail, and one which lets down underneath the fuselage.</p>	<p><b>BRISTOL BLENHEIM</b> (Bomber)</p>  <p>These outlines show the first Blenheim type which is now being superseded by an improved model whose main visible difference is a longer nose. Both models have two Bristol Mercury engines. The first type has a maximum speed at 15,000ft. of 285 m.p.h. with a range of 1,200 miles. The later or long-nosed version has a top speed of 295 m.p.h. and a range of just under 2,000 miles. Armament consists of a Vickers gun mounted in the port wing and fired by the pilot, and a Lewis gun in the turret amidships, fired by the radio operator-gunner.</p>	<p><b>VICKERS WELLINGTON</b> (Bomber)</p>  <p>The Wellington is one of the most remarkable heavy bombers in the world. With a military load it has a maximum range of 3,200 miles. Its great weight-carrying capacity is achieved by means of a patented form of structure consisting of curved metal members each of which forms a geodetic, taking the shortest path between two points on a curved surface. The result is great strength and lightness of structure weight. With two Bristol Pegasus 880 h.p. engines, the Wellington has a top speed of 265 m.p.h. at 17,000ft. Normal cruising speed is 215 m.p.h. Crew varies from four to seven.</p>
<p><b>HANDLEY PAGE HAMPDEN</b> (Bomber)</p>  <p>The Hampden is easily recognised because of the peculiar shape of the fuselage. The fore part is deep and narrow—for which reason it was called the "flying suitcase"—and the tail assembly is carried on a narrow, tapering boom. It can carry a total load of about three tons of bombs, and the maximum range varies according to the load—carried up to 1,990 miles. Maximum speed at 15,000ft. is 265 m.p.h., and the economical cruising speed at the same height, 220 m.p.h. The engines are two Bristol Pegasus 885 h.p. radial engines.</p>	<p><b>WESTLAND LYSANDER</b> (Army Co-operation)</p>  <p>Most easily identifiable of aircraft, because of its distinctive shape, is the Lysander, designed for high-speed liaison work and Army co-operation. The wings are set high on the fuselage, with two sets of bracing struts on the fuselage, with two sets of bracing struts to the undercarriage legs. The landing wheels are covered with rather bulbous spats, which also house landing lights. Top speed is 220 m.p.h., but because of the use of slots and slatted flaps it can fly at 80 m.p.h.</p>	<p><b>FAIREY BATTLE</b> (Bomber)</p>  <p>A medium bomber monoplane, the Battle is our only single-engine machine of this type. The engine is a Rolls-Royce Merlin. Top speed at 16,000ft. is 267 m.p.h. Maximum range is approximately 1,600 miles. For reconnaissance purposes a notable feature is the long "glass-house" covering extending from the front of the pilot's cockpit to the gun mounting in the rear seat.</p>

# SPECIAL WAR MAP OF EUROPE FOR READERS OF THE "TELEGRAPH"

## Thousands Of Britons See Ship Torpedoed

LONDON, Sept. 11 (Reuter).—Thousands of British holiday-makers watched the British steamer Magdapor sink about five miles off the coast.

There was a loud explosion which even rocked buildings on the shore, and a column of water shot high into the air.

Seventy of the survivors were brought ashore in a lifeboat. Squads tended the wounded, several of whom were badly injured.

The ship's crew consisted of between 80 and 90 men. The entire crew and passenger list of the Regent Tiger were saved.

**Nazi Destroyer Sunk**  
MALMO, Sweden, Sept. 11 (Reuter).—A German ship struck a mine off Oersund yesterday and sank.

Watchers at Trelleborg heard a tremendous explosion and saw a huge column of water. According to the newspaper "Berlingske Aftenavis" the vessel was a German destroyer.

The newspaper adds that a number of the destroyer's crew were taken aboard a German trawler, and about ten of the crew are believed to have been drowned.

**King's Message**  
LONDON, Sept. 11 (Reuter).—The King's message to the British merchant navy and fishing fleets, expressing confidence in their unflinching determination to play their vital part in defence says:

"You have a long and glorious history, and I am proud to bear the title of Master of the Merchant Navy and Fishing Fleets."

"I know you will carry out your duties with resolution and fortitude and that the high and chivalrous traditions of your calling are safe in your hands."

"God keep and prosper you in your great task."

Mr. Oliver Stanley, President of the Board of Trade, replied that whatever difficulties and danger may be met by the British merchant navy and fishing fleets were firmly resolved to play their part in maintaining their operations and thus contribute to the achievement of victory.

**Netherlands Lays Mines**  
LONDON, Sept. 11 (Reuter).—Mines are being laid by the Netherlands navy between the North Sea islands and the Netherlands coast in order to help protect the country's neutrality.

**German Retaliation**  
SPECIAL TO THE "TELEGRAPH"  
BERLIN, Sept. 11 (UP).—Germany will soon draft a list of contraband, including foodstuffs, against England.

It is also announced that the German Government has drafted a "blacklist" of firms dealing with Britain.

It is claimed that these measures are designed as a direct answer to Britain's "blacklist" of firms establishing contraband lists and commercial "blacklists" against Germany.

**Blockade Tightened**  
SPECIAL TO THE "TELEGRAPH"  
LONDON, Sept. 11 (UP).—Great Britain has tightened control on the sea and has dug in for a long war.

The British and French navies are closely collaborating in the laying of heavy mine-fields in the North Sea and English Channel, closing in the blockade with which they hope to bring Germany to her knees.

The Admiralty has hastened preparations to convey all allied merchant shipping to or from allied ports and other major ports.

**"Hunger War"**  
BERLIN, Sept. 12 (Reuter).—Germany is preparing a list of contraband, according to the "Berliner Nachtausgabe," which declares that Germany is in a position to resist every form of "hunger war," and will answer it with the same weapons.

**AUSTRALIAN'S H.K. ESTATE**  
Hongkong estate valued at \$2,300 was left by the late Mr. Henry Marcus Burns, otherwise known as Harry Burns, formerly of Maryborough, Queensland.

The late Mr. Burns died at Kowloon Hospital, on December 15, 1938. An application by Mr. Charles Bond for sealing certified copy of probate of the will was granted.

## Rumania Fears Soviet Move

Emergency Plans Completed

LONDON, Sept. 11 (Reuter).—Unconfirmed reports from Bucharest state that Rumanian troops are being brought up to the Soviet frontier, and that trenches are being dug along the border.

This is considered to be the result of the increased Soviet mobilisation along the frontier.

Full arrangements have been completed for the evacuation of children from Bucharest should war break out.

**Moscow Nervousness**  
SPECIAL TO THE "TELEGRAPH"  
MOSCOW, Sept. 11 (Reuter).—The city is less excited to-day as the calling up of reserves has apparently almost ended.

The size of queues outside the banks has not, however, diminished, and the people continue to draw money to purchase food and jewellery.

According to information reaching Kaunas from Moscow, partial mobilisation is being carried out as a precautionary measure in order to deal with the Polish troops which, in retreating, might eventually reach the Soviet border.

**Latvian Precautions**  
RIGA, Sept. 12 (Reuter).—The Latvian Government is to order partial mobilisation of three military classes to-day.

**Rumanians Dig In**  
SPECIAL TO THE "TELEGRAPH"  
BUCHAREST, Sept. 11 (UP).—Rumanian troops are moving along the Russian border and, digging trenches in the Dniester area, as a result of the increases in the Soviet frontier defences.

This area was previously left without special protection, Rumanian concentrating her defences on the west and south.

**"Pravda" Explains**  
SPECIAL TO THE "TELEGRAPH"  
MOSCOW, Sept. 11 (UP).—"Pravda" states that the concentration of Soviet troops on the western frontier is to protect against and disarm the many million Polish soldiers who may attempt to retreat across the border.

## Strangled In Wanchai Home

Mother Of Three Children Killed By Robbers

Tang, who is the mother of three children, was strangled to death in her flat at 82 Jaffe Road, Wanchai, shortly before midnight.

Her mother-in-law and children were bound by a gang of robbers, who were admitted to the flat by Chik Hui, a visitor.

The robbers remained in the flat for an hour, completely ransacking it. Jewellery to the value of \$300 was taken.

When the mother-in-law succeeded in freeing herself from her bonds, she ran immediately to the police station. When police arrived on the scene Tang was found to be dead.

**British Red Cross And Order Of St. John Organisation**  
A public meeting will be held at Government House on Thursday, September 14 at 5.30 p.m. in order to form the Hongkong Branch of the above-mentioned war organization.

His Excellency the Governor will preside.

The objects of the organization are to collect funds and otherwise to provide comforts for sick and wounded men of the Fighting Services and civilians.

It is hoped that all those who are interested will attend.

Firing practice will be carried out in Customs Pass and Kau Lung Tai at approximately 8 p.m. to-day.

Locations; moreover, her allies had not yet supplied her with effective assistance.

## Neutrality Of Axis Power

Italy Swings Away From Hitlerism

SPECIAL TO THE "TELEGRAPH"  
PARIS, Sept. 11, (UP).—The French Ambassador to Rome to-day brought the French Foreign Minister the encouraging report that the chances are good for Italy remaining neutral.

Neutrality of Italy might eventually prove favourable to the Allies. The Italian Foreign Minister is reported to have returned to Rome from Salzburg, intensely angry with the German Foreign Minister, because previously Berlin had always promised Rome that they would not go to war to satisfy their demands on Danzig.

The French Ambassador to Spain has also reiterated General Franco's personal assurance that Spain intends to maintain very strict neutrality, and in particular, has pledged continuance of the Spanish good-neighbour attitude towards France.

**Diplomatic Activity**  
SPECIAL TO THE "TELEGRAPH"  
BERLIN, Sept. 11 (UP).—Reports that Signor Mussolini may address a message to the British and French through the Italian Ambassadors at London and Paris followed intensified Anglo-German diplomatic activity, in which there were frequent conferences between Ambassadors Attilio and Von Weizsaecker.

It is reported that Signor Attilio may soon visit the eastern front to confer with Hitler.

**Japan And France**  
SPECIAL TO THE "TELEGRAPH"  
PARIS, Sept. 11 (UP).—The French Foreign Minister, M. Bonnet, was in conference with the Japanese Charge D'Affaires here to-day.

**Britain And Italy**  
SPECIAL TO THE "TELEGRAPH"  
ROME, Sept. 11 (UP).—The Italian Foreign Minister, Count Ciano, was in conference with the British Ambassador to Rome to-day.

This is the third time they have held conferences since the commencement of the war. The subject of the conference has not been revealed.

**Spanish Neutrality**  
SPECIAL TO THE "TELEGRAPH"  
PARIS, Sept. 11, (UP).—It is understood that General Franco is ordering all German civilians, including mining engineers, to withdraw from the French border zone as part of his neutrality policy.

KNITTED SPORTS SHIRTS

Light weight cotton, interlock knitted—the secret of their airiness, elasticity and comfort. Half sleeves, short front opening, attached collar—a tie is just a matter of taste.

# Unsuccessful Drive Against Maginot Line SIEGFRIED LINE BOMBARDED BY ALLIED GUNS: NEW GAINS

Special To The "Telegraph"

PARIS, SEPT. 11 (UP)—OFFICIAL FRENCH WAR COMMUNIQUE NO. 16 STATES: "DESPITE ENEMY RESISTANCE OUR ATTACK TO-DAY CONTINUED TO MAKE PROGRESS OVER A FRONT OF ABOUT 12 MILES EAST OF THE SAAR."

## POSITION CLARIFIED

THE POSITION on the Western Front is now becoming somewhat more clarified.

France is attempting to drive a wedge into the Siegfried Line between Saarbrücken, capital of Saar Province, and Zweibrücken.

In an attempt to relieve pressure in this area, the Nazi Army has launched strong, but so far unsuccessful, counter-attacks further north-west, with the Maginot Line facing Metz and Sarrelouis as their objective.

## ATTACK ON FORTS

Saarbrücken, which covers the first line of the Siegfried fortifications, is menaced by the French drive and, according to some reports, is already surrounded and behind the French front lines, which are now stretching roughly east to west from the Saar River at Ensdorf to a point near Zweibrücken.

The French forces are stated to have penetrated eight miles into German territory east of Saarbrücken and north of Sarreguemines.

## ATTACKS ON FORTS

French artillery fire is now concentrated on Zweibrücken, an important railway junction, on Friedland (both on the Blies River) and on Tonnange. These three centres are important pivots in the Siegfried Line which, despite the terrific French pounding, has not yet cracked.

All the German terrain east of the French town of Forbach is in Allied hands.

The German counter-offensive, which is directed from Metz (on the Saar River) is directed along the area bounded by the Luxembourg frontier.

## Substantial Progress

PARIS, Sept. 11 (Reuters).—Observers here interpret yesterday's German offensive movement near Sierck, close to the Luxembourg frontier, as a struggle to avoid being driven into the shelter of the concrete emplacements on the main Siegfried Line.

The impression is gathered that the Germans are determined to hold as long as possible to the advantages offered by the outposts of the line which include valuable artillery and observation posts.

It is presumed that the German general staff are aware that they will soon have to cope with a real push, and are seeking by counter-attacks to delay the time when their forces must take quarters in the permanent fortifications.

## Substantial Progress

PARIS, Sept. 11 (Reuters).—A communique states that despite the resistance of the enemy, our attacks are making substantial progress on a front about 12 miles east of the Saar.

## Aerodrome Bombed

LONDON, Sept. 11 (Reuters).—German reports admit that the French have bombed the evacuated aerodrome at Saarbrücken.

## Zweibrücken Falls

PARIS, Sept. 12 (Reuters).—The capture of Zweibrücken, an important German railway junction some 14 miles to the east of Saarbrücken, is claimed in French press despatches from the Western Front.

This seems to be partially confirmed by the official communique which states that substantial progress was made in a sustained attack on a 12-mile front to the east of Saarbrücken.

According to reports, the attack followed heavy artillery bombardment of the whole area, and was led

## "WRENS" ON JOB ONCE MORE

### Famous Organisation Of 1918 Revived

LONDON, Sept. 11 (Reuters).—A total of 1,140 officers and ratings of the Women's Royal Naval Service are now employed in various parts of the country. Several thousands of Royal Naval ratings will be replaced by women who will relieve them of jobs women can perform.

Several thousands more of the "Wrens" (as they are called) are in training.

by a large number of tanks which advanced rapidly under cover of the artillery fire.

The French claim to have penetrated the German defences to an average depth of two miles.

The fighting is rapidly becoming extended in scope and severity and appears now to have left the preliminary stage of contact and is entering on a phase of conflict.

German endeavours to raise French pressure on the Saarbrücken sector by an offensive near the Luxembourg border have been driven back. Heavy fighting is predicted in the next few days. Fresh German troops are pouring into the lines.

They appear to be determined to hold the posts as long as possible.

## French Warfare

SPECIAL TO THE "TELEGRAPH".—PARIS, Sept. 12 (UP).—It is said that the French forces are now engaging in trench warfare on the western front.

The "Paris-Sol" believes that the French tactics give Germany no respite. "The concentration of our Armies is completed," it says.

## Anti-British Propaganda

### Japanese Inspired Move In Peiping

PEIPING, Sept. 12 (Reuters).—Britons in Peiping woke this morning to find banners hung in the streets declaring in English: "Ireland is no longer a slave of Britain" and "Let Ireland be re-presented in China. To Hell with British passports."

Unfortunately for the organisers of this effort a few early risers saw uniformed Chinese police of the Japanese-sponsored Government hanging up the banners.

There seems to be no doubt that it was an effort by the Japanese-sponsored Chinese, but the object is puzzling.

## Mines Evacuated

### SPECIAL TO THE "TELEGRAPH"

PEIPING, Sept. 11 (UP).—Anti-British demonstrations in North China are increasing.

The last remaining Britons have evacuated from the Chiaotso mines in Honan, where they were subjected to boycotts and intimidation. The mines have been left entirely in Japanese hands.

Members of the anti-British Society accompanied the Britons to Peiping by train. "Entertainers" staged anti-British demonstrations while en route.

The mines are financed largely by British, French and Belgian interests.

## LA SALLE INTERNEES Appeals for Release Under Consideration

A committee of three is considering separately the cases of the men of German nationality interned at La Salle College and recommendations for the release of a number of them will probably be made to the Government by this afternoon. From 10 to 15 internees are likely to be in the first batch of recommendations.

Consideration is being first given to those internees whose British employers in the Colony have written to the Commissioner of Police vouching for them and signifying readiness to re-employ them. Statements have, however, been taken from all the internees and every case will be considered.

Even where the necessary assurances are accepted and the police are completely satisfied internees recommended for release can scarcely hope for freedom before the end of the week, as it is intended to give each case the most careful consideration. Certain restrictions will naturally be applied to those released.

Herr A. Golewsky, Chancellor of the German Consulate, has recently been in contact with internees and their families, following receipt of a letter from the military authorities. This letter makes it clear that the authorities will not accept responsibility for the welfare of the wives and families of internees and points out that several internees may soon be released.

In addition to the release of those, mainly Austrian Jews employed by British companies and duly vouched for, it is also intended to release Germans, provided they are not military officers, conditionally on their leaving the Colony. It is expected that several of those in La Salle will take the opportunity and go to Shanghai, Japan or Manila, if permitted to land there.

## STOCK MARKET REPORT

An Indian named Bob Steele is the Bing Crosby of tribes in this district. Besides being able to sing Indian love songs, he is especially good at war songs, and performs at virtually every celebration.

## Conscription Tribunal Barrister Included By Mistake

MR. GEORGE SHE, barrister-at-law, was one of the two "conscripts" who appeared before the Appeal Tribunal at the Supreme Court this morning against being assigned to compulsory service.

The Tribunal comprised the Chief Justice, Sir Atholl MacGregor (Chairman), Hon. Mr. S. H. Dodwell and Brigadier A. B. Thomson.

Mr. She said his ground for the appeal was that he was a Chinese. He had registered himself under the British registration by mistake; what he should have done was to enter his name in the Chinese register.

When he received the order, Mr. She added, he explained the position to Mr. Bidmead, the officer in charge, but was told that he had better attend.

Remarking that he had known Mr. She ever since he came to the Colony, the Chairman allowed the appeal and directed that Mr. She be exempted.

## Not Permanent Resident

That he was not a permanent resident of Hongkong was the ground put forward by Mr. E. H. Baker, who added that he only came here from Canton last October on account of the trouble there. He had been in China for the last 18 years and intended to return to Canton, where he was in business, as soon as conditions improved.

Brigadier Thomson: Where would you stay if conditions in Canton do not improve?—I would remain here.

The Chairman: I think there can be no possible hardship for you if you continue your assignment with the intimation that when conditions changed you have to go back to Canton. Then you can make another application.

Mr. Baker: But I was told that once I join I would not be allowed to leave.

Brigadier Thomson: Arrangements have been made whereby for business reasons you can leave the service.

Mr. Baker: In that case I have no objection.  
The appeal was thereupon dismissed.

## SENT UP FOR TRIAL Four Men Charged With Murder of Friend

The case in which Wong Yin, 22, unemployed boiler-maker, Tang Loi, 25, unemployed blacksmith, Chan Lam, 19, unemployed painter, and Wong Kee-shan, 23, master of the Wong Lam Kee grocery store, were charged with the murder of Li So, 30, ship's caulker, in Main Street on July 22, concluded at the Central Magistracy yesterday, when Mr. Forrest committed the defendants for trial at the October Sessions.

Mr. Whyatt intimated that application will be made to have defendants tried in the September Sessions.

Mr. Whyatt, Crown Counsel, assisted by Inspector Whant prosecuted, and Mr. F. H. Loseby represented Wong Kee-shan, fourth defendant.

The prosecution alleged that Li So was set upon by defendants and there was apparently no motive for the crime. Deceased was taken to the Queen Mary Hospital and a post mortem revealed a cut in the scalp and a deep stab wound, four inches long, below and parallel to the last rib. This wound had penetrated the kidney, cause of death was haemorrhage.

Several witnesses had identified defendants, who were arrested asleep on a junk.

Chan Lam stated that he was asked to purchase some heroin pills by Wong Yin and then invited to smoke with him, which he did. No mention was made to him of any attack and when he was arrested he did not know why.

Fourth defendant reserved his evidence for the Sessions.
